Catalog Description

This course provides an overview of tools used in academic coaching to facilitate successful coaching cycles. Students will use these tools in simulated coaching environments to develop proficiency in engaging in coaching activities.

Student Learning Outcomes

In this course, students will gain proficiency in the use of tools in academic coaching to address the following coaching tasks:

- Establishing an environment that promotes Knight's Partnership Principles of coaching.
- Develop strategies to use in the Identify, Learn, and Improve stages of the Impact Cycle.
- Creating data displays for the coachee to change practice and improve student learning.
- Advancing the cultural awareness and proficiency of the coachee through the Impact Cycle.

Texas Educator Standards

Instructional Coaching allows coaches to support teachers' growth in the following Texas Educator Standards 1, 2, 3, 4, and 5. The Texas Educator Standards are provided at the end of this syllabus.

Required Textbook: Note this is available for free as an e-text through the library (link provided) Lindsey, D., Martinez, R., & Lindsey, R. (2007). Culturally proficient coaching: Supporting educators to create equitable schools. Thousand Oaks, CA: Corwin.

***Supplemental chapters/readings will be provided within the course.

Textbooks Used from Previous Coaching Courses

Knight, J. (2018). The Impact cycle: What instructional coaches should do to foster powerful improvements in teaching. Thousand Oaks, CA: Corwin.

Course Requirements

In this course, you will provide evidence of your engagement and understanding through class discussions (25%) and written assignments/learning activities (75%).

Detailed information about course requirements, assignments, and the due date will be presented within our course. Please access the assignment schedule for details about the assignments and calendar.

Course Grading

A 90-100% of points B 80-89% of points C 70-79% of points D 60-69% of points F below 59.9% of total points

COURSE POLICIES

All assignments are expected to be completed to the best ability of the student and adhere to the stated assignment criteria. There is no extra credit work. However, students may choose to resubmit written assignments if they are not satisfied with their grade. If a student chooses to resubmit a written assignment, the student may earn up to 90% of the points.

All assignments must be submitted by date listed on the assignment schedule. Late work is not accepted. If you have an emergency that prevents you from meeting a due date, please contact Dr. Watters prior to the due date.

Participation and your commitment to your learning is critical to your success in any course. Your timely participation in the class discussion and group assignments is a substantial part of your grade in this course. You will note that your original post to the class discussions will be due first while your response to your classmates will be due later in the module. This structure will ensure we can engage in meaningful conversations about instructional supervision. If you wait until the weekend to complete the required readings and learning activities, you will not be successful in this course.

Communication

To contact me via email, you may use the Canvas email or my UT Tyler email listed on the syllabus. You may also call or text me to my provided cell number To access the Canvas email, click on the Inbox on the left side of the Canvas main menu. Through Canvas, you may send a text email or a video message.

I will respond to your emails as quickly as possible; my priority is to be supportive of your work to ensure your success. I generally reply to email within a few hours but given other commitments and responsibilities, my goal is to respond to emails within 24 hours. While I try to respond to emails over the weekend as promptly as possible, emails sent over the weekend might not be read until Monday morning.

Written Assignments and Learning Activities

Some of the learning activities in this course require collaboration with other students; your participation as documented on Canvas will count towards the participation grade.

All other written assignments are individual assignments. Students may not collaborate on the individual assignments. Unauthorized collaboration is considered cheating and will be handled according to University Policies and the Students Standards of Academic Conduct.
