Teaching Strategies

Strategies utilized in the delivery of the course will include various readings, lecture, discussion, group collaboration, and application activities/assignments.

Class Participation

This course is designed as an online course. You will be expected to complete all coursework online. Please be sure to regularly look at the modules and announcements for our course. There will be scheduled zoom conferences.

Additional Information

You will enroll in the following:

- a) **Research Pool Requirement:** Students enrolled in specified SOE courses must fulfill a research pool requirement each semester. The research requirement for these courses can be satisfied in one of two ways. First, students can satisfy the research pool requirement by volunteering to participate in approved research studies offered by the School of Education (2 credits for 20 points and up to 10 additional points for 1 more credit [total 3 credits]). Alternatively, students can satisfy the research pool requirement by completing alternative assignments equal in time and effort to the research opportunities.
- b) **Google Site:** You will be creating a website where you will be sharing your classroom management plan.

Course Policies and Guidelines

1) Assignment Submission:

For written assignments a “page” is defined as:

- 8½” x 11” paper
- Times New Roman or Arial 12-point font
- Double-spaced (unless otherwise directed)
- 1-inch margin on all sides.
- Put page numbers on the top right-hand side.
- Put the title of the assignment, centered at the top of your paper.
- **For all assignments submitted in Canvas, your name, date, class number, or any other information should NOT be included.**
- Upload written assignments on the Canvas website under the assignment tab.

- a) **Criteria for all assignments** will be available in class and posted online unless otherwise notified by the instructor.

Canvas: Students will access class notes, assignments, grades, and course information through Canvas. Any changes to the course schedule, schedule of assignments, or any special assignments will be posted on Canvas. Students are expected to regularly check Canvas for updates and to download any class handouts.

Classroom Management Portfolio: Students will be creating a classroom management portfolio that will be posted on Google Sites. To ensure a professional product to use on their resume, students will have the opportunity to fix their portfolio assignments as many times as they would like for up to full credit on the assignment (**unless the original submission is not submitted on time**).

- b) **Late work:** It is expected that assignments and projects be submitted on time. **An assignment will be considered late if it is not turned in the day it is due.** You may turn in your assignment early. Late assignments are not accepted unless prior arrangements have been made with the instructor. Assignments and due dates are posted in Canvas.

- c) **Plagiarism.** Students need to use their own words when completing all assignments. A zero will be given for any assignment that is detected as being plagiarized. Students are subjected to a disposition or a failing grade in the course.

Unicheck is a tool that will be used to check a document for plagiarism. The tool provides feedback as to whether or not the text in a document is a close match with other documents on the Internet, in journal databases, and submitted to Canvas. If a student is caught plagiarizing, a grade of zero will be given as well as a disposition for cheating. Once you submit an assignment, you will get a report where you can see plagiarism detection and grammatical errors.

- 2) **You are responsible** for all information given online, during zoom conferences, and in the syllabus.
- 3) **Dispositions** - All students in the UT Tyler Teacher Preparation Program must adhere to the professional behaviors outlined in the U.T. Tyler School of Education Dispositions. Information on dispositions can be found under the attachments of the Course Information Page.
