Why is knowledge of taxation important?

TAX FREEDOM DAY: APRIL 16TH, 2019

Tax Freedom Day represents how long Americans as a whole have to work in order to pay the nation's tax burden. For 2019, Americans who work **will work the first 105 days of the year for the government** and they get to keep the remaining 260!

Americans will collectively spend more on taxes in 2019 than they will on food, clothing, and housing combined. <https://taxfoundation.org/publications/tax-freedom-day/>

(Some calculations have Tax Freedom day at May 30th for 2021!)

<https://www.adamsmith.org/taxfreedomday>

Preferred means of communication:

All communication should be via email or face to face in Zoom. I monitor my email very frequently and should, in most cases, be able to respond within 24 hours M-F and within 48 hours on the weekend. I do take Sundays as a personal day of rest and rarely check email.

Jenn's Java House: In my face-to-face classes, students often hang around after class or follow me back to my office to ask questions that may not apply specifically to this course like internship advice, questions about their major, questions about how to study, even just to complain about a roommate! This semester my office hours will be online using Zoom and we can find a time that works best for your schedule. But I'll also have specific "coffee hours" at pre-determined times throughout the semester where you can just show up and ask anything!

Catalog Description

Introduction to federal income taxation of individuals and sole proprietorships. Discussion covers different components of taxable income including property transactions. **Prerequisite:** ACCT 2301 and Acct 3311. 3 credit hours.

Required Course Materials:

Cengage's *South-Western Federal Taxation Individual Income Taxes 2022*, Young, Nellen, Hoffman, Raabe, Maloney **WITH Access Card for Cengage NOW**. See the Intro Video in Canvas for the requirements and options you have. Basic 4 function calculator. You may not use a cell phone or a programmable calculator.

Course Objectives

1. Students will explain the nature of taxation, the types of taxes and rate structures.
2. Students will describe the concept of taxable income and compute the effect thereon from accounting methods, elections, and tax law.
3. Students will differentiate the concepts of gross income, adjusted gross income, and taxable income for individual taxpayers and calculate individual taxes from the tax rate schedules.

4. Students will apply the rules for taxation of different types of income including wages, interest, dividends, and capital gains.
5. Students will differentiate between capital gain income and other types of income, including the carry over rules for capital losses.
6. Students explain the various categories of deductions and losses and apply tax planning strategies to maximize the overall deduction for tax payers.
7. Students will prepare Federal individual income tax returns both manually and using tax preparation software.
8. Students will compare the tax treatment of various types of long-lived assets, and compute depreciation, amortization, and depletion for such assets.
9. Students will use the concept of tax basis to calculate gain or loss realized and recognized on various tax deferral situations with long-lived assets such as Section 1031 exchanges, casualties, and involuntary conversions.
10. Students will calculate gain or loss from disposition of long-lived assets, including the recapture rules of Sections 1245, 1250 and 1231 (property transactions).
11. Students will utilize critical thinking skills to solve tax problems and communicate the solutions using data analytics
12. Students will explain how tax credits are used as a tool of Federal tax policy and identify tax planning opportunities related to tax credits and payment procedures.

Set Your Goals

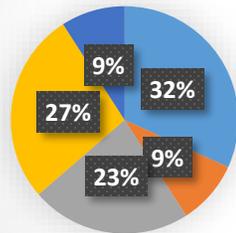

What are your goals for this course (other than to complete your degree plan)? You are almost at the end of your degree if you are enrolled in this course, so what are you hoping to take away from this course? How can this course help better prepare you for your career? What level of effort are your prepared to exert to achieve those goals? List 3 goals you have:

1. _____
2. _____
3. _____

How to be Successful in this Course

Consider the goals you have for engaging in this course as you determine how to allocate time to complete course requirements. The general rule of thumb is that students should spend 2-3 hours of study time for each hour of class time. That translates to 10 to 12 hours per week for this online course. The chart below is a visual representation of how your time might be spent followed by an example weekly schedule.

Module Time (based on 12 hours per week)

- Read the chapter
- Work chapter/note problems
- Cengage Homework
- Work extra problems
- Work on tax returns/projects

Example Weekly Schedule

Day	Task
Monday	Read chapter, take notes, Ch. quiz (about 4 hours)
Tuesday/Wednesday	Work problems (1 hour), attend class (1.5 hour)
Thursday-Saturday	Attend class. Complete Cengage homework and work any extra problems given. (3-4 hours)
Friday - Sunday	Review notes, work problems (2 hours)

Students often ask me HOW they should study for an accounting/tax exam. Everyone learns differently but two constant pieces of advice I give are to work more problems, and to explain what you've learned to someone else (another student, your spouse, your cat, etc!)

"If you want to learn something, read about it. If you want to understand something, write about it. If you want to master something, teach it."

— Yogi Bhaian

Class Schedule for ACCT 3325 Fall 2021

I try to be thoughtful about the work I assign and do not assign busy work. However, accounting/tax is a “practice” and is best learned by practicing. I’ve noted the objectives that match to each assignment so you can see why you are doing the work and what you can expect to learn.

Any due date or assignment/project is subject to change by the professor. Any changes will be announced in class and via Canvas announcement at least one week prior to due date. Due dates for the entire semester are visible on the first day of class.

Commitment to an inclusive learning environment: I adhere to a philosophy of an intellectual community that is enriched and enhanced by diversity along a number of dimensions, including race, ethnicity and national origins, gender, sexuality, class and religion. I am especially committed to increasing the representation of those populations that have been historically excluded from participation in U.S. higher education and specifically, the field of accounting. Your experience in this class is important to me. Your suggestions are encouraged and appreciated. Please let me know ways to improve the effectiveness of the course for you personally or for other students or student groups.

Important Covid-19 Information for Classrooms and Laboratories

- *Information for Classrooms and Laboratories:* Students are expected to wear face masks covering their nose and mouth in public settings (including classrooms and laboratories). The UT Tyler community of Patriots views adoption of these practices consistent with its [Honor Code \(Links to an external site.\)](#) and a sign of good citizenship and respectful care of fellow classmates, faculty, and staff.

Students who are feeling ill or experiencing symptoms such as sneezing, coughing, digestive issues (e.g. nausea, diarrhea), or a higher than normal temperature should stay at home and are encouraged to use the [UT Tyler COVID-19 Information and Procedures \(Links to an external site.\)](#) website to review protocols, check symptoms, and report possible exposure. Students needing additional accommodations may contact the Office of Student Accessibility and Resources at University Center 3150, or call (903) 566-7079 or email saroffice@uttyler.edu.

Copyrights

Unauthorized distribution of copyrighted material may subject students to civil and criminal penalties under the Federal Copyright law. The University of Texas System maintains its copyright policy at [UTS107](#), "Use of Copyrighted Materials." If you are a member of a UT institution community (faculty, staff, or student), click the appropriate link to view frequently-used [copyright agreements](#), [courseware agreements](#), and [software standard agreements](#). Because copyright law is fluid, evolving, and fact-specific, contact an attorney for assistance on particular issues. ProctorU

Some of the assessments in this course will be proctored using ProctorU. Beyond the cost of initial equipment needed (e.g. a camera for your computer), there will not be any additional cost for proctoring. You will need to create a ProctorU account and install the ProctorU extension before attempting any assessment.

To create a ProctorU account, follow the ProctorU tool within Canvas. Please make sure you are using the current version of Chrome or Firefox and download the ProctorU extension available at <http://bit.ly/proctoruchrome> or <https://www.proctoru.com/firefox>.

In order to use ProctorU, you will need the following:

- High-speed Internet connection
- Webcam (internal or external)
- Windows, Mac, or Chrome Operating System and
- Up-to-date Chrome or Firefox browser and ProctorU extension installed
- Valid photo ID
- Quiet environment to take your assessment

You can visit the Test Taker Resource Page for additional information at <https://bit.ly/ProctorMe>
