Artificial Intelligence Statement for Course Syllabi

UT Tyler is committed to exploring and using artificial intelligence (AI) tools as appropriate for the discipline and task undertaken. We encourage discussing AI tools' ethical, societal, philosophical, and disciplinary implications. All uses of AI should be acknowledged as this aligns with our commitment to honor and integrity, as noted in UT Tyler's Honor Code. Faculty and students must not use protected information, data, or copyrighted materials when using any AI tool. Additionally, users should be aware that AI tools rely on predictive models to generate content that may appear correct but is sometimes shown to be incomplete, inaccurate, taken without attribution from other sources, and/or biased. Consequently, an AI tool should not be considered a substitute for traditional approaches to research. You are ultimately responsible for the quality and content of the information you submit. Misusing AI tools that violate the guidelines specified for this course (see below) is considered a breach of academic integrity. The student will be subject to disciplinary actions as outlined in UT Tyler's Academic Integrity Policy.

For this course:

AI is not permitted in this course at all.

To best support your learning, you must complete all graded assignments by yourself to assist in your learning. This exclusion of other resources to help complete assignments includes artificial intelligence (AI). Refrain from using AI tools to generate any course context (e.g., text, video, audio, images, code, etc.) for an assignment or classroom assignment.

Mid-Term Exam

Scoring Rubric

Dimension	Sophisticated	Competent	Needs Work
Response	Response is clearly stated and connections to the question and position are clear and relevant. The underlying logic is explicit. (Value: 4-5 points)	Response is clearly stated and connections to the question and position are mostly clear, some aspects may not be connected or minor errors in logic are present. (Value: 2-3 points)	Response may not be clear and the connections to the question are incorrect or unclear or just a repetition of the findings without explanation. Underlying logic has major flaws; connection to position is not clear. (Value: 0-1 points)
Writing	Writing is coherently organized and the logic is easy to follow. There are no errors in spelling and/or grammar and terminology is clearly defined. Writing is clear, concise, and persuasive. (Value: 4-5 points)	Writing is generally well organized and most of the argument is easy to follow. There are only a few minor errors in spelling and/or grammar or with terms not clearly defined. Writing is mostly clear but may lack conciseness. (Value: 2-3 points)	Writing is poorly organized and difficult to read – does not flow logically from one part to another. There are several spelling and/or grammatical errors; technical terms may not be defined or are poorly defined. Writing lacks clarity and conciseness. (Value: 0-1 points)
