## **CLASS LECTURE & READING ASSIGNMENTS**

Chapters should be **read prior to coming to class**. All course lectures, in class activities, and discussions assume that you have completed the required reading prior to coming to class. Hanlon, Hodder, Nelson, Roulstone & Dragoo Intermediate Accounting: Reporting and Analysis, 2<sup>nd</sup> edition, the required text for this class, is an essential part of your classroom experience and a key component to you being prepared and succeeding in this course. MyBusinessCourse contains an e-book for your utilization.

## **EXAMINATIONS (80% OF FINAL GRADE)**

Three achievement exams and a final exam will be given during the semester. The content and format of the exams will vary but may include any of the following: multiple choice questions, problems, exercises, matching, or essays. During exams, only simple four-function calculators are allowed. No programmable calculators or cell phones are allowed during an examination.

Make-up exams are not provided. Under extenuating conditions (hospitalization, medical emergency, physical injury, or death of an immediate family member), a special time to take the exam before the exam results are discussed with the professor must be scheduled. You **MUST** bring proof of your medical issue (or death), in order to facilitate the special arrangement. All athletes must present (at the beginning of the semester) a schedule of approved absences in order to make up work.

If you believe there is an error in grading of an exam, bring it to my attention within two weeks of the date that the exam is graded by stating your reason in writing.

## **HOMEWORK AND REVIEW (13% OF FINAL GRADE)**

Class assignments in written format must be submitted to fulfill this requirement. Students should understand that accounting is an applied discipline and working problems is essential to the learning of accounting. The assignments will require using the skills and knowledge you gained by reading the text, viewing the posted PPT and attending class. Submissions will be graded for completeness, accuracy, and professionalism. A wise person wrote – I hear, and I forget, I see and I remember, I do and I understand.

Homework should be completed (attempted) prior to the beginning of class on the assigned date. Late Text end-of-chapter BE assignments will be accepted with a reduced score until the Exam covering the material is administered. Late MBC chapter submissions will be accepted until the Exam covering that chapter is administered. Experience has shown that a clear understanding of accounting concepts and principles requires working through problems. While it can be difficult and even frustrating, the result of understanding will serve you well in the future. Consultation with others on the assigned problems is highly encouraged but you should not copy another student's work.

## **ATTENDANCE AND PARTICIPATION (7% OF FINAL GRADE)**

Attendance and participate in the class activities constitute 10% of your final grade. Attendance will be noted for each class and will be considered when evaluating participation. Class participation is highly encouraged, and students will be called upon during class.

Your video camera is required to be turned on during the entire zoom class period.
