- American Community Survey 2019-2023, unless noted otherwise
- Median values for certain aggregate regions (such as MSAs) may be estimated as the weighted averages of the median values from the composing counties.
- Disconnected Youth are 16-19 year olds who are (1) not in school, (2) not high school graduates, and (3) either unemployed or not in the labor force.
- Census Population Estimate for 2024, annual average growth rate since 2014.
- The Census's method for calculating median house values changed with the 2022 data set, so pre-2022 values are not directly comparable with later data.
