GENERAL:

As soon as possible, log onto **Canvas** and **spend some time exploring the materials available**. Check **Canvas** and your **student email DAILY** for **new announcements or messages**.

In an online class, we will have a much different "classroom" experience than a face-to-face student. **However, please be aware that this course is equivalent in every way to the traditional face-to-face course section(s).**

The amount of material covered is exactly equivalent, so if you are expecting it to be easier than a traditional course, you will be disappointed.

The course was created for students that are unable to attend the traditional face-to-face class because of work or other scheduling difficulty; **MOST** students find it more difficult than the traditional course.

It is most suited to students that have already had *multiple science courses* (biology and chemistry), are *upper classmen* (juniors and seniors) or even *post-baccalaureate*, with *excellent study skills and reading comprehension*; **this course is NOT intended for Freshmen or sophomores.**

The Canvas course is organized by WEEK. Everything you need to know for a particular week will be found on or linked to that week's MODULE PAGE.

Every weekly module consists of FIVE pages (Overview, Readings & Multimedia, Activities, Assessments and Supplemental Resources).

Work your way through each weekly module carefully, paying attention to specified due dates.

This is the best way to make sure that you don't miss any course activity or assessment.

The deadlines posted in Canvas for quizzes and exams are NON-NEGOTIABLE, and this is NOT a "study at your own pace" course.

As stated elsewhere in the syllabus, if you have a problem (technical, family, work, or whatever), you need to let me know well before the assessment (quiz, exam or retake questions) becomes unavailable, or as soon as humanly possible. Email is the best way to do so.

I am more than willing to work with you, if you have a legitimate, **documented** issue, but only if you follow this rule.

Do not contact me the day after an exam or quiz is over, and expect me to give you a make-up, because unless you have an awfully good reason, it is not likely to happen.

COMMUNICATION:

Please do not hesitate to ask questions about class material! There is no such thing as a stupid CONTENT question. It is only stupid NOT to ASK them.

Questions are welcomed during office hours by phone or Zoom, or any time by e-mail. The best way to reach me is by email. Make sure that you identify yourself as an online student!

Quiz grades will be automatically recorded in Canvas and made available upon submission.

Final Exam grades will be posted on Canvas within 48 hours.

Recording of Class Sessions:

Class sessions may be recorded by the instructor for use by students enrolled in this course. Recordings that contain personally identifiable information or other information subject to FERPA shall not be shared with individuals not enrolled in this course unless appropriate consent is obtained from all relevant students. Class recordings are reserved only for the use of students enrolled in the course and only for educational purposes. Course recordings should not be shared outside of the course in any form without express permission.

GRADING POLICY: Your final course grade will be determined as follows (Extenuating circumstances such as weather-related schedule changes may result in changes to these percentages.):

Exams: Four (4) exams:

Exam 1 - 15% of final course grade

Midterm Exam – 15% of final course grade

Exam 3 – 15% of final course grade

Final Exam – 20% of final course grade; includes 30% from previous 3 units

Exam questions will be multiple-choice and short essays and will be limited to material in the text. (The majority of questions will be taken from LECTURE content.)

Following each exam, the questions answered correctly by 30% or less of the class will be posted on Canvas as **Retake Questions**, and students will have one opportunity to answer them again, using any information source other than another student, with no time limit. A point will be added back to the exam raw score for each retake question answered correctly. This provides an opportunity for every student to “earn” a curve, but it will only be done if the raw exam average is less than 70%.

Weekly Quizzes: You will take a quiz (worth ten points) over every chapter. As we complete each chapter a quiz will open on canvas, and will be due by 9pm the night before the next scheduled exam. The number of quizzes per semester will vary, and several will be dropped at the end of the semester. The quiz average will be calculated as **15%** of the total course grade.

Quizzes will be named in Canvas using the chapter. You may take them on campus or at home. They are limited to a maximum of **1.5 MINUTES per question**. Therefore, a quiz consisting of **ten questions** will have a total time limit of **fifteen minutes**. Please note: Canvas will automatically submit your quiz when you reach the time limit.

Quizzes on Canvas should be taken on a **RELIABLE Internet connection**. If you are knocked offline while taking a **quiz**, I may have to **clear** the quiz before another attempt can be made. Also, be sure to **check the quiz** after submission to make sure that there is a **score**. Email me if you have any sort of quiz problem.

Pearson Assignments: (Homework and Dynamic Study Modules (DSM's)): You will study (and earn **20%** of your total grade) by completing assignments over each chapter of material in Pearson's MyLab and Mastering. You must complete the Homework and DSM assignments by the **deadlines** posted on Connect for **full credit**. *DSM assignments CANNOT be completed after the due date, so make sure to get them done early.*

Letter grades will be assigned according to the following scale, based on the **Total** in Canvas:

A = above 89.5 B = 79.5-89.49 C = 69.5-79.49 D = 59.5-69.49 F = below 59.5

All your course grades will be in Canvas (under Grades), so you will be able to view your current course grade at any time. Please be aware that I cannot give you EXTRA CREDIT OR WORK at the end of the semester. Your average (**Total**) shown in Canvas will determine your final course grade.

Grade rounding: At the end of the semester, grades will be calculated in Canvas according to the *percentages in the syllabus. If your Total grade is within **0.5 points** of the next letter grade, I will **round it up automatically** (see grade scale above). The only other adjustment that will be made is if the final percentage is **WITHIN ONE POINT** of the next letter grade (and NO more), and the student has missed **Two OR LESS WEEKLY QUIZZES**. If you meet these criteria, then I will **round up** to the **next letter grade**. (Mitigating circumstances will be taken into account at the discretion of the instructor.)

EXAM/QUIZ MAKE-UP POLICY:

Unfortunately, illnesses, deaths in the family, and other traumatic events are part of life. I understand how difficult these times are, so if you contact me by phone or email within 24 h of the event and provide **documentation** (letters from family members are NOT acceptable), I will be happy to give you a make-up exam.

If you are unable to take an **exam** as scheduled for some sort of non-emergency issue, then you must let me know well in **ADVANCE**. **Students who fail to make timely arrangements will most likely receive a grade of “0” for the exam missed.**

ACADEMIC INTEGRITY IN A & P:

The UT Tyler Honor Code: *I embrace honor and integrity. Therefore, I choose not to lie, cheat, or steal, nor to accept the actions of those who do.*

EXAMINATIONS

- Exams are to be taken **INDIVIDUALLY**, without input or assistance from anyone else, **including students that have taken the exam, quiz or course previously**. This course contains material that you **MUST** know for future classes and for your profession. Therefore, using old exams, or asking other students about exam content will only hurt **YOU** in the long run. The grades you earn are **NOT** as important as what you actually **LEARN** in this course.
- The use of your **notes, text or any other reference material** during EXAMS is **PROHIBITED**.
- **Possession** of anything containing **course content** will be **considered cheating, whether or not you actually refer to it during the exam**.
- **TALKING during an EXAM to anyone other than the instructor or proctor will automatically be considered cheating**. It does not matter what you were talking about.
- ANY use of **cell phones** (even if they call **YOU**) or any other electronic device that could be used to **record or transmit test material** is prohibited. Phones must be **out of sight** in a pocket, purse or backpack, and turned **OFF** or on vibrate.
- **Hats** worn during exams must be **turned** or **removed** so that the face is not covered in any way.

LockDown Browser Requirement

This course requires the use of Respondus LockDown Browser for exams. Watch this video to get a basic understanding of LockDown Browser:

<https://www.respondus.com/products/lockdown-browser/student-movie.shtml>

Download Instructions

- Select a quiz from the course
- If you have not already installed LockDown Browser, select the link to download the application and follow the installation instructions
- Return to the quiz page in a standard browser
- LockDown Browser will launch and the quiz will begin

Note: LockDown Browser only needs to be installed once per computer or device. It will start automatically from that point forward when a test requires it.

Guidelines

When taking an online exam follow these guidelines:

- Before starting the test, know how much time is available for it (full class time), and also that you've allotted sufficient time to complete it
- Turn off all mobile devices, phones, etc. and don't have them within reach
- Clear your area of all external materials - books, papers, other computers, or devices
- Remain at your desk or workstation for the duration of the test
- LockDown Browser will prevent you from accessing other websites or applications; you will be unable to exit the test until all questions are completed and submitted

Getting Help

Several resources are available if you encounter problems with LockDown Browser:

- The Windows and Mac versions of LockDown Browser have a "Help Center" button located on the toolbar. Use the "System & Network Check" to troubleshoot issues. If an exam requires you to use a webcam, also run the "Webcam Check" from this area
- Respondus has a Knowledge Base available from support.respondus.com. Select "LockDown Browser & Respondus Monitor" as the product to view helpful articles.
- If you're still unable to resolve a technical issue with LockDown Browser, go to support.respondus.com and select "Submit a Ticket". Provide detailed information about your problem and what steps you took to resolve it.

Students behaving suspiciously or accessing any other software or device while taking an online exam will earn a grade of ZERO (0) for that exam, at the instructor's discretion.

WEEKLY QUIZZES AND PEARSON ASSIGNMENTS

- MAY be taken with the assistance of **lecture notes** or the **textbook**; however, because the quizzes are **timed**, you must **KNOW THE MATERIAL** to do well.
- May **NOT** be taken with assistance from **other students**, or any other **reference material**, including Internet sources.
- Do **NOT** share the contents of a weekly quiz with other students; they are **NOT** group assignments!

Penalties for cheating in A&P include anything from a zero on the exam or quiz during which the cheating occurred, up to an F for the course in question, at my discretion. Violators WILL be reported to the UT Tyler Judicial Officer for disciplinary proceedings.

UT Tyler Resources for Students

- **Supplemental Instruction:** Group study sessions are offered several times per week, led by specially trained students. Students that participate in these sessions regularly **score significantly higher (usually a whole letter grade) on exams**, so attend whenever possible. **Session schedules are posted on Canvas.**

Grade Replacement/Forgiveness and Census Date Policies:

Students repeating a course for grade forgiveness (grade replacement) must file a Grade Replacement Contract with the Enrollment Services Center (ADM 230) on or before the Census Date of the semester in which the course will be repeated. Grade Replacement Contracts are available in the Enrollment Services Center or at <http://www.uttyler.edu/registrar>. Each semester's Census Date can be found on the Contract itself, on the Academic Calendar, or in the information pamphlets published each semester by the Office of the Registrar.

Failure to file a Grade Replacement Contract will result in both the original and repeated grade being used to calculate your overall grade point average. Undergraduates are eligible to exercise grade replacement for only three

course repeats during their career at UT Tyler; graduates are eligible for two grade replacements. Full policy details are printed on each Grade Replacement Contract.

The Census Date is the deadline for many forms and enrollment actions that students need to be aware of. These include:

- Submitting Grade Replacement Contracts, Transient Forms, requests to withhold directory information, approvals for taking courses as Audit, Pass/Fail or Credit/No Credit.
- Receiving 100% refunds for partial withdrawals. (There is no refund for these after the Census Date)
- Schedule adjustments (section changes, adding a new class, dropping without a "W" grade)
- Being reinstated or re-enrolled in classes after being dropped for non-payment
- Completing the process for tuition exemptions or waivers through Financial Aid

State-Mandated Course Drop Policy:

Texas law prohibits a student who began college for the first time in Fall 2007 or thereafter from dropping more than six courses during their entire undergraduate career. This includes courses dropped at another 2-year or 4-year Texas public college or university. For purposes of this rule, a dropped course is any course that is dropped after the census date (See Academic Calendar for the specific date). Exceptions to the 6-drop rule may be found in the catalog. Petitions for exemptions must be submitted to the Enrollment Services Center and must be accompanied by documentation of the extenuating circumstance. Please contact the Enrollment Services Center if you have any questions.

Student Accessibility and Resources

In accordance with Section 504 of the Rehabilitation Act, Americans with Disabilities Act (ADA) and the ADA Amendments Act (ADAAA) the University offers accommodations to students with learning, physical and/or psychiatric disabilities. If you have a disability, including non-visible disabilities such as chronic diseases, learning disabilities, head injury, PTSD or ADHD, or you have a history of modifications or accommodations in a previous educational environment you are encouraged to contact the Student Accessibility and Resources (SAR) office and schedule an interview with the Accessibility Case Manager/ADA Coordinator, Cynthia Lowery Staples. If you are unsure if the above criteria applies to you, but have questions or concerns please contact the SAR office. For more information or to set up an appointment please visit the SAR office located in the University Center, Room 3150 or call 903.566.7079. You may also send an email to cstaples@uttyler.edu

Student Absence due to Religious Observance

Students who anticipate being absent from class due to a religious observance are requested to inform the instructor of such absences by the second class meeting of the semester.

Student Absence for University-Sponsored Events and Activities

If you intend to be absent for a university-sponsored event or activity, you (or the event sponsor) must notify the instructor at least two weeks prior to the date of the planned absence. At that time the instructor will set a date and time when make-up assignments will be completed.

Social Security and FERPA Statement:

It is the policy of The University of Texas at Tyler to protect the confidential nature of social security numbers. The University has changed its computer programming so that all students have an identification number. The electronic transmission of grades (e.g., via e-mail) risks violation of the Family Educational Rights and Privacy Act; grades will not be transmitted electronically.

Everyone is required to exit the building when a fire alarm goes off. Follow your instructor's directions regarding the appropriate exit. If you require assistance during an evacuation, inform your instructor in the first week of class. Do not re-enter the building unless given permission by University Police, Fire department, or Fire Prevention Services.
