- McGraw-Hill Connect Plus access: Please logon to McGraw-Hill Connect at <https://connect.mheducation.com/class/h-shin-fall-2021-sec-60>
- Students are responsible for StockTrak -- a virtual trading program—subscription. Specific details about StockTrak project will be announced in the second week of the semester. StockTrak participation is required for this course, and this is an individual assignment. You may register for the STOCK TRAK at no cost on <https://uttyler.stocktrak.com>. The University has site license.
- Students also must have Internet access, basic computer, Web camera, and e-mail skills. I strongly recommend you to logon to Canvas and McGraw-Hill Connect Plus **EVERY DAY** and check for new announcements.

**METHODS OF COURSE INSTRUCTION**

- Course is entirely Web based featuring a self-study design with constant interaction (on the Web) with the instructor and other participants. The course is designed to provide timely information and to enable students to post and review course work on the web (especially with the Connect). Each student works closely with the instructor, communicating via the Communication Center section of Canvas.
- I encourage you to communicate with each other about anything pertaining to the class through Discussion Board. Please be sure to use proper etiquette, including communicating with proper language!
- You will need to have access to a computer, the Internet, Web camera, and email. If you do not have access to a computer at your home or office, you can use a computer in computer lab on each individual campus (Tyler, Longview, and Palestine).

To achieve the goal of course, students will be required to:

1. Visit class Canvas and McGraw-Hill Connect Plus regularly and frequently.
2. Don't miss any assignments (tests).
3. Participate in class activities and share insights with classmates through Discussion Board.
4. Be regular with your trades in Stocktrak.
5. Use technology tools.

**TIPS FOR ON-LINE LEARNING:**

- **Please, do not procrastinate!** Remember that I'm scheduled to cover full-semester load of materials. The number one cause of failure for students in a self paced course such as Internet courses is putting off your work until later in the term.
- Do not be surprised if you run into problems. Online courses are still relatively new, and we will have to work things out as we go along.
- Be patient. If you have trouble accessing class materials, notify me immediately and then wait and try again a little later.
- Ask for help. Stay in regular contact with your classmates and me by using the Discussion board. Talk to and work cooperatively with your fellow students to extend and enhance your learning.

Some of quizzes questions are quite easy.

To ease the digestion of heavy load of materials at one time in examination I give homework assignments at frequent and regular. The homework assignments will be designed to encourage the students to keep up with the materials on an on-going basis.

**All homework assignments are given through Connect Plus™ homework system. Assignment due dates will be visible when you log into your Connect Plus™ account.** The homework assignments include the end of chapter problems, spreadsheet, and news discussion/cases on McGraw-Hill Connect Plus.

Total points for each examination and the final will be able to be viewed on-line through Canvas. The format of exams on Canvas can be combination of multiple choices, short essays, and quantitative problems, but most likely to be multiple choices since workout types of questions can be asked through Connect Plus™ homework system. Every student is expected to take exams during the announced times. Exceptions are made only under very special circumstances (e.g., serious illness) and with the **instructor's prior permission**. Written evidence of special circumstances is expected. There are **no make-up exams or assignments**.

## ProctorU

ProctorU, an online proctoring service, allows you to take proctored exams online from anywhere using a webcam and a high speed internet connection. Students must take their exams through ProctorU up to two tests/examinations offered. Exam proctoring will be at no cost to the student provided that the exam is scheduled in a timely manner per the course instructions. **Students may be billed for cancelling or rescheduling an exam per the provider's fee schedule.**

## How To Take A Test through ProctorU Auto

Follow the steps below to set up your ProctorU account and install the browser extension:

1. **Set up your ProctorU account.** Creating a ProctorU account is easy. Simply select ProctorU in the course menu to start the process. Write down your Username and Password! If you already have an account, you will need to login with your account credentials.
2. **Install the ProctorU Browser Extension for Chrome or Firefox.** Chrome is the recommended browser to use with ProctorU.
  - o [Click here for the Chrome ProctorU](#)
  - o [Click here for the Firefox ProctorU](#)
3. Prior to your first test proctoring session, [Test Your Equipment](#)
4. The day and time of the exam, log on to your ProctorU account with your Username and Password. Click on the link to your exam.
  - Be sure you are in a well-lit, quiet and private room. The lighting of your room must be daylight quality, and overhead lighting is preferred. If overhead lighting is not possible, please make sure that your light source is not directly behind you because it will make it difficult for your proctor to see you.
  - Make sure to close out all programs, applications, and websites that do not pertain to the exam.
5. Before you begin the exam proctoring session, the exam proctor(s) will authenticate your identity. Be prepared with two forms of government issue photo ID. You will also be asked identifier questions.

### **EVALUATION:**

The primary method of instruction in this course is lecture. Your class grade will be determined by a weighted average of two mid-term examinations, the final examination, and assignments including pop-up quizzes. It is possible that a student who sustains "A" up to the third exam may end up with "B" or "C" in final letter grade after the final and the project (StockTrak) graded. You **must** allocate extra study hours for the final to achieve the letter grade of your goal. I'll not take any blame for downgraded letter grade if the poor performance is caused by the spoiled final and (or) quizzes.

Exam 1	100
Exam 2	100
Final	160
StockTrak	60
Homework Assignments	180
<b>Total</b>	<b>600</b>

The approximate grading scale is:

A	90% or above
B	80% or above
C	70% or above
D	60% or above

F	Below 60%
---	-----------

I do not normally curve grades at the end of the course; instead, I monitor the class progress and give pre-curve in form of bonus points (i.e., more points to quizzes and HW assignments). Thus, you have to earn 540 (480) or higher to get "A" ("B") for the course.

#### **COLLEGE OF BUSINESS STATEMENT OF ETHICS:**

The ethical problems facing local, national and global business communities are an ever-increasing challenge. It is essential the College of Business and Technology help students prepare for lives of personal integrity, responsible citizenship, and public service. In order to accomplish these goals, both students and faculty of the College of Business and Technology at The University of Texas at Tyler will:

- Ensure honesty in all behavior, never cheating or knowingly giving false information.
- Create an atmosphere of mutual respect for all students and faculty regardless of race, creed, gender, age or religion.
- Develop an environment conducive to learning.
- Encourage and support student organizations and activities.
- Protect property and personal information from theft, damage and misuse.

#### **STUDENTS RIGHTS AND RESPONSIBILITIES**

To know and understand the policies that affect your rights and responsibilities as a student at UT Tyler, please follow this link: <http://www2.uttyler.edu/wellness/rightsresponsibilities.php> .

#### **GRADE REPLACEMENT/FORGIVENESS AND CENSUS DATE POLICIES**

Students repeating a course for grade forgiveness (grade replacement) must file a Grade Replacement Contract with the Enrollment Services Center (ADM 230) on or before the Census Date of the semester in which the course will be repeated. Grade Replacement Contracts are available in the Enrollment Services Center or at <http://www.uttyler.edu/registrar>. Each semester's Census Date can be found on the Contract itself, on the Academic Calendar, or in the information pamphlets published each semester by the Office of the Registrar.

Failure to file a Grade Replacement Contract will result in both the original and repeated grade being used to calculate your overall grade point average. Undergraduates are eligible to exercise grade replacement for only three course repeats during their career at UT Tyler; graduates are eligible for two grade replacements. Full policy details are printed on each Grade Replacement Contract.

The Census Date is the deadline for many forms and enrollment actions that students need to be aware of. These include:

- Submitting Grade Replacement Contracts, Transient Forms, requests to withhold directory information, approvals for taking courses as Audit, Pass/Fail or Credit/No Credit.
- Receiving 100% refunds for partial withdrawals. (There is no refund for these after the Census Date)
- Schedule adjustments (section changes, adding a new class, dropping without a "W" grade)

- Being reinstated or re-enrolled in classes after being dropped for non-payment
- Completing the process for tuition exemptions or waivers through Financial Aid

### **STATE-MANDATED COURSE DROP POLICY**

Texas law prohibits a student who began college for the first time in Fall 2007 or thereafter from dropping more than six courses during their entire undergraduate career. This includes courses dropped at another 2-year or 4-year Texas public college or university. For purposes of this rule, a dropped course is any course that is dropped after the census date (See Academic Calendar for the specific date).

Exceptions to the 6-drop rule may be found in the catalog. Petitions for exemptions must be submitted to the Enrollment Services Center and must be accompanied by documentation of the extenuating circumstance. Please contact the Enrollment Services Center if you have any questions.

### **DISABILITY SERVICES**

In accordance with Section 504 of the Rehabilitation Act, Americans with Disabilities Act (ADA) and the ADA Amendments Act (ADAAA) the University offers accommodations to students with learning, physical and/or psychiatric disabilities. If you have a disability, including non-visible disabilities such as chronic diseases, learning disabilities, head injury, PTSD or ADHD, or you have a history of modifications or accommodations in a previous educational environment you are encouraged to contact the Student Accessibility and Resources office and schedule an interview with the Accessibility Case Manager/ADA Coordinator, Cynthia Lowery Staples. ### **STUDENT ABSENCE FOR UNIVERSITY-SPONSORED EVENTS AND ACTIVITIES**

If you intend to be absent for a university-sponsored event or activity, you (or the event sponsor) must notify the instructor at least two weeks prior to the date of the planned absence. At that time the instructor will set a date and time when make-up assignments will be completed.

### **SOCIAL SECURITY AND FERPA STATEMENT:**

It is the policy of The University of Texas at Tyler to protect the confidential nature of social security numbers. The University has changed its computer programming so that all students have an identification number. The electronic transmission of grades (e.g., via e-mail) risks violation of the Family Educational Rights and Privacy Act; grades will not be transmitted electronically.

### **EMERGENCY EXITS AND EVACUATION:**

Everyone is required to exit the building when a fire alarm goes off. Follow your instructor's directions regarding the appropriate exit. If you require assistance during an evacuation, inform your instructor in the first week of class. Do not re-enter the building unless given permission by University Police, Fire department, or Fire Prevention Services

### **CAMPUS CARRY STATEMENT**

In accordance with Texas legislation SB 11, which goes into effect on August 1, 2016, we respect the right and privacy of students 21 and over who are duly licensed to carry concealed weapons in this class. License holders are expected to behave responsibly and keep a handgun secure and concealed. More information is available at <http://www.uttyler.edu/about/campus-carry/index.php>.
