COURSE CATALOG DESCRIPTION

CRIJ 2328 - Police Systems and Practices [TCCN: CRIJ 2328]. This course serves as an introductory examination the structures, functions, and operations of law enforcement agencies in the United States, with emphasis on municipal police departments. The course surveys police operations, staff functions, personnel policies, and current innovations utilized in delivering police services. It covers such topics as police discretion, ethics, police-community relations, and the future of policing in American society. This course serves as a prerequisite to CRIJ 4333, *Advanced Police Systems and Practices*.

COURSE RATIONALE

This course provides you with an overview of policing in the United States. Students will learn the "who, what, when, where, why, and how" of American law enforcement. This course will give you the basic information you need to understand the complexities of our law enforcement system and why it is the way it is today.

COURSE ASSIGNMENTS

It is the student's responsibility to keep track of due dates. Please note that quizzes, assignments, and tests will be available for several days, so missing a due date for any given quizzes, assignments, or tests will translate into a score of zero. There will be no extra credit or extensions to complete any missed quizzes, assignments, or tests.

1. **Anti-Plagiarism Certificate:** You must complete the free, online **anti-plagiarism course** indicated under the Syllabus Module. Upon completion of the two required modules, you must upload a copy of your completion certificate to Canvas. **This certificate is worth 5% of your grade and is required for successful completion of the course.**
2. **Quizzes and Assignments:** Reading the assigned chapters puts concepts into action. To help with retention and comprehension of the material, you will complete short quizzes each week. Quizzes will consist of multiple choice and true/false questions. **Quizzes are worth 50% of your grade.**
3. **Assignments:** You will, from time to time, be required to complete various assignments that will help you to master the content we've covered. **Assignments are worth 25% of your grade.**
4. **Final Exam:** The final will consist of true/false and multiple-choice questions taken from the material covered during the semester. **Your final exam is worth 20% of your grade.**

CENSUS DATE

The census date for this summer class is **Monday, September 8, 2025**. Drops/withdrawals after Census Date and before the Last Day to Withdraw will result in a grade of W. Courses dropped prior to Census Date will not appear on the student's record or the transcript.

ARTIFICIAL INTELLIGENCE POLICY

UT Tyler is committed to exploring and using artificial intelligence (AI) tools as appropriate for the discipline and task undertaken. We encourage discussing AI tools' ethical, societal, philosophical, and disciplinary implications. All uses of AI should be acknowledged as this aligns with our commitment to honor and integrity, as noted in UT Tyler's Honor Code. Faculty and students must not use protected information, data, or copyrighted materials when using any AI tool. Additionally, users should be aware that AI tools rely on predictive models to generate content that may appear correct but is sometimes shown to be incomplete, inaccurate, taken without attribution from other sources, and/or biased. Consequently, an AI tool should not be considered a substitute for traditional approaches to research. You are ultimately responsible for the quality and content of the information you submit. Misusing AI tools that violate the guidelines specified for this course (see

below) is considered a breach of academic integrity. The student will be subject to disciplinary actions as outlined in UT Tyler's Academic Integrity Policy.

The work submitted by students in this course will be generated by themselves. This includes all process work, drafts, brainstorming artifacts, editing, and final products. This extends to group assignments where students must collaboratively create the project. Any instance of the following constitutes a violation of UT Tyler's Honor Code: a student has another person/entity do any portion of a graded assignment, which includes purchasing work from a company, hiring a person or company to complete an assignment or exam, using a previously submitted assignment and/or using AI tools (such as ChatGPT).
