Correction notes on findings for this report:
- This report shows the correct percentage for Republican support of Local Police (79%). The unfavorable percentage was 6%.

Methodology

The Dallas Morning News/UT-Tyler Poll is a statewide random sample of 1,188 registered voters conducted between February 8-15. The mixed-mode sample includes 276 registered voters surveyed over the phone by the University of Texas at Tyler with support from ReconMR and 912 registered voters randomly selected from Dynata's panel of online respondents. The margin of error for a sample of ### registered voters in Texas is +/- 2.8 percentage points, and the more conservative margin of sampling error that includes design effects from this poll is +/- 3.1 percentage points for a 95% confidence interval.

The online and phone surveys were conducted in English and Spanish. Using information from the 2020 Current Population Survey and Office of the Texas Secretary of State. The sample's gender, age, race/ethnicity, education, metropolitan density and vote choice were matched to the population of registered voters in Texas.

Visit http://www.uttyler.edu/politicalscience/pollingcenter for more information about our current and previous studies.
