

# ART 1312 3D Design

*Subject to change as necessary*

**Fall 2022: T-TH 8:00am-10:50am**

**Professor Dewane Hughes**

**CONTACT INFORMATION:** dhughes@uttyler.edu Phone: 565-5510 Office: 107/108  
Office Hours: 12:00-2:00 pm, T-TH, please schedule an appointment!

## **UTT Student Resources and University Policies and Information**

Please see the Syllabus Module in Canvas for the UTT Student Resources and University Policies and Procedures

UT Tyler link to covid policy: <https://www.uttyler.edu/coronavirus/>

### **COVID Policy:**

The University of Texas at Tyler strongly encourages our campus community to take the necessary preventative measures to ensure health and safety. In addition to wearing a mask when appropriate, social distancing when possible, covering coughs and sneezes, and practicing good hand hygiene, the COVID-19 vaccine is a protective measure to prevent severe illness due to COVID-19. You can contact your health care provider or local pharmacy to schedule a COVID-19 vaccine.

Stay home and contact your professors or supervisors if you do not feel well or have symptoms so that you do not risk exposing others.

### **The primary objectives of 3D Design are:**

1. To assist students in developing their understanding of three-dimensional space and how one can manipulate this space through the use of numerous formal applications such as, but not be limited to, Line, Plane, Volume, Mass, Movement, Rhythm, Gesture, Organization, etc.
2. To help students develop the technical skills necessary to create and construct the sculptures with which to explore three-dimensional space.
3. To develop critical thinking and analysis skills that will allow the student to discern high quality product in terms of concept, content, and craftsmanship.
4. To develop an understanding and appreciation for the vast history of sculpture and three-dimensional art.

**For final grade assessment**, students must turn in a digital compilation of the following:  
1) completed images of artworks created during the semester 2) inventory list More details regarding format are TBA.

### **NOTES:**

**Any and all required supplies and materials not supplied by the department will be listed prior to assignment demo. There are no text books required for this course.**

### **BFA STUDENT LEARNING OUTCOMES:**

1. Technical Proficiency: Students will be able to create technically proficient works of art.

2. Conceptual Proficiency: Students will be able to create conceptually proficient works of art.
3. Interpretation of Artworks: Students will be able to explain how formal or conceptual elements function in works of art.
4. Historical Context: The student will be able to contextualize works of art in relation to art history or contemporary practices.
5. Document Works: Students will be able to document works of art for the purpose of archiving, application, and presentation.
6. Disseminate Research: Students will be able to disseminate research through exhibition participation.

### **ATTENDANCE AND MISSED WORK POLICY:**

Attendance is mandatory. **After 2 absences (2 sick days) you may be dropped a full letter grade from your semester GPA, at 4 absences students may fail the course!** Continual tardiness will also have an effect on the overall grade. If you are more than 30 minutes late to class (or if you leave 30 minutes early), you will be marked absent. If you are unprepared for class you will be marked absent. Being late is walking into class 5 minutes after start time. Being tardy or leaving early up to three times is equal to one absence. **If you are absent on critique day, you may fail that assignment, if you are absent on midterm critique you may be dropped a letter grade from your GPA or if you are absent final critique day, you may fail the class.**

### **Mandatory artist to know:**

Claes Oldenburg	Christo	Luis Jimenez
Tony Gragg	Anthony Caro	Isamu Noguchi
Eva Hesse	Constantine Brancusi	Louise Bourgeois
Mark DiSuvero	David Nash	Lee Bontecou
Magdalena Abakanowicz	Andy Goldsworthy	James Surls
David Smith	Rodin	Sol Lewitt
Donald Judd	Rachel Whiteread	Richard Deacon
Damien Hirst	Stephan Balkenhol	Anish Kapoor
H.C. Westerman	Tom Otterness	Terry Allen
Robert Arneson	Barbara Hepworth	Alexander Calder
Antony Gormley		

There will be a written final on the work of these important sculptors.

**INSTRUCTIONS FOR YOUR WEEKLY EMAIL!** The subject line should include your name and the Thursday for which you need class credit. For example, even you send the email to me on a Friday, please just include the Thursday date in your subject heading. Email subject should look like this: **Subject line: Professor Hughes, credit for Thursday September 17.** Each jpeg file should be labeled as “before” and “after” for example: **Hughes.before.jpeg and Hughes.after.jpeg.**

**Reminder:** In addition to the above class time structures, *you may also need to plan to come in “outside of class” around an additional 7-14 hours (as necessary),* in order to complete the course work. It may not be possible to work only 5 hours per week and complete the course work necessary to pass this class.

**PLEASE REVIEW THE ATTACHED SEMESTER SCHEDULE!**

Again, there are some Tuesdays that we will need to meet (particularly at the beginning of the semester) so please have a look at the schedule and mark your calendars!

**CLASSROOM ETIQUETTE:** NO CELL PHONES!! Class time may consist of critiques, writing assignments, reading assignments, gallery visits, and open studio work time. Things that will not be tolerated during class time: texting, emailing, chit chatting, constant breaks, loud music (headphones are ok or quiet music as long as people close to your space approve), studying for other classes. **Students who do not use studio time wisely will be marked absent and have additional sculptures added to their required load. Students who exhibit disruptive behavior will be asked to leave the class and/or will be expelled from the course altogether. Some (but not all) examples of disruptive behavior include habitually lateness or leaving early, an extensively sloppy studio space, interrupting or talking during class instruction or discussion when not in turn and failure to maintain proper classroom safety and etiquette.**

**STUDIO DRESS AND SAFETY WEAR CODE:**

- 1) All students must wear masks or facial coverings like shields (cover both NOSE AND MOUTH at all times!). Do not constantly re-adjust your mask!
- 2) It is important to stay 6 feet or more away from someone while in an interior space, and even when outside!
- 3) Wash hands frequently and do not touch your face!
- 4) Appropriate work clothing is required for the *entire* Department of Art and Art History, however individual classes may have different requirements depending on the materials and equipment being used.
- 5) **3D Design classes require the following dress code:**
  - No open toed shoes are allowed in the studio
  - Students are expected to wear long pants
  - Students should wear long sleeved shirts (preferred) however short sleeved shirts will be permitted.

**MATERIALS AND CHEMICALS:**

All solvents must be properly stored in the flammable storage cabinets, and not left out around the studio. If you bring any solvents into the studio, they must be catalogued by Alicia Quihano, studio lab tech.

**GRADING PROCESS:**

The student is graded on his or her dedication and output in completing the course objectives. **Attendance, studio work ethic, quality of artwork and completion of required assignments, maturation of work during the course of the semester, participation and presentations during any critiques, and any additional writing assignments and artist statements are all part of the overall grade.** Students are encouraged to ask questions and are expected to commit outside time. Expect between 7-14 hours of outside time per week.

**Please note: By simply completing the above listed requirements, you may earn the average letter grade of C. You must go above and beyond the basic requirements of the course in order to earn yourself a grade that is above and beyond average.**

Numeric to Letter Grade Translation: 100 - 90% = A 89 - 80% = B 79 - 70% = C  
69 - 60% = D 59 - 0% = F

### **HOW FINAL GRADE IS DETERMINED:**

100% BODY OF WORK CREATED

\*It is expected that you attend all gallery openings and any art lectures (unless excused)

**\*Students will have 24 hour access every day of the week** once safety trainings are completed and Art Student Safety Agreements have been signed and turned in with Karen Lutes (FAC 2009) Students working after hours need to sign in and out on the sheets provided near the doors to Art Studios I and II. *Please note that any abuse of access privileges will result in the loss of after-hour studio access.*

\*Clean up is an imperative part of this class. You are expected to do your part in keeping the classroom organized, safe, and flowing smoothly! Policy of clean up will be discussed with the class on a case by case basis.

### **2020 STUDIO SAFETY AND ACCESS INFORMATION**

#### **Facility Access & Studio Lab Safety and Mechanical Safety Training**

Studio facility access is for enrolled students only. Students are required to use appropriate safety equipment (PPE) and practice safe operation procedures when using any hazardous equipment or materials. All students must successfully complete the lab safety training and mechanical safety training and quizzes on Canvas and complete an Art Safety Agreement through Canvas before after-hours access to the complex is granted. Failure to adhere to the terms of the Art Safety Agreement will result in the loss studio facility access.

#### **Personal Protective Equipment (PPE)**

For your safety, you must follow all safety requirements established by the department and university. It is required that you provide you own Personal Protective Equipment for use in studio areas. This equipment includes: dust mask with at least a N95 rating and attached filter, safety glasses, ear protection, gloves, close-toed shoes, and appropriate clothing. Failure to use this equipment while working may result in the loss of studio privileges.

#### **Materials and Chemicals**

Any additional materials or chemicals not included on the course material list must be approved by the faculty member in charge of the area where the chemical (material) will be used prior to the material/chemical being brought into the studio. Students are responsible for notifying the studio technician of any new materials/chemicals the day they are brought to the studio in order to insure that the appropriate Safety Data Sheet is on file and in the SDS binder.

Labels for any new, approved chemicals brought into the art studios must include the following information when they are transferred to a new container or if the original chemical label is damaged: Name of Chemical, Date chemical was opened, and any basic hazards associated with the chemical. Labels are located in each studio and must be filled out and adhered to the container immediately.
