

## Transportation and Accommodations

Before arriving to Tyler, Texas, students should secure transportation to their new residence. Shuttle and taxi services are available from local airports. Housing is available on and off campus for IELI students. For details, please visit [uttyler.edu/housing](http://uttyler.edu/housing).

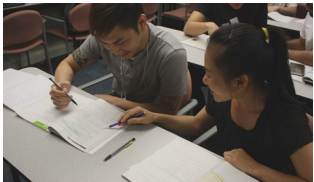

## Tyler, Texas

The University of Texas at Tyler campus is located in the friendly small-town community of Tyler, where the standard of living is affordable and the beauty of East Texas is abundant. There are a number of amusements in and around Tyler, such as museums, wildlife reserves, great coffee and baked good shops, and beautiful walking parks.

The City of Tyler holds events and competitions year around that are open to all students and the public.

Tyler is conveniently located midway between Dallas, Texas and Shreveport, Louisiana, and only four hours north of both Houston and Austin, Texas.

The city bus has routes from UT Tyler providing transportation to a wide array of restaurants, entertainment, and shopping venues. See [www.visitt Tyler.com](http://www.visitt Tyler.com) and the campus map to discover Tyler, Texas before you arrive.

## Health and Safety

We highly value the health and safety of all IELI and UT Tyler international students!

UT Tyler covers all the bases when it comes to health care and safety: 24/7 security protection is provided, as well as a highly rated on-campus clinic for physical health and counseling services for stress management.

The City of Tyler has numerous emergency medical care facilities in the area.

The **Intensive English Language Institute** is accredited through UT Tyler and the Southern Association of Colleges and Schools Commission on Colleges, is SEVP-certified, and is a member of English USA, the American Association of Intensive English Programs.

## Intensive English Language Institute

### About Us

#### Overview of the IELI

The IELI's classes are divided into seven levels, based on placement testing. Our Academic Language Program consists of five 8-week sessions per year. Classes are task-based to ensure students experience an active and engaging learning environment. Technology enhances the curriculum in the classroom and homework is assigned daily. Students gain cultural experience through campus activities and visits to area museums and historical sites.

#### Advantages of Studying at the IELI

- Many U.S. institutions of higher education, such as UT Tyler, accept completion certification from accredited English language programs and provide English Proficiency Waivers to replace the requirement for TOEFL, IELTS, and PTE scores.
- Our student to teacher ratio never exceeds 15:1; all IELI students receive individualized attention.
- Our diverse offerings of specialty programs are applicable to students in any field of study.
- Our knowledgeable, highly-educated and experienced instructors have lived overseas and understand the difficulties of adjusting to new environments and languages.

#### IELI Admission Requirements

1. Able to obtain an F-1 visa. Spouses of international students holding an F-2 visa can enroll part-time.
2. Proof of sufficient funds to cover all costs associated with study: tuition, fees, housing, and health insurance coverage.
3. Health Insurance that is Patient Protection and Affordable Care Act (PPACA) compliant. See [uttyler.edu/oip/insurance.php](http://uttyler.edu/oip/insurance.php) for more information.

I think [Tyler] is a really nice city and [the IELI is a] nice program because you feel at home. When you leave your country, you feel scared because you are international, so here you can meet friends and learn so much about new cultures.
