MENG 4370: Undergraduate Internship

A program providing a new learning experience in mechanical engineering and environment appropriate for the undergraduate level of work with a minimum of 150 hours work. A written report describing the activities and accomplishments of the student during the internship is required at the conclusion of the internship period. May be repeated once for credit. A maximum of three (3) credit hours may be applied toward the undergraduate degree. Offer every Fall, Spring, and Summer. CR/NC only. **Prerequisite:** Consent of the department chair.

MENG 4395: Undergraduate Research

Directed research in Mechanical Engineering involving a problem of mutual interest to the student and a faculty member. An oral presentation and a written report of the research results are required at the conclusion of the course. A maximum of 3 credit hours may be applied toward an undergraduate degree in mechanical engineering. **Prerequisite:** Consent of the department chair.
