- **Administrative Graduate Assistantship (G.A.):** A G.A. works with the administrative assistant of the Department, primarily in gathering and organizing information.

### Notice of Admission

Upon completion of review by the Department of Art + Art History Graduate Faculty, the Graduate
School will inform the applicant in writing of admission status. The type of admission will be stipulated as one of the following:

1. **Conditional Admission:** Students may be accepted into the MA program with conditional status if the faculty feels that a student’s work shows promise, but requires confirmation of improvement, or that the student’s background in art is not sufficient. The Conditionally accepted student will be required to pass a review after completion of nine (9) hours of course work and another review after fifteen (15) hours. The first review must be successfully completed before enrolling in additional hours.

2. **Full Admission:** All students accepted into the MA program must pass a review by the graduate art faculty after completion of fifteen (12) hours of course work. This review must be successfully completed before enrolling in additional hours.

   **Confirmation of Acceptance:** Applicants are required to respond in writing (by email) within 30 days of notification as to whether they will be attending the university the semester following acceptance.

**Additional Graduate Program Information**

**Residency and Low-Residency Options**

The MA in Art degree program does not have a residency requirement, however, students should state their intent of being a resident or low-residency student in their application statement of intent.

The low-residency option offers a flexible approach to the way students use their time, and is primarily intended for art educators and professional artists wanting to pursue graduate studies while continuing to work full time. Minimal required on-campus meetings and visits leave students free to work in their own studio spaces under self-direction, while interacting with faculty for periodic review. Art history courses can be completed either in the classroom or online through a distance option. Students develop an individualized plan for studio and academic work in consultation with a Faculty Advisor, with an adjustable timeline for completion allowing students to take classes when available, and take time away when necessary.

**Advising and Course Enrollment**

Students are required to consult with the Graduate Coordinator before registering for courses every term in order to ensure appropriate progress through the program. Students will be assigned enrollment codes after this consultation.

**Transfer Credit**

A student may transfer a maximum of six semester credit hours of graduate work from accredited institutions with a grade of "B" or higher, pending evaluation by the UT Tyler Admissions Office, and the approval of the MA graduate coordinator. No articulation agreements have been completed or
are planned with other institutions.

**Application of Hours**
Graduate hours completed at UT Tyler prior to the official acceptance into the MA program will be accepted only by approval from the graduate coordinator in consultation with the art history faculty. If approved, a maximum of nine hours will be accepted.

**Time Limitation**
Degree requirements for graduate programs at the University of Texas at Tyler must be completed within a six (6) year period. Graduate credit transferred from another institution must meet the limitations imposed by each degree program. The academic advisor, Graduate Coordinator for the college granting the degree, and the Dean of Graduate Studies must approve exceptions to the six-year time limitation.

**Hiatus (required/requested)**
Candidates may be required to take a hiatus from course work for one semester or up to two consecutive long semesters for reasons mentioned under “dismissal.” The candidate must provide significant proof (in writing to the Graduate Coordinator, and approved by the graduate committee) that the issues leading to the hiatus have been resolved.

If a graduate student finds it necessary to request a hiatus from the program, he or she may do so by providing the Graduate Coordinator with a written rationale. The Art Faculty must approve request for hiatus.

A graduate student not enrolled for more than one year or two long semesters will be excused from the program without prejudice. The student may re-apply to the program for the following term, although re-application does not guarantee re-admittance.

Graduate hours completed before the APPROVED hiatus may apply as long as they are within the six (6)-year requirement set by the University. However, after non-participation of one year or two long semesters, the Graduate Art Faculty may deny the application of those hours toward the degree due to a lack of continuity in the student’s aesthetic development.

**Probation**
Candidates may be placed on probation for a semester for any of the reasons listed under “dismissal.” The candidate may continue to enroll in coursework, but must resolve the issues cited by the graduate committee. If the candidate does not resolve the issues to the satisfaction of the committee upon completion of the probationary semester, the candidate may be dismissed from the program.

**Dismissal**
Candidates may be dismissed by the Art Faculty for (but not limited to):
1. Insufficient Progress
2. Insufficient Potential for Improvement
3. Violation of Degree, Department, College or University Policies
4. Lack of communication with Faculty Committee
5. Low Grade Point Average.

Recommendations will be at the discretion of the Department of Art + Art History faculty. The student must maintain a grade point average of 3.0 or higher (on a 4.0 scale) on all graduate work at the University of Texas at Tyler. Students may be dismissed if their grade point average drops below 3.0. Any grade below a “B” will not count toward the completion of a graduate degree.

Committee Selection, Reviews, and Critiques

Committee Selection Requirements
During the first semester students should arrange critiques with every faculty member. It is important that students become familiar with each faculty member in order to make a more informed decision regarding their committee selection. Students have the right to invite whom they wish to become a committee member.
By the end of the first semester of residence, candidates must:

1. Designate a committee chair (with the professor’s consent). This professor will have the primary responsibility for the guidance of each student through the degree program.
2. Invite at least two additional art faculty members to serve on the student’s committee. The committee can have as many faculty members as the student wishes.
3. Verify in writing the committee invitations (or any changes to the committee) with the Graduate Coordinator.

**Committee Changes**
Students may make changes to their committee during the first three semesters in consultation with the Graduate Coordinator and existing or potential committee members. Students are expected to maintain their committee after the third semester to ensure an appropriate amount of continuity through the program.

**Graduate Committee Critiques and Updates**
Graduate students are required to schedule regular critiques/updates with members of their graduate committee at least once every month during each semester in which the candidate is registered for credit (it is important to realize that these critiques/updates may be with individual committee members, and need not be formal critiques. The critique/update is intended to maintain an appropriate level of communication between student and committee members).

It is the candidate’s responsibility to schedule these critiques/updates and to maintain a critique confirmation form signed by the professor who conducts the critique/update. This form must be turned in to the Graduate Coordinator at the end of each semester. (see attached form)

**Mid-Semester Review**
Low-Residency students are required to complete a one-day mid-semester review on campus. The Graduate Studio Coordinator will schedule the review at the beginning of each semester.

**Semester Review**
At the end of each year graduate student will participate in a semester review at which time the entire Graduate Committee, all faculty members of the Department of Art + Art History, and all graduate students will review the work and interview the student. This review is open to the undergraduate cohort as well. Every graduate student is required to participate by showing and discussing current work at the date and time scheduled. The student’s committee will determine semester grades.

**9 and 15-Hour Reviews**
Students admitted into the MA program under ‘Conditional’ status will be required to pass a nine (9) hour review. All students accepted into the MA program must pass a review by the graduate art faculty after completion of fifteen (15) hours of studio work. This review must be successfully completed before enrolling in additional hours.
Expectations and Responsibilities
During the final semester, it is imperative that the candidate work closely with his/her committee in all phases of the project to ensure a valuable learning experience and a quality result.

The Graduate Committee Chair
The Committee Chair is responsible for mentoring the candidate though the documentation of and the exhibition of the candidate’s work. It is the Committee Chair’s responsibility to ensure that the candidate documents and exhibits his/her work with a clear purpose and intent.

The Committee Chair is the primary mentor for the candidate, and is responsible for the overall conduct of the Graduate Committee. The Chair will be the primary reader and editor of the thesis document. The Committee Chair is responsible for conducting a fair, thorough, and equitable exhibition defense. The Committee Chair is also responsible for (in consultation with the committee as a whole) the final grade for the Thesis Exhibition.

The Graduate Committee Members
Committee Members provide advice and counsel regarding the production of works included in the exhibition and the writing of thesis document, and will meet individually with the student as required.

Thesis Hours
Upon Completion of all required courses, university, college, departmental requirements, the candidate will enroll in six (6) hours of thesis work, three of which culminate in the thesis exhibition.

MA Thesis Exhibition
The culmination of the MA program is the Thesis Exhibition, which occurs during the last semester of the candidate’s matriculation. It is crucial that graduate students are aware of the expectations of this final semester, and that the student is prepared to present a cohesive Thesis Exhibition.

Approval from the candidate’s committee must be given before the semester in which the student enrolls in the Thesis Exhibition hours. The location of the exhibition requires prior approval from the Graduate Committee, as well. Arrangement for the exhibition of the approved work must be made with the Graduate Committee, the Director of Exhibitions, and the Chair of the Department of Art + Art History.

Thesis Exhibition Proposal
Prior to enrolling in thesis credits, and with the advice and approval of the Committee Chair, the candidate must define the broad parameters of the exhibition. An exhibition proposal is then prepared and submitted to the graduate Committee Members for their approval and signatures.

Exhibition Proposal Preparation
The candidate should be aware that the work itself must be judged by the faculty to be original, conceptually mature, technically proficient, and formally sound. The exhibition proposal should include the following materials:
1. **Cover Sheet** The proposed exhibition should include a cover sheet that includes the proposed Title for the exhibition, name, date, etc.

2. **Description of the Proposed Work** The candidate should provide a brief description of the work. The media, content, and formal characteristics of the proposed work should be described as completely and succinctly as possible.

3. **Background** In this section of the proposal, the candidate should provide a brief description of the source, inspiration, or basis for the work proposed.

**Defense and Documentation**

During the period of the graduate exhibition candidates will be expected to present an oral defense of the thesis exhibition. During this defense, candidates must present their graduate committee with the following:

   - Title Page—conventional page showing essential bibliographical information
   - Signature page—serves as a formal record of approval
   - Text—the main body of the thesis

2. Photographic documentation of the thesis exhibition in digital format. CD containing images of the installed thesis exhibition, and individual images of each work. The images must be of the highest quality of the Thesis Exhibition.

3. Curriculum vitae
4. Artist’s statement
5. Artist’s biography
6. Statement of influences
7. List of works included in the exhibition
8. Public Lecture- candidates are required to present a public lecture concerning their thesis work. The lecture will be scheduled by the Studio Art Graduate Coordinator and the Gallery Director.

This information should be presented in a bound folder. MA candidates will not have completed the graduation requirements unless all of this information is approved by the graduate committee and is on file with the Graduate Coordinator. The quality of this exhibition will be the primary determinate as to whether the candidate will be granted the Master of Arts degree.

**Oral Defense and Written Thesis**

Candidates are required to complete an oral defense of the thesis exhibition by giving a scholarly presentation of the thesis work and fielding questions from the Graduate Committee.

The candidate’s written thesis should provide information that leads to an understanding of the intent of the work. The thesis document must demonstrate a thorough awareness of the sources, inspiration, and traditions relevant to the work, as well as the particular methods employed in the use of materials and conceptual principles that determined the form of the completed work. The quality of the oral defense and written thesis will also be considered in whether the candidate will be granted the Master of Arts degree.
Possession of Work
The Department of Art + Art History is entitled to retain as many as two works by each graduate student. The intention is to honor the successful candidate and to provide evidence of his/her success in lieu of the usual formal thesis. These works will become the property of the Permanent Collection of the Department of Art + Art History at The University of Texas at Tyler.
