Plagiarism (using others' work, including paraphrasing—from the web or anyplace else—without proper attribution) will result in a zero. Your grade on everything in the course is to be based on your own work. Cheating on papers, quizzes, assignments, and exams is a violation and will be reported to school. A first offense will result in a zero for the exercise/test. If the offense is not the first the consequence will be more severe, including possible failure for the course. I will be running your papers through a plagiarism service programs such as Safe Paper / Grammarly.

A plagiarism prevention service is used in evaluation of written work submitted for this course. As directed by the instructor, students are expected to submit or have their assignments submitted through the service in order to meet requirements for this course. GRADE REPLACEMENT POLICY:

Official policy found on page 41 of UTT catalog.

<https://www.uttyler.edu/catalog/files/2019-2020-ut-tyler-catalog.pdf>

A student may request grade replacement only for three course repeats (See Repeating Courses policy) during his/her undergraduate career at UT Tyler. Grade replacement means that only the last grade earned is used to compute the grade point average. However, all grades will appear on the student's official transcript. Students must complete a Course Repeat / Grade Replacement Enrollment Form and note the repeated course as "For Grade Replacement" at the time of enrollment.

In cases where a student repeats an eligible course without requesting grade replacement, or has exhausted their available number of "For Grade Replacement" repeats, the student must note the course as repeated "Not For Grade Replacement" on a Course Repeat / Grade Replacement Enrollment Form at the time of enrollment. If a student selects "For Grade Replacement" after exhausting their available grade replacements, the form will be processed as if "Not For Grade Replacement" were selected. For all course repeats using the "Not For Grade Replacement" option, both the original and last grade earned in the course will be used to calculate the overall grade point average.

If a student attempts to repeat a course but withdraws and receives an automatic "Q" or "W," the attempt counts against the grade replacement limit and the original grade remains. Students may, on or prior to the Census Date, request in writing to change their "For Grade Replacement" / "Not For Grade Replacement" selection for a repeated course by contacting the Enrollment Services Center.

A student may not exercise grade replacement for courses taken at UT Tyler and repeated at another college or university, nor may grade replacement be used when a course taken elsewhere is repeated at UT Tyler. The grade replacement option may not be exercised to remove a grade awarded in a case of academic dishonesty. Once a degree has been awarded by UT Tyler, grade replacement may not be used to replace a grade taken before that degree was awarded.

Grade Replacement/Forgiveness and Census Date Policies:

Students repeating a course for grade forgiveness (grade replacement) must file a Grade Replacement Contract with the Enrollment Services Center (ADM 230) on or before the Census Date of the semester in which the course will be repeated. Grade Replacement Contracts are available in the Enrollment Services Center or at <http://www.uttyler.edu/registrar>.

Each semester's Census Date can be found on the Contract itself, on the Academic Calendar, or in the information pamphlets published each semester by the Office of the Registrar. Failure to file a Grade Replacement Contract will result in both the original and repeated grade being used to calculate your overall grade point average. Undergraduates are eligible to exercise grade replacement for only three course repeats during their career at UT Tyler; graduates are eligible for two grade replacements. Full policy details are printed on each Grade Replacement Contract.

The Census Date is the deadline for many forms and enrollment actions of which students need to be aware:

Submitting Grade Replacement Contracts, Transient Forms, requests to withhold directory information, approvals for taking courses as Audit, Pass/Fail or Credit/No Credit.

Receiving 100% refunds for partial withdrawals. There is no refund for after the Census Date.

Schedule adjustments such as section changes, adding a new class, dropping without a "W" grade.

Being reinstated or re-enrolled in classes after being dropped for non-payment.

Completing the process for tuition exemptions or waivers through Financial Aid

CLASS ATTENDANCE/EXCUSED ABSENCES:

“Class attendance is the responsibility of the student. When a student has a legitimate absence, the instructor may permit the student to complete missed assignments. In many cases, class participation is a significant measure of performance, and non-attendance may adversely affect a student’s grade. When a student’s absences become excessive, the instructor may recommend that the student initiate a withdrawal. Instructors shall include a statement in each course syllabus indicating how a student is to make up assignments missed which result from a legitimate absence.”

Refer to Syllabus “Attendance Policy” and “Portfolio and Assignments To Be Graded As Follows” sections.

Excused Absence for University Events or Activities:

“When it is necessary for students to miss one or more regularly scheduled classes in order to participate in an official university event or activity, faculty sponsors and program directors will assist students to assure they have the opportunity to make up missed work..

Each student delivers a copy of the memorandum to the instructors, in person, at least two weeks prior to the date of the planned absence. At that time the instructor will set a date and time with the student when the make-up assignment or equivalent work will be completed. Make-up work will be mutually arranged; however, availability of the instructor will be given priority in setting the arrangements.*

It is expected that students will not abuse the privilege of being absent from class for authorized university events or activities.

**Events scheduled within the first month of an academic term may require a shortened lead time.”*

Excused Absence for Religious Holy Days:

“An institution of higher education shall excuse a student from attending classes or other required activities, including examinations, for the observance of a religious holy day, including travel for that purpose. A student whose absence is excused under this subsection may not be penalized for that absence and shall be allowed to take an examination or complete an assignment from which the student is excused within a reasonable time after the absence.

Any student seeking to be excused for religious observance, must provide written notification to the instructors at least two weeks prior to the date of the planned absence. At that time the instructor will set a date and time with the student when any make-up assignment or equivalent work will be completed. Make-up work will be mutually arranged; however, availability of the instructor will be given priority in setting the arrangements.*

It is expected that students will not abuse the privilege of being absent from class for religious observance.

***Events scheduled within the first month of an academic term may require a shortened lead time.”*

Excused Absence for Active Military Service:

“Any student who has been called up for military service after a semester begins should immediately provide the Enrollment Services Center and course instructors a copy of the military orders. Such students are excused from attending classes, turning in assignments, taking examinations or participating in any other required activity if the absence is for no more than 25% of the total number of class meetings (excluding final examination period). If the absence is for more than 25% of the class meetings, please refer to the policy on Withdrawal for Military Service. Within 5 days of the student returning to UT Tyler from active service, he or she shall notify the Enrollment Services Center and course instructors. The student will be allowed to complete all assignments and examinations within a reasonable time as agreed upon by the course instructors and under the same requirements in effect when the student enrolled in the course. Should any dispute arise as to the student’s inability to complete assignments or examinations within a reasonable time after the absence, the student should

first seek informal resolution with the faculty member, the department chair and then the dean of the college in which the course or courses are located. If an informal process is not successful, the student may institute a grade grievance process after the final course grade is recorded."

Absence Due to Injury, Illness, Death, or Major Illness in a Student's Immediate Family:

"When a student has an injury/illness that is too severe or contagious for the student to attend class or when a student experiences a death or major illness in their immediate family the student may request of an instructor that the absence be excused. Instructors are encouraged to review documentation on a case by case basis and allow students to make up missed coursework. Should an instructor(s) deny a request for an injury/illness or family emergency the student can contact the academic chair or dean the course reports to for further review.

State-Mandated Course Drop Policy 6-Drop Rule:

Please contact the Enrollment Services Center if you have any questions, Administration Building, Room 230.

Any student who began college for the first time as a freshman in Fall 2007 or thereafter may not drop more than six courses during their entire undergraduate career. This includes courses dropped at another 2-year or 4-year Texas public college or university. For purposes of this rule, a dropped course is any course that is dropped after the published Census Date

(See Academic Calendar. <https://www.uttyler.edu/schedule/files/academic-calendar-19-20.pdf>)

Exceptions to the 6-drop rule include, but are not limited to, the following: 1. totally withdrawing from the university; 2. being administratively dropped from a course by an instructor or the university; 3. dropping a course for a provable illness or disability, for care for a sick or injured person, or for a death in the immediate family or a person who has a sufficiently close relationship to the student; 4. dropping a course for documented change of work schedule; 5. dropping a course for active duty service with the U.S. armed forces or Texas National Guard; 6. dropping a course that does not carry college-level credit such as a developmental course or a zero-credit course; or 7. dropping courses taken as required co-requisites such as a lecture class with a required laboratory. In such cases the lecture and lab are counted as one drop when dropped at the same time. Petitions for exemptions must be submitted to the Enrollment Services Center and accompanied by documentation of the extenuating circumstances beyond performance in the course.

Please contact the Enrollment Services Center if you have any questions. A grade of "Q" will appear on the official transcripts of any student who has dropped a course where an exemption or exception was granted; this takes the place of the standard "W" grade. All Texas institutions are required to honor the exemptions and exceptions granted by a transferring institution. Procedures for implementing the law vary among institutions. Therefore, students have an obligation to keep track of the number of non-exempted dropped courses across all institutions to ensure that they do not exceed the six dropped courses limit.
