Course Overview:

Media Design and Production is a course that allows students to learn various technologies that will aid them in producing print and digital layouts. These technologies include applications from the Adobe Creative Cloud applications. The applications that will be focused on are Photoshop, Illustrator, InDesign, Adobe XD, Canva, and Design Basics. There is no prerequisite knowledge needed for this course

Student Learning Outcomes:

- | |
|---|
| 1) Students will understand and apply the learned concepts and theories in the use and presentation of images, pages, information, tools, and technologies from the assigned Adobe CC applications. |
| 2) Demonstrate an ability to learn several computer software applications. |
| 3) Incorporate learned knowledge into practical creative project design by evaluating the perimeters of a project and skillfully completing it. |
| 4) Be able to successfully test learned knowledge of each given application in addition to the practical application of software. |

Late Work and Make-Up Exams: UT Tyler does have a [Class Attendance policy](#) in the catalog. Most of the time, you will receive full credit for late work, especially for unexpected events that occur in your life. Other situations may result in a 10 – 20 pt—grade reduction.

Graded Course Requirements Information: *TEC 51.9705 (HB 2504) requires that you list AND describe all major assignments. It is absolutely acceptable to provide an overview and note that detailed information will be provided in class.*

Zoom Meeting: this is an opportunity where you meet with the instructor and to discuss your poster project assignment.

Adobe Creative Cloud Lessons and Exercises: These exercises (assignments) will give you an understanding of the major tools to be used for designing graphics. We begin with the page application InDesign, next the image application called Photoshop, and then the illustration application called Illustrator and finally Adobe XD. The exercises are tutorial lessons that consist of step-by-step methods of creating a variety of pre-designed compositions.

The lessons are followed up by a Project within the same Module. *Details in Canvas.*

Exams (4): The exams will be a review of the major concepts learned from the assigned applications.

Projects (3): All of the projects are considered application which is a way to present or demonstrate what you have learned about each application.

InDesign Brochure – Will be the re-creation of a simple brochure

Movie Poster – This is the major Photoshop project of the year.

Editorial Logo – I am trying to familiarize you with not only the potential for Illustrator to create excellent logos but also how to create logos that tell a story.

Critiques (4): Participate in the Movie Poster Critiques and the Editorial Logo Critiques.
