

Here is the plan that I created based on input from the UT-Austin consultant. It is subject to change when we get a CSD faculty on board. It just leaves out SPCM 1311, which is required and can be taken anytime. A minor is required but the field in which the student minors is not stipulated. Until the full-time person is hired, I've been suggesting minors based on the work the student might want to do professionally (e.g., educational psychology; health education; speech; business).

| Course | Fall Semester 2018 1 | Spring Semester 2019 2 | Fall Semester 2019 3 | Spring Semester 2020 4 |
|---|---------------------------------|-----------------------------------|---------------------------------|-----------------------------------|
| COMD 3306: Introduction to Communication Disorders | X | | | |
