Math 1324

Spring 2026

Statistics

Instructor: Leslie Stice

Contact: Email lstice@wisd.org

Course Description: This course is a study of measures on central tendency and dispersion, sampling, probability, and confidence intervals. It corresponds to the material in Chapters 1-6 in the book.

Prerequisites: Meet TSI college-readiness standard for Mathematics; or equivalent.

Instructional Materials:

Statistics, Unlocking the Power of Data by Locke, Locke, and Locke ISBN 978-111-944-7702 (WileyPlus)

Methods of Evaluations:

Homework (on Wiley) 20%
Tests (in class) 60%
Final Exam 20%

Class policies:

Regular attendance at all class meetings is expected. Disruptions in class will not be tolerated. This is a college course, therefore even if you miss class, you are responsible for all things that took place in class. Homework is due a week after we do the assignment in class. If you cheat, you will receive a zero on that assignment.
