**Descriptions of Major Assignments and Examinations:**

**IRB Human Subjects Training (5% of Final Grade)**

Social sciences research generally includes data obtained through the use of human subjects. Due to the sensitivity of this issue, all human subjects research conducted at the University must be approved by the school’s Institutional Review Board (IRB) before beginning. The major goals of the IRB are to minimize the risk to human subjects (beneficence); ensure all subjects consent and are fully informed about the research and any risks (autonomy); and promote equity in human subjects research (justice). Therefore, this course requires students to take the human subjects protection course by

following the steps at [UT Tyler IRB Compliance Training \(https://www.uttyler.edu/research/compliance/irb/training/\)](https://www.uttyler.edu/research/compliance/irb/training/).

Once completed, students are to upload their completion certificate to the assigned module in Canvas

### **Participation (10% of Final Grade)**

Attendance and active engagement in the course discussions will be essential to students' success in this course. Students will lose 5 points off their participation grade for each absence as participation can only occur when students are present (either via Zoom or in-person). For extenuating circumstances regarding absences, students are encouraged to speak directly with the instructor prior to an absence (if possible).

### **Lab Lessons (65% of Final Grade)**

Each week, students are given a lab assignment, which is due by 11:59pm the day prior to our next lab class date. Lab lessons will include writing assignments aligning with the topic presented in class that corresponds with a portion of a real life research proposal. Responses to written assignments should demonstrate application of course materials and indicate increasing awareness of knowledge and skills related to Social Work research methodology. All writing is expected to demonstrate college-level writing skills and grammar. Lab writing assignments with multiple errors will be returned to students for revision prior to a grade being given. All work will have appropriate citations in APA format. Additional instructions for each lab assignment will be presented in class and posted in Canvas. See course schedule for due dates.

### **FINAL PROJECT/PAPER (20% of Final Grade)**

Your final project/paper will basically be the result of your weekly assignments. This project will be a "work in progress" across the semester. You will be able to revise the weekly assignments as you go and turn in a "perfected" product. The only thing (other than revisions) that you should have to add to the final product, is the references and appendixes. Your references should be kept as a "running list" throughout the weekly assignments and accumulate. Make sure you have proper APA format. Please ask if you do not know what this involves as it is the accepted format for professional social work research proposals/articles.

### **Grade Replacement/Forgiveness and Census Date Policies**

Students repeating a course for grade forgiveness (grade replacement) must file a Grade Replacement Contract with the Enrollment Services Center (ADM 230) on or before the Census Date of the semester in which the course will be repeated. Grade Replacement Contracts are available in the Enrollment Services Center or at <http://www.uttyler.edu/registrar>. Each semester's Census Date can be found on the Contract itself, on the Academic Calendar, or in the information pamphlets published each semester by the Office of the Registrar.

Failure to file a Grade Replacement Contract will result in both the original and repeated grade being used to calculate your overall grade point average. Undergraduates are eligible to exercise grade replacement for only three course repeats during their career at UT Tyler; graduates are eligible for two grade replacements. Full policy details are printed on each Grade Replacement Contract.

The Census Date is the deadline for many forms and enrollment actions of which students need to be aware. These include:

- Submitting Grade Replacement Contracts, Transient Forms, requests to withhold directory information, approvals for taking courses as Audit, Pass/Fail or Credit/No Credit.
- Receiving 100% refunds for partial withdrawals. (There is no refund for these after the Census Date)
- Schedule adjustments (section changes, adding a new class, dropping without a "W" grade)
- Being reinstated or re-enrolled in classes after being dropped for non-payment
- Completing the process for tuition exemptions or waiver through Financial Aid State-Mandated

### **Course Drop Policy**

Texas law prohibits a student who began college for the first time in Fall 2007 or thereafter from dropping more than six courses during their entire undergraduate career. This includes courses dropped at another 2-year or 4-year Texas public college or university. For purposes of this rule, a dropped course is any course that is dropped after the census date (See Academic Calendar for the specific date).

Exceptions to the 6-drop rule may be found in the catalog. Petitions for exemptions must be submitted to the Enrollment Services Center and must be accompanied by documentation of the extenuating circumstance. Please contact the Enrollment Services Center if you have any questions.

## **Student Absence for University-Sponsored Events and Activities**

If you intend to be absent for a university-sponsored event or activity, you (or the event sponsor) must notify the instructor at least two weeks prior to the date of the planned absence. At that time the instructor will set a date and time when make-up assignments will be completed.

## **Social Security and FERPA Statement**

It is the policy of The University of Texas at Tyler to protect the confidential nature of social security numbers. The University has changed its computer programming so that all students have an identification number. The electronic transmission of grades (e.g., via e-mail) risks violation of the Family Educational Rights and Privacy Act; grades will not be transmitted electronically.

If you require assistance during an evacuation, inform your instructor in the first week of class. Do not re-enter the building unless given permission by University Police, Fire department, or Fire Prevention Services.
