ABOUT THE GRADED COMPONENTS:

Biography/Introduction:

You will be required to post a biography of yourself at the beginning of the course using FlipGrid. The biography should be no longer than 2 minutes. You will also need to respond to 4 other classmates regarding their videos and what you found interesting/something you could relate to in their introduction. See Canvas for due dates and FlipGrid for instructions as to what you should include in your introduction.

Quizzes:

There will be 15 chapter quizzes. Each of the chapter quizzes will consist of at least 10 multiple choice questions and will be worth a total of 10 – 12 points each. **At the end of the term, I will drop the lowest 5 quiz grades!** To do well on the chapter quizzes, students should read the corresponding text book chapter, review power point slides, and watch the posted video lectures. I do not recommend taking the quizzes without reading the chapter, or trying to look up the answers during the quiz. While you are allowed to use your book, you will only have 10 minutes per quiz, which will not give you enough time to flip through the book for every question. Additionally, you must complete each quiz in one sitting – there is no way to “pause” the quiz and come back to it at a later time.

You will not be allowed to take the quizzes after the deadline has passed. You will be able to see your quiz grades after submission, including your answer and the correct answer. The quizzes will give you a feel for the kinds of questions you will see on the exam.

Total of 100 – 102 points (due to Chapter 9 quiz being worth 12 points).

Exam:

There will be 2 parts to the final exam at the end of the course. One portion will include all chapters covered from the required text and will contain multiple choice, true/false, and matching questions. You will have 120 minutes for part one the exam and it will consist of 85 multiple-choice, true/false, and/or matching questions. Thus, as with the quizzes, there is not enough time to flip through the book and find the answer to every question. Each question will be worth 2 points. Therefore, a total of 170 are available on this portion of the final exam. To succeed on the exam, you need to have read the book, reviewed the power points, and spent time studying for the exam. You are NOT permitted to copy or screen capture any portion of the exam or discuss the exam with any other student. Any cheating will result in disciplinary action.

The second part of the exam will consist of a Case Study. The Case Study will be worth 30 points. Questions in regard to the case will need to be answered thoroughly and professionally, using the knowledge you have gained throughout the course.

Total of 200 points.

Practical Application Assignments:

There will be 4 practical application assignments that will need to be completed during the course. Each assignment will be worth 25 points. Additional instructions will be provided in Canvas.

Course Discussion Sessions:

You will have 3 discussion sessions to complete throughout the course. Each will be worth 30 points each and consist of an assignment in which you will be asked to complete a task, assignment, or watch a video and follow the instructions provided under the course assignments page in Canvas.

Case Study:

There will be a case study to complete in the course that will be based on a fictitious scenario in which you will need to provide a review of the case as well as answer several questions. Additional instructions are in Canvas. This assignment will be worth 30 points.

Extra Credit Opportunities:

There will be several opportunities to earn extra credit in this course. The first is in relation to several short “Work-Life Balance” case studies. The second is participating in a SHRM (Society for Human Resource Management) webinar and providing a summary of the information presented, as well as answering a couple of questions. All details are structured in Canvas.

Grading Schedule: Regarding timeframes of when assignments will be graded, my goal is to have grades posted within 48 hours. I do my best to post grades as soon as possible, but should you ever have a question of when a grade will be posted, please do not hesitate to contact me.

Grade Replacement/Forgiveness and Census Date Policies

Students repeating a course for grade forgiveness (grade replacement) must file a Grade Replacement Contract with the Enrollment Services Center (ADM 230) on or before the Census Date of the semester in which the course will be repeated. Grade Replacement Contracts are available in the Enrollment Services Center or at <http://www.utt Tyler.edu/registrar>. Each semester's Census Date can be found on the Contract itself, on the Academic Calendar, or in the information pamphlets published each semester by the Office of the Registrar.

Failure to file a Grade Replacement Contract will result in both the original and repeated grade being

used to calculate your overall grade point average. Undergraduates are eligible to exercise grade replacement for only three course repeats during their career at UT Tyler; graduates are eligible for two grade replacements. Full policy details are printed on each Grade Replacement Contract.

The Census Date is the deadline for many forms and enrollment actions of which students need to be aware. These include:

- Submitting Grade Replacement Contracts, Transient Forms, requests to withhold directory information, approvals for taking courses as Audit, Pass/Fail or Credit/No Credit.
- Receiving 100% refunds for partial withdrawals. (There is no refund for these after the Census Date)
- Schedule adjustments (section changes, adding a new class, dropping without a “W” grade)
- Being reinstated or re-enrolled in classes after being dropped for non-payment
- Completing the process for tuition exemptions or

waivers through Financial Aid

State-Mandated Course Drop Policy

Texas law prohibits a student who began college for the first time in Fall 2007 or thereafter from dropping more than six courses

during their entire undergraduate career. This includes courses dropped at another 2-year or 4-year Texas public college or university. For purposes of this rule, a dropped course is any course that is dropped after the census date (See Academic Calendar for the specific date).

Exceptions to the 6-drop rule may be found in the catalog. Petitions for exemptions must be submitted to the Enrollment Services Center and must be accompanied by documentation of the extenuating circumstance. Please contact the Enrollment Services Center if you have any questions.
