# Meet the Instructor: Ms. Vicki Conway

Hello! I'm Mrs. Conway, aka 'the dragon' as nicknamed by a recent graduate Bethany Woolman, who is now a medical student at UT Rio Grand Valley. Piano can be an intimidating instrument, but with guided practice it is very user friendly and a valuable support instrument for all your music classes and eventually your career. It does require a time commitment outside of class but my goal is to help you learn to *practice smarter, not longer - for lasting results with the least amount of effort!*

**On a personal note**, I live in Longview with my husband Bret and 2 cats. We sadly lost all 3 of our dogs this past year. I'm also a mom of 3 grown daughters and a grandma to 4 girls, 1 boy and another boy expected to arrive in October. My hobby is learning! I did almost half the coursework for a doctorate degree at The University of Oklahoma, but family priorities ultimately prevented me from completing it. *So I fully understand the challenges of balancing school, work, family and life. If/when you get overwhelmed and need extra time, extra space or extra help, just ask!* I love teaching piano and music to all ages and levels and if I'm ever coming across as a 'dragon', it's ok to let me know. Let's have some fun along the way!

# Special Course Notes

- **Set aside a 30 minute block of time 4 - 5 days per week for practice.**
  - On campus and between classes is ideal! Once you leave campus it will be harder to fit practicing in your schedule!
  - Short focused practices throughout the week are far more productive than fewer longer ones.
- ***Come to every class even if you haven't practiced or feel completely unprepared.***
  - Many assignments will be done IN CLASS and certain assignments may be waived! The only time you should miss class is in case of illness.
  - As this is a lab with shared keyboards and headphones, please do not come to class if you have a contagious illness.
  - Do your best with realistic expectations and grace – some modules will be harder than others and life happens! Please let me know if there are extenuating circumstances causing you to struggle.

# Special Course Notes: Artificial Intelligence (AI)

- UT Tyler is committed to exploring and using artificial intelligence (AI) tools as appropriate for the discipline and task undertaken. We encourage discussing AI tools' ethical, societal, philosophical, and disciplinary implications. All uses of AI should be acknowledged as this aligns with our commitment to honor and integrity, as noted in UT Tyler's Honor Code. Faculty and students must not use protected information, data, or copyrighted materials when using any AI tool. Additionally, users should be aware that AI tools rely on predictive models to generate content that may appear correct but is sometimes shown to be incomplete, inaccurate, taken without attribution from other sources, and/or biased. Consequently, an AI tool should not be considered a substitute for traditional approaches to research. You are ultimately responsible for the quality and content of the information you submit. Misusing AI tools that violate the guidelines specified for this course (see below) is considered a breach of academic integrity. The student will be subject to disciplinary actions as outlined in UT Tyler's Academic Integrity Policy.
- **For this course, AI is permitted, but any use for written work must be acknowledged and properly documented.**

# Attendance

**ATTENDANCE** is required at all classes in order to fully understand assignments/grading criteria and to benefit from in-class drills, learning strategies, and feedback. If you are ill, send an email to [vconway@uttyler.edu](mailto:vconway@uttyler.edu) PRIOR to class. Notify all instructors anytime you will be absent, *just as you would an employer!* Appropriate documentation is required for an excused absence, especially on test days.

*Please make sure that work does not interfere with your ability to attend class and complete assignments. You must schedule time for both sleep and practice!*

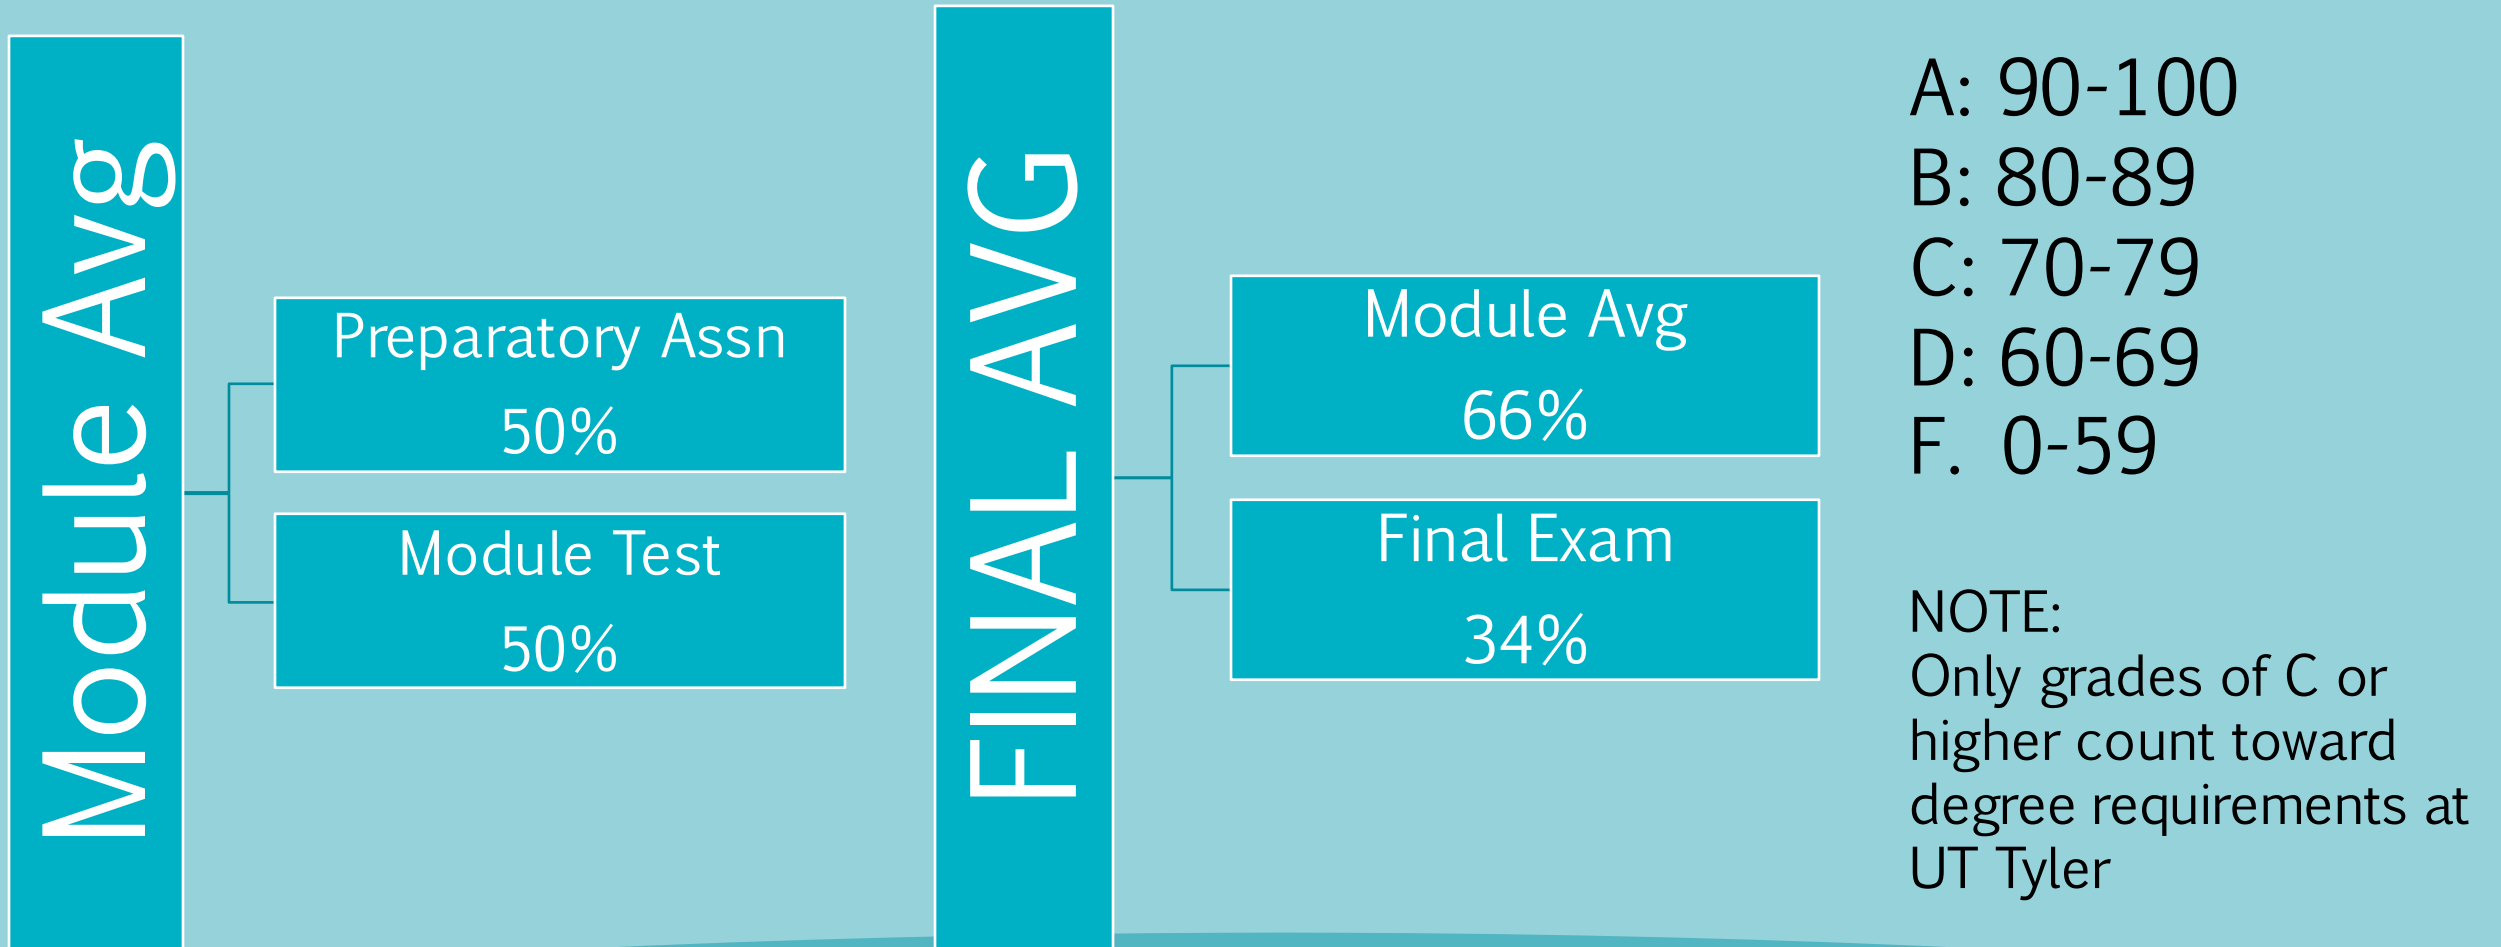

# Late Work

Deadlines are firm and tests will be given on the designated dates.

- Late assignments are accepted but will be limited to an 85 as the highest possible grade within one week and a 75 if later than one week.
- In case of excused absence on the date of a module test, students must submit any videos for late assignments *and* schedule a make up test *within one week* to avoid a late penalty. Extended illness considerations will be given on a case-by-case basis.
- Additional attempts to pass or improve a module score are allowed without penalty, *provided the test was taken on the due date*. You must however, move on to the next module with the class.

Some module assignments will be in class drills with a grade of Complete/Incomplete in Canvas. Students missing class will be required to submit a video of the assignment to receive a grade of Complete. *Each incomplete grade in Canvas will lower the final course average by one point.*

- Artificial Intelligence Statement

- UT Tyler is committed to exploring and using artificial intelligence (AI) tools as appropriate for the discipline and task undertaken. We encourage discussing AI tools' ethical, societal, philosophical, and disciplinary implications. Misusing AI tools that violate the guidelines specified for this course is considered a breach of academic integrity. - Final Exam Policy

- Final examinations are administered as scheduled. If unusual circumstances require that special arrangements be made for an individual student or class, the Dean of the appropriate college, after consultation with the faculty member involved, may authorize an exception to the schedule. Faculty members must maintain student final examination papers for a minimum of three months following the examination date.

- Incomplete Grade Policy
- If a student, because of extenuating circumstances, is unable to complete all of the requirements for a course by the end of the semester, then the instructor may recommend an Incomplete (I) for the course. The "I" may be assigned in place of a grade only when all of the following conditions are met: (a) the student has been making satisfactory progress in the course; (b) the student is unable to complete all coursework or final exam due to unusual circumstances that are beyond personal control and are acceptable to the instructor, and (c) the student presents these reasons before the time that the final grade roster is due. The semester credit hours for an Incomplete will not be used to calculate the grade point average. The student and the instructor must submit an Incomplete Form detailing the work required and the time by which the work must be completed to their respective department chair or college dean for approval. The time limit established must not exceed one year. Should the student fail to meet all of the work for the course within the time limit, then the instructor may assign zeros to the unfinished work, compute the course average for the student, and assign the appropriate grade. If a grade has yet to be assigned within one year, then the Incomplete will be changed to an F, or NC. If the course was initially taken under the CR/NC grading basis, this may adversely affect the student's academic standing.
- Grade Appeal Policy
- Disputes regarding grades must be initiated within sixty (60) days from the date of receiving the final course grade by filing a Grade Appeal Form with the instructor who assigned the grade. A grade appeal should be used when the student thinks the final course grade awarded does not reflect the grades earned on assessments or follow the grading scale as documented in the syllabus. The student should provide the rationale for the grade appeal and attach supporting document about the grades earned. The form should be sent via email to the faculty member who assigned the grade. The faculty member reviews the rationale and supporting documentation and completes the instruction section of the form. The instructor should return the form to the student, even if a grade change is made at this level. If the student is not satisfied with the decision, the student may appeal in writing to the Chairperson of the department from which the grade was issued. In situations where there is an allegation of capricious grading,
- discrimination, or unlawful actions, appeals may go beyond the Chairperson to the Dean or the Dean's designee of the college from which the grade was issued, with that decision being final. The Grade Appeal form is found in the Registrar's Form Library.
- NOTE: The Grade Appeal Form is different from the Application for Appeal form submitted to the Student Appeals Committee, which does not rule on grade disputes as described in this policy.
- Disability/Accessibility Services
- In accordance with Section 504 of the Rehabilitation Act, Americans with Disabilities Act (ADA) and the ADA Amendments Act (ADAAA), the University of Texas at Tyler offers accommodations to students with learning, physical, and/or psychological disabilities. It is important to make your faculty member aware of any complications as far in advance as possible. Your faculty member is willing to work with you and, if needed, put you in contact with university staff who are trained to assist you.
