Thank you for your support!

Firstly, I'd like to thank those who have helped me grow and come this far as to produce my very own professional record! I hope this goes without saying, but there is a list of names I would like to acknowledge for helping me make this possible, for leaving an impression on my life, and for supporting me on my journey towards this remarkable goal!

Kevin Stone	Dr. Sarah Roberts	Giant Boykin
Andrew Kier	Dr. Rico Allen	Rick Condit
Cliff Horn	Dr. Jeff Emge	Jack Benson
Amy King	Gary Freeman	Christian Wiggs
Al Campbell	George Faber	Chad LB
Darrell Lavigne	J.T. Pundt	Nathan Graybeal
Dr. Justin Pierce	Eli Love	

If your name is listed above, thank you, and know that your presence in my life and on this journey has not gone unnoticed. You deserve just as much credit If not more in all of this.

Lastly, thank you to my family, and friends, for providing me with the courage and love needed to get me this far. You know who you are and I couldn't have done it with out.

I would also like to thank any of those who contributed to the financial process of producing this record! You won't regret it and I will never forget your willingness and ability to make dreams like these come true!!!
