Extra-Credit Work

There is no extra credit work in this course.

Engagement Work

Engagement work is submitting drafts of assignments, engaging in in-class activities, and submitting worksheets etc. Engagement work is graded as complete or incomplete which is how Canvas handles pass/fail grading:

Complete: Meets expectations and is submitted on time

• Incomplete: Does not meet expectations and/or is not submitted on time

In most cases, engagement work cannot be revised or submitted after the due date. There may be situations which warrant an exception to this policy—see "Missed Work." Recurring engagement work that is graded as incomplete precludes exceptions.

Public Writing

I will use student work to discuss what is working well and areas for improvement. If you would like me to not use a particular draft in class, please let me know.

Submitting Assignments

Assignments have to be submitted as a Word document in the correct drop box in Canvas. Do not zip your files or submit a PDF. Assignments that do not adhere to these requirements will be graded a 0.

For a free copy of Microsoft Office, including Word, click here.

Attendance Policy

Students are expected to attend all class sessions. Missing more than two class sessions in weeks one through seven is grounds for failing the class.

It is your responsibility to find out from other students what happened in class during your absence.

Being late (arriving after I take attendance) two times equals an absence. If you are late, it is your responsibility to remind me AFTER CLASS to note that you were late not absent. Similarly, leaving early (before I dismiss class) two times equals an absence.

Missed Work

If you see that you will miss, or you do miss, a week or more of class work due to an illness or a significant life event, contact me ASAP. I will discuss the situation with you to determine if you can keep up with the class. Documentation may be required.

For relevant UTT policies, see the UTT policy on "Class Attendance/Excused Absences," and the UTT policy on withdrawals including "Medical Withdrawal/Course Load Reduction."

Class Communication

If you have individual questions, you can talk with me after class and/or set up a time to meet in person or via Zoom.

Contacting Me

Please use Canvas messages to contact me. Per the <u>UTT Email Policy</u>, I will not reply to emails sent from non-UTT email addresses.

Canvas messages and emails should provide a succinct overview of the topic and should have complete sentences and reasonably correct grammar. In the subject line list the class (ENGL-0300), your name, and a topic.

Announcements in Canvas

I will use announcements in Canvas to communicate essential information. It is your responsibility to read and utilize the information in announcements.

For a tutorial on announcements, <u>click here</u>. To manage notifications, click on "Canvas notifications" in the blue box at the top of the page. For help in resetting notifications, click on the help button on the left-hand side of your UTT Canvas home page (the question mark in a circle) and call the "Canvas Support Hotline (Students)."

Academic Dishonesty & Disruptive Behavior

This class has a **Zero Tolerance Policy** for academic dishonesty. Any act of academic dishonesty will result in immediate failure of the entire course and will be reported to the Office of Student Conduct and Intervention. For the UTT definition of "academic dishonesty," see "University Policies and Information" in the UT Tyler Syllabus module.

Disruptive behavior will be reported to the Office of Student Conduct and Intervention and may result in failing the class and/or University sanctions. For the UTT definition of "disruptive behavior," see "University Policies and Information" in the UT Tyler Syllabus module.

Using Work from Other Classes

From the UTT Manual of Policies and Procedures for Student Affairs Chapter 8. Student Conduct and Discipline:

Sec. 8-802. Academic Dishonesty

b. "Academic Dishonesty" includes, but is not limited to: cheating, plagiarism, collusion, the submission for credit of any work or materials that are attributable, in whole or in part, to another person without giving sufficient credit, taking an examination for another person, falsifying academic records, and any act designed to give unfair academic advantage to the student (such as, but not limited to: **submission of essentially the same written assignment for two courses without the prior permission of the instructor**, providing false or misleading information in an effort to receive a postponement or an extension on a test, quiz, or other assignment), or the attempt to commit such an act. (Emphasis added)

Before you draw on research, written work, or any other work from another class for any assignment in this class, consult with me.

Required UTT AI Statement

UT Tyler is committed to exploring and using artificial intelligence (AI) tools as appropriate for the discipline and task undertaken. We encourage discussing AI tools' ethical, societal, philosophical, and disciplinary implications. All uses of AI should be acknowledged as this aligns with our commitment to honor and integrity, as noted in UT Tyler's Honor Code. Faculty and students must not use protected information, data, or copyrighted materials when using any AI tool.

Additionally, users should be aware that AI tools rely on predictive models to generate content that may appear correct but is sometimes shown to be incomplete, inaccurate, taken without attribution from other sources, and/or biased. Consequently, an AI tool should not be considered a substitute for traditional approaches to research. You are ultimately responsible for the quality and content of the information you submit. Misusing AI tools that violate the guidelines specified for this course (see below) is considered a breach of academic integrity. The student will be subject to disciplinary actions as outlined in UT Tyler's Academic Integrity Policy.

Al Use in this Course

Unless I approve otherwise, using AI to write, revise, or edit assignments is prohibited. This stipulation applies to all drafts—from first drafts to final drafts.

Write: Having an AI writing assistant generate a draft or drafts of an assignment

Revise: Having an AI writing assistant revise your writing to meet grading criteria or to provide

feedback which you then implement

Edit: Having an AI writing assistant edit your draft for sentence-level concerns

Any assignment, including drafts and other writing process work, with AI-generated content and/or AI-revised or edited content, other than as permitted via explicit class instructions, will be submitted to the Office of Student Conduct and Intervention for a scholastic dishonesty violation.

To comply with the class AI policy, you will need to disable Copilot in Word and the "Help Me Write" and "Smart Compose" in Google Doc. Also, Grammarly is an AI writing assistant. Do not use Grammarly without my permission.
