Course Overview:

Media Design and Production is a course that allows for the learning of various technologies that will aid students in the task of producing print and digital layouts. These technologies include applications from the Adobe Creative Cloud applications. The applications that will be focused on are Photoshop, Illustrator, InDesign, and Adobe XD and design basics. There is no prerequisite knowledge needed for this course

Student Learning Outcomes:

- | |
|---|
| 1) Students will understand and apply the learned concepts and theories in the use and presentation of images, pages, information, tools, and technologies from the assigned Adobe CC applications. |
| 2) Demonstrate an ability to learn several computer software applications. |
| 3) Incorporate learned knowledge into practical creative project design by evaluating the perimeters of a project and skillfully completing it. |
| 4) Be able to successfully test learned knowledge of each given application in addition to the practical application of software. |

Title: Adobe Creative Cloud Subscription (Online Only)

This places the Creative Suite applications onto your personal computer.

“Creative Cloud Complete” Subscription at this link: <http://bit.ly/1U4ed9u>. This is the software to be downloaded to student’s computers and needed to operate the applications to be learned in this class.

Special Course Notes: -- The listed items are required.

- 1) This course (face-to-face) requires you to obtain a **subscription** to Adobe Creative Cloud (details under Required Textbooks and Readings), an external website/a resource to connect you to the applications necessary to complete your homework assignments.
- 2) A PC or Macintosh computer that is capable of running graphic applications. A minimum of 8 Gb of RAM or more. The mini computers are not recommended.
- 3) Three coursebooks listed above.
- 4) The computers in CAS 106 are available for the use of face-to-face and online classes. The schedule of availability should be on the door of CAS 106. Typically, there is more daytime availability on Mondays and Wednesdays. The lab is available most days until 8 PM. For assistance a Lab Tech is at your disposal in the Multimedia Production studio next door.
- 5) Lab Tech - For assistance a Lab Tech is at your disposal in the Multimedia Production Studio next door to CAS 106.

- 6) A large part of this course is comprised of learning the tools of graphic design by exercise, exam, and project.
- 7) Would like all of those considering the Graphic Design Minor to join the Design Club. More information to come.

Late Work and Make-Up Exams: UT Tyler does have a [Class Attendance policy](#) in the catalog. For those unexpected events that occur in our lives, most of the time you will receive full credit for late work. Other situations may result in a 10 – 20 pt. grade reduction.

Graded Course Requirements Information: *TEC 51.9705 (HB 2504) requires that you list AND describe all major assignments. It is absolutely acceptable to provide an overview and note that detailed information will be provided in class.*

Zoom Meeting: this is an opportunity where you meet with the instructor and to discuss your poster project assignment.

Adobe Creative Cloud Lessons and Exercises: These exercises (assignments) will give you an understanding of the major tools to be used for designing graphics. We begin with the page application InDesign, next the image application called Photoshop, and then the illustration application called Illustrator and finally Adobe XD. The exercises are tutorial lessons that consist of step-by-step methods of creating a variety of pre-designed compositions. The lessons are followed up by a Project within the same Module. *Details in Canvas.*

Exams (4): The exams will be a review of the major concepts learned from the assigned applications.

Projects (3): All of the projects are considered application which is a way to present or demonstrate what you have learned about each application.
 InDesign Brochure – Will be the re-creation of a simple brochure
 Movie Poster – This is the major Photoshop project of the year.
 Editorial Logo – In an effort to familiarize with not only the potential for Illustrator to create great logos, but also how to create logos that tell a story.

Critiques (4): Participate in the Movie Poster Critiques and the Editorial Logo Critiques.
