**SOULES COLLEGE OF BUSINESS  
ADJUNCT FACULTY PAY POLICY**

The Soules College of Business policy is to normally pay adjuncts with Master's degree \$3000 per course and those with Doctorates, significant relevant experience, or special credentials \$4000 per course. Due to the difficulty in securing adjunct faculty in Accounting and Finance, the upper level could go up to \$5000 for a Doctorate, significant relevant experience, or special credentials. Exceptions to this policy for special circumstances may be made with approval of the Dean.
