1. American Community Survey 2019-2023, unless noted otherwise
2. Median values for certain aggregate regions (such as MSAs) may be estimated as the weighted averages of the median values from the composing counties.
3. Disconnected Youth are 16-19 year olds who are (1) not in school, (2) not high school graduates, and (3) either unemployed or not in the labor force.
4. Census Population Estimate for 2024, annual average growth rate since 2014.
5. The Census's method for calculating median house values changed with the 2022 data set, so pre-2022 values are not directly comparable with later data.

Occupation Snapshot

The largest major occupation group in the East Texas 23 is Office and Administrative Support Occupations, employing 51,482 workers. The next-largest occupation groups in the region are Management Occupations (46,757 workers) and Transportation and Material Moving Occupations (44,393). High location quotients (LQs) indicate occupation groups in which a region has high concentrations of employment compared to the national average. The major groups with the largest LQs in the region are Production Occupations (LQ = 1.34), Construction and Extraction Occupations (1.30), and Farming, Fishing, and Forestry Occupations (1.28).

Occupation groups in the East Texas 23 with the highest average wages per worker are Management Occupations (\$105,700), Legal Occupations (\$99,300), and Healthcare Practitioners and Technical Occupations (\$95,000). The unemployment rate in the region varied among the major groups from 1.5% among Legal Occupations to 8.1% among Farming, Fishing, and Forestry Occupations.

Over the next 1 year, the fastest growing occupation group in the East Texas 23 is expected to be Healthcare Support Occupations with a +1.5% year-over-year rate of growth. The strongest forecast by number of jobs over this period is expected for Healthcare Support Occupations (+369 jobs) and Management Occupations (+342). Over the same period, the highest separation demand (occupation demand due to retirements and workers moving from one occupation to another) is expected in Food Preparation and Serving Related Occupations (8,022 jobs) and Sales and Related Occupations (5,620).

Data as of 2025Q2 unless noted otherwise

Note: Figures may not sum due to rounding.

1. Data based on a four-quarter moving average unless noted otherwise.

2. Wage data represent the average for all Covered Employment

3. Data represent found online ads active within the last thirty days in the selected region. Due to alternative county-assignment algorithms, ad counts in this analytic may not match that shown in RTI (nor in the popup window ad list). Ad counts for ZCTA-based regions are estimates.

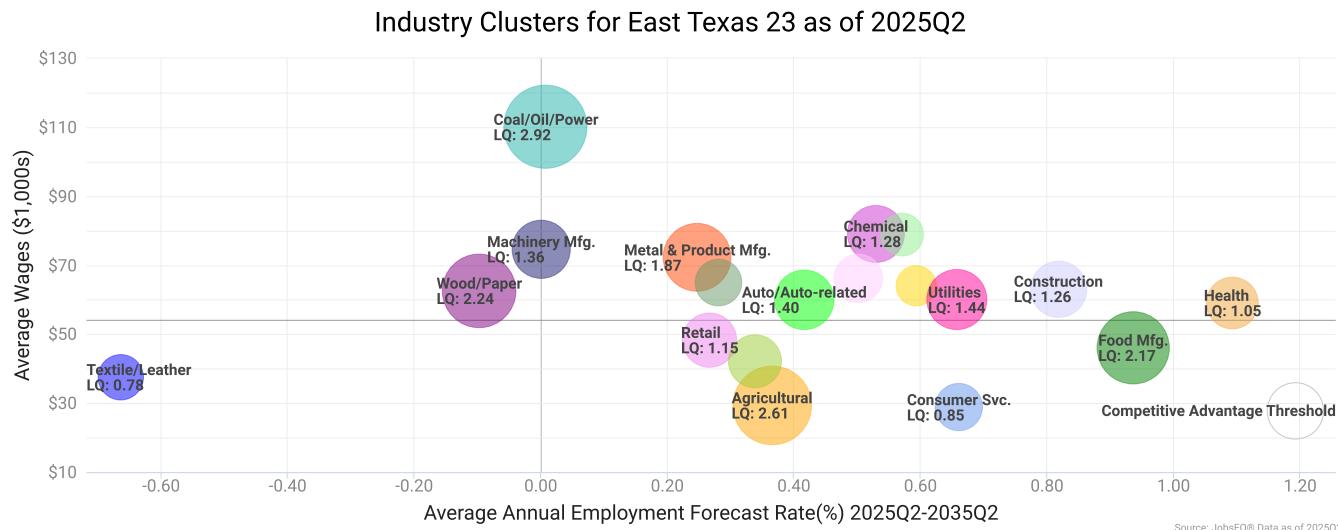

Occupation employment data are estimated via industry employment data and the estimated industry/occupation mix. Industry employment data are derived from the Quarterly Census of Employment and Wages, provided by the Bureau of Labor Statistics and currently updated through 2025Q1, imputed where necessary with preliminary estimates updated to 2025Q2. Wages by occupation are as of 2025 provided by the BLS and imputed where necessary. Forecast employment growth uses national projections from the Bureau of Labor Statistics adapted for regional growth patterns.

About This Report

This report and all data herein were produced by JobsEQ®, a product of Chmura Economics & Analytics. The information contained herein was obtained from sources we believe to be reliable. However, we cannot guarantee its accuracy and completeness.

Industry Clusters

A cluster is a geographic concentration of interrelated industries or occupations. The industry cluster in the East Texas 23 with the highest relative concentration is Coal/Oil/Power with a location quotient of 2.92. This cluster employs 11,716 workers in the region with an average wage of \$110,092. Employment in the Coal/Oil/Power cluster is projected to expand in the region about 0.0% per year over the next ten years.

Location quotient and average wage data are derived from the Quarterly Census of Employment and Wages, provided by the Bureau of Labor Statistics, imputed where necessary, and updated through 2025Q1 with preliminary estimates updated to 2025Q2. Forecast employment growth uses national projections from the Bureau of Labor Statistics adapted for regional growth patterns.
