### Course Description

This course introduces students to the fundamental concepts of economics. The course has elements from both microeconomics and macroeconomics.

### Course Objectives

After completing this course, students will be able to

1. Describe basic economic concepts and principles.
2. Judge or interpret discussions, news, and articles involving economic concepts and principles.

### Grading Policy

Component	Weight
Exams	30%
FRE	30%
Quizzes	25%
Discussions	15%

The course consists of four non-cumulative exams. I will drop the lowest, and the remaining three will make up 30% of your final grade. You will have weekly quizzes, except for exam weeks. I will drop the lowest quiz score, and the rest will make up 25% of your final grade. I will assign work from the Federal Reserve Education (FRE) platform every week. These assignments will be 30% of your final grade. You will also have short discussion assignments/activities throughout the semester (15%). Your overall score will be calculated based on your averages in the above categories and their respective weights. Your letter grade will be assigned according to the grading scale below.

## Grading Scale

Grade	Score
A	88 or higher
B	87 – 78
C	77 – 65
D	64 – 50
F	below 50

## Late Policy

Exam due dates are marked in the course schedule below. You will have an entire week to work on assignments (due on Sundays). Please try to submit assignments by the due dates to help you stay organized in the course. Falling behind, even by a few weeks, can make it difficult to catch up. However, I understand that things happen, so you have up to three "**Life Happens**" passes per semester. If you miss a deadline, email me (within a week) to request one of your passes by briefly explaining why you were unable to complete the assignment on time. Missing work will be assigned a zero two weeks after its due date.

## Retake and Extra Credit

I do not offer extra credit assignments. However, most assignments (not all) from FRE allow unlimited attempts, giving you the opportunity to achieve perfect scores. Quizzes and tests on Canvas do not allow retakes and will be proctored by Respondus Monitor.

## Textbook

There is no textbook. FRE and my videos are the main sources of content.

## Course Structure

Everything about this course will be on Canvas. Check the Canvas course page regularly for announcements or any other updated materials. Make sure you receive emails sent through Canvas. I will create weekly units under “Modules” and post the relevant course materials and assignments you must complete each week in these weekly modules.

## Communication

You can reach out to me via three channels:

1. Message on Canvas
2. Email (msaygili@uttyler.edu)
3. Office hours (TuTh 9:15 am – 10:45 am)

## **Online Proctoring**

This course requires the use of LockDown Browser and a webcam for online exams (except for FRE assignments). The webcam can be the type that's built into your computer or one that plugs in with a USB cable.

Watch this brief video to get a basic understanding of LockDown Browser and the webcam feature.

<https://www.respondus.com/products/lockdown-browser/student-movie.shtml>

### **Download Instructions**

- Select a quiz from the course
- If you have not already installed LockDown Browser, select the link to download the application and follow the installation instructions
- Return to the quiz page in a standard browser
- LockDown Browser will launch, and the quiz will begin

Note: LockDown Browser only needs to be installed once per computer or device. It will start automatically from that point forward when a test requires it.

### **Guidelines**

When taking an online exam, follow these guidelines:

- Select a location where you are comfortable having a video recording taken of yourself and your workspace environment. This area should be free of distractions and interruptions.
- Turn off all other devices (e.g. tablets, phones, second computers) and place them outside of your reach
- Before starting the test, know how much time is available for it, and also that you've allotted sufficient time to complete it
- Clear your desk or workspace of all external materials not permitted - books, papers, other devices
- Remain at your computer for the duration of the test
- If the computer, Wi-Fi, or location is different than what was used previously with the "Webcam Check" and "System & Network Check" in LockDown Browser, run the checks again prior to the exam
- To produce a good webcam video, do the following:
  - Avoid wearing baseball caps or hats with brims

- Ensure your computer or device is on a firm surface (a desk or table). Do NOT have the computer on your lap, a bed, or other surface where the device (or you) are likely to move
- If using a built-in webcam, avoid readjusting the tilt of the screen after the webcam setup is complete
- Take the exam in a well-lit room, but avoid backlighting (such as sitting with your back to a window)
- Remember that LockDown Browser will prevent you from accessing other websites or applications; you will be unable to exit the test until all questions are completed and submitted.

## Getting Help

Several resources are available if you encounter problems with LockDown Browser:

- The Windows and Mac versions of LockDown Browser have a "Help Center" button located on the toolbar. Use the "System & Network Check" to troubleshoot issues. If an exam requires you to use a webcam, also run the "Webcam Check" from this area
- 24/7/365 Live Chat Support is also available from the Help Center, or from within the "it's not working" troubleshooter.
- Respondus has a Knowledge Base available from [support.respondus.com](http://support.respondus.com). Select "LockDown Browser & Respondus Monitor" as the product to view helpful articles.
- If you're still unable to resolve a technical issue with LockDown Browser, go to [support.respondus.com](http://support.respondus.com) and select "Submit a Ticket". Provide detailed information about your problem and what steps you took to resolve it.

Please note that you will be asked to show your surroundings and photo ID before each test. If you feel uncomfortable showing your ID or, in general, being proctored in an online class, please consider dropping the course. I believe it is crucial to have a proctoring tool that ensures students are evaluated on a fair basis, and Respondus is the only option for this class.

## Flags Policy

Students get flagged when there is a possibility of academic dishonesty. Students are not allowed to use resources other than the ones specified in the test descriptions. Students cannot use other devices, check notes or textbooks, look off-screen for extended time, speak to others, or wear head coverings or glasses that prevent proper monitoring of their eyes. Students need to remain visible to the camera during tests. Students will receive a warning on the first flag, a 10-point reduction on the second, and a zero on the third and all subsequent flags. Students who continue to get flagged will fail the class.

## AI Policy

AI is not permitted in this course. I expect all work students submit for this course to be their own. I have carefully designed all assignments and class activities to support your learning. Doing your own work, without human or artificial intelligence assistance, is best for your efforts in mastering course learning objectives. For this course, I expressly forbid using ChatGPT or any other artificial intelligence (AI) tools for any stages of the work process, including brainstorming. Deviations from these guidelines will be considered a violation of UT Tyler's Honor Code and academic honesty values.

## UNIVERSITY POLICIES AND INFORMATION

### Withdrawing from Class

---

Students may [withdraw](#) (drop) from this course using the [Withdrawal Portal](#). Withdrawing (dropping) this course can impact your Financial Aid, Scholarships, Veteran Benefits, Exemptions, Waivers, International Student Status, housing, and degree progress. Please speak with your instructors, consider your options, speak with your advisor, and visit the One-Stop Service Center (STE 230) or email [enroll@uttyler.edu](mailto:enroll@uttyler.edu) to get a complete review of your student account and the possible impacts to withdrawing. We want you to make an informed decision. UT Tyler faculty and staff are here for you and often can provide additional support options or assistance. Make sure to carefully [read the implications for withdrawing from a course and the instructions](#) on using the [Withdrawal portal](#).

Texas law prohibits students from dropping more than six courses during their entire undergraduate career\*. The six courses dropped include those from other 2-year or 4-year Texas public colleges and universities. Consider the impact withdrawing from this class has on your academic progress and other areas, such as financial implications. We encourage you to consult your advisor(s) and Enrollment Services for additional guidance. **CAUTION #1:** Withdrawing before census day does not mean you get a full refund. Please see the [Tuition and Fee Refund Schedule](#). **CAUTION #2:** All international students must check with the [Office of International Programs](#) before withdrawing. All international students are required to enroll full-time for fall and spring terms. **CAUTION #3:** All UT Tyler Athletes must check with the Athletic Academic Coordinator before withdrawing from a course. **CAUTION #4:** All veterans or military-affiliated students should consult with the [Military and Veterans Success Center](#).

\* Students who began college for the first time before 2007 are exempt from this law.

### Artificial Intelligence Statement

---

UT Tyler is committed to exploring and using artificial intelligence (AI) tools as appropriate for the discipline and task undertaken. We encourage discussing AI tools' ethical, societal, philosophical, and disciplinary implications. All uses of AI should be acknowledged as this aligns with our commitment to honor and integrity, as noted in UT Tyler's Honor Code. Faculty and students must not use protected information, data, or copyrighted materials when using any AI tool. Additionally, users should be aware that AI tools rely on predictive models to generate content that may appear correct but is sometimes shown to be incomplete, inaccurate, taken without attribution from other sources, and/or biased. Consequently, an AI tool should not be considered a substitute for traditional approaches to research. You are ultimately responsible for the quality and content of the information you submit. Misusing AI tools that violate the guidelines specified for this course is considered a breach of academic integrity. The student will be subject to disciplinary actions as outlined in UT Tyler's Academic Integrity Policy. Refer to the About This Course section of the UT Tyler Syllabus Module for specific information on appropriate use of AI in your course(s).

## **Final Exam Policy**

---

Final examinations are administered as scheduled. If unusual circumstances require that special arrangements be made for an individual student or class, the Dean of the appropriate college, after consultation with the faculty member involved, may authorize an exception to the schedule. Faculty members must maintain student final examination papers for a minimum of three months following the examination date.

## **Incomplete Grade Policy**

---

If a student, because of extenuating circumstances, is unable to complete all of the requirements for a course by the end of the semester, then the instructor may recommend an Incomplete (I) for the course. The "I" may be assigned in place of a grade only when all of the following conditions are met: (a) the student has been making satisfactory progress in the course; (b) the student is unable to complete all coursework or final exam due to unusual circumstances that are beyond personal control and are acceptable to the instructor, and (c) the student presents these reasons before the time that the final grade roster is due. The semester credit hours for an Incomplete will not be used to calculate the grade point average. The student and the instructor must submit an Incomplete Form detailing the work required and the time by which the work must be completed to their respective department chair or college dean for approval. The time limit established must not exceed one year. Should the student fail to meet all of the work for the course within the time limit, then the instructor may assign zeros to the unfinished work, compute the course average for the student, and assign the appropriate grade. If a grade has yet to be assigned within one year, then the Incomplete will be changed to an F, or NC. If the course was initially taken under the CR/NC grading basis, this may adversely affect the student's academic standing.

## **Grade Appeal Policy**

---

Disputes regarding grades must be initiated within sixty (60) days from the date of receiving the final course grade by filing a Grade Appeal Form with the instructor who assigned the grade. A grade appeal should be used when the student thinks the final course grade awarded does not reflect the grades earned on assessments or follow the grading scale as documented in the syllabus. The student should provide the rationale for the grade appeal and attach supporting document about the grades earned. The form should be sent via email to the faculty member who assigned the grade. The faculty member reviews the rationale and supporting documentation and completes the instruction section of the form. The instructor should return the form to the student, even if a grade change is made at this level. If the student is not satisfied with the decision, the student may appeal in writing to the Chairperson of the department from which the grade was issued. In situations where there is an allegation of capricious grading, discrimination, or unlawful actions, appeals may go beyond the Chairperson to the Dean or the Dean's designee of the college from which the grade was issued, with that decision being final. The Grade Appeal form is found in the [Registrar's Form Library](#).

NOTE: The Grade Appeal Form is different from the Application for Appeal form submitted to the Student Appeals Committee, which does not rule on grade disputes as described in this policy.
