Required Course Materials:	Textbook: <i>Essentials of Corporate Finance</i> by Ross, Westerfield, and Jordan, 10 th edition, McGraw-Hill, ISBN10: 1260013952 Financial Calculator - BA II PLUS by Texas Instruments is recommended.

Course Objective:

This is an intensive survey course in finance so it assumes no prior knowledge of finance. It is designed to introduce students from all business disciplines to finance and also prepare those who are interested for further coursework in finance. Accordingly, the course will begin with a general overview and then go into depth on concepts such as financial securities and markets as well as techniques used in financial decision-making. Topics covered include time value of money, debt and equity valuation, capital structure, cost of capital, raising and returning capital and capital budgeting. At the end of this course, students are expected to have a good understanding of the basic techniques needed for making sound financial decisions.

Upon completion of the course you should be able to:

- Explain why financial markets exist.
- Understand the distinction between debt and equity securities and find their values.
- Be able to move cash flows through time using simple formulas and calculators.
- Describe the historical relationship between risk and return.
- Know how to raise capital and return excess capital to investors.
- Describe the components underlying a firm's cost of capital (technically, it's Weighted average cost of capital) and its uses.
- Compute cash flows for capital budgeting problems and know how to compare them using standard project evaluation criteria.

Course Structure

The course begins with a general overview of finance and how the financial system interacts with the economy. Then, it explores the techniques used by financial managers in deciding how to acquire and

invest funds and studies alternative investments for inclusion in a portfolio. Thus, this course is divided into three major segments that correspond with the course objectives; the financial system, corporate finance, and investments. To achieve these goals, students will be required to:

1. Read Powerpoint course slides and textbook chapters, Watch video lectures (if available).
2. Visit course on Canvas regularly.
3. Take every test and quiz.

Course Outline

This schedule is subject to change by the instructor. Over the course of the semester, activities and items may be added, removed, or rescheduled in order to provide more information, improve accuracy, enhance learning, or correct errors. Any changes to this schedule will be communicated by instructions in class, announcements in Canvas, and/or Canvas email to students.

Course Evaluation Methods

This course will utilize the following instruments to determine student grades and proficiency of the learning outcomes for the course.

(Mandatory) Course Information Quiz (10 bonus points): This is a 20-minute true-false or multiple-choice quiz designed to test your knowledge of the course requirements as explained in the syllabus. As an example, you may be asked how many tests are available and other course policies.

1. Four tests: The lowest test score will be dropped from the computation of your course grade.

Online tests: Once you begin a test, you will be given a certain amount of time, depending on its length, to complete it. You can take the test at any time during the test period. **Unless specified otherwise, each test period generally begins at noon on Sunday and ends at midnight on Thursday.** Please note that each test will be only available for a limited time so check the course calendar and plan accordingly. Note that you are allowed only ***ONE*** attempt per test so please make sure you study the course material thoroughly before you begin and can devote sufficient time to complete the test.

***ProctorU:** Please note that some tests in this class will be administered using ProctorU auto. The University pays the proctoring fees. To find out more about the ProctorU Auto exam monitoring process, go to <https://www.utt Tyler.edu/digital-learning/proctoru-resources/> or www.proctoru.com and review training videos.

2. Assignments and Quizzes: At the discretion of the instructor, there may be various pop-quizzes, homework assignments. Details of quizzes and assignments will be announced in Canvas before the availability period. These activities are intended to supplement and reinforce course material. A student may be responsible for completing an activity in or outside of class. ***No late submission will be allowed except for documented emergencies.***

Extra Credit: Students may be given opportunities to earn extra credit at the instructor's discretion.

Caution: Finance majors need a grade of A, B or C in FINA 3311 in order to take subsequent finance courses so D is not a passing grade. The same is true for non-finance majors because FINA 3311 is a business core requirement.

Exam and assignments policy:

Exams and quizzes should be taken as schedule; assignments should be submitted by the due date.

No makeup examinations, quizzes, or assignments will be allowed except for documented emergencies (official evidence documents are required). The student should make every effort to contact the instructor prior to the exam. All requests for make-up or accommodation made ***after*** the due date for an assignment or deadline for a test will be ***rejected without any further consideration.***

WARNING: Since the lowest test score will be dropped from the computation of your course grade, attempts to change your grade at the end of the semester by asking the instructor to “round up” or by asking for further extra credit ***will be ignored.***

Grading Matrix:

Instrument	Value (points or percentages)	Total
Course Information Quiz	Bonus 10 points	
4 Tests	4 Tests with 100 points each (The lowest test score will be dropped)	300
Assignments and Quizzes		60
Total possible points:		360

Grade Determination:

A = 90% or better

B = 80 – 89.99 %

C = 70 – 79.99 %

D = 60 – 69.99 %

F = less than 60%

To determine your course grade percentage, take the total number of points that you earned (including the 3 highest Tests, assignments and quizzes, and bonus credits), and divide that number by the number of total possible points, i.e. 360.

Canvas Access

All class materials, course grades, and class announcements will be posted by Canvas. *To access our course, visit uttyler.edu/canvas. You are encouraged to participate in [Canvas 101](#), a practice course designed specifically for UT Tyler students to learn and refine Canvas skills. You can practice submitting assignments, participating in quizzes, customize your profile and notifications, plus get collaboration and Canvas tips.*

Important points when using Canvas:

1. *Login using UT Tyler credentials. Contact itsupport@uttyler.edu for login assistance.*
2. *Use the HELP button at the bottom left corner of Canvas if you need assistance 24/7.*
3. *Reference your [Student Canvas Guide](#) for additional resources.*

If you have issues with Canvas access that may hinder your completion of course assignments or quizzes, you must contact UT Tyler's IT Support staff immediately (even on weekends) and get a ticket number. You must also inform the instructor of the issue BEFORE the due date for the assignment or quiz. Claims of Canvas access problems without a ticket number or ones reported to the instructor after the passing of the deadline will be dismissed without any further consideration. Deadlines may be extended only in case of Canvas system-wide issues reported by the university. All other Canvas-related issues are regarded as personal-level access issues and you must get them resolved without letting them interfere with your coursework. Personal-level access issues are not valid reasons to ask for deadline extension.

Information that must appear in each course syllabus:

Includes UT Tyler Honor Code, Student Rights and Responsibilities, Campus Carry, tobacco-Free University, Grade Replacement Policies, Course Drop Policies, Disability Services, Absences due to religious observances and university sponsored events, SS and FERPA, Evacuation, Student Standards of Conduct, and other resources).
