### Course Catalog Description:

This course provides a survey of the practice of psychology from an ethical and legal perspective. Consideration is given to such things as the rules of psychology associations and boards, ethics case studies, and professional practices.

### Student Learning Outcomes:

Each student will:

- Become familiar with and able to interpret and apply the Ethical Principles of Psychologists and Code of Conduct of the American Psychological Association

- Be familiar with and able to interpret and apply state and federal laws pertaining to the provision of mental health services

- Be familiar with state licensing requirements and issues

- Understand and be able to discuss major ethical/legal principles and issues

- Understand the importance of developing competencies in providing services to culturally diverse clientele

- Demonstrate an increased understanding of the history and current status of psychology

- Be able to engage in the process of ethical decision making

Teaching Strategies: Class meetings will include group discussion on ethical issues, discussion of assigned readings, and discussion about the profession of psychology and related issues. Each student is expected to be actively involved at a level appropriate to graduate level education preparing for licensure in a profession. Students are expected to be active in developing and pursuing their own learning goals, participating in group discussions, and contributing to team projects. There will also be an interview requirement and online activities outside of class.

## **University Policies**

### **Grade Replacement/Forgiveness**

If you are repeating this course for a grade replacement, you must file an intent to receive grade forgiveness with the registrar by the 12th day of class. Failure to do so will result in both the original and repeated grade being used to calculate your overall grade point average. Undergraduates will receive grade forgiveness (grade replacement) for only three course repeats; graduates, for two course repeats during his/her career at UT Tyler.

### **Disability Services**

If you have a disability, including a learning disability, for which you request disability support services/accommodation(s), please contact Ida MacDonald in the Disability Support Services office so that the appropriate arrangements may be made. In accordance with federal law, a student requesting disability support services/accommodation(s) must provide appropriate documentation of his/her disability to the Disability Support Services counselor. In order to assure approved services the first week of class, diagnostic, prognostic, and prescriptive information should be received 30 days prior to the beginning of the semester services are requested. For more information, call or visit the Student Services Center located in the University Center, Room 282. The telephone number is 566-7079 (TDD 565-5579). Additional information may also be obtained at the following UT Tyler Web address: <http://www.uttyler.edu/disabilityservices>.

### **Student Absence due to Religious Observance**

Students who anticipate being absent from class due to a religious observance are requested to inform the instructor of such absences by the second class meeting of the semester.

### **Student Absence for University-Sponsored Events and Activities**

If you intend to be absent for a university-sponsored event or activity, you (or the event sponsor) must notify the instructor at least two weeks prior to the date of the planned absence. At that time the instructor will set a date and time when make-up assignments will be completed.

### **Social Security and FERPA Statement:**

It is the policy of The University of Texas at Tyler to protect the confidential nature of social security numbers. The University has changed its computer programming so that all students have an

identification number. The electronic transmission of grades (e.g., via e-mail) risks violation of the Family Educational Rights and Privacy Act; grades will not be transmitted electronically.

### **Student Standards of Academic Conduct**

Disciplinary proceedings may be initiated against any student who engages in scholastic dishonesty, including, but not limited to, cheating, plagiarism, collusion, the submission for credit of any work or materials that are attributable in whole or in part to another person, taking an examination for

It is a center of academic excellence, scholarly inquiry, and public service. The College prepares leaders to meet the critical challenges of the 21<sup>st</sup> century through productive contributions to local and global communities and toward individual and cultural equity.

#### **Counseling Psychology Program Mission:**

##### **MISSION STATEMENT**

The Master of Arts in Clinical Psychology program is intended to prepare students to counsel persons experiencing emotional distress through development of specific competencies in human growth and development, assessment, counseling/therapy theories and methods and practice, cultural diversity, group counseling, career development, research methods and ethical counseling practices.

Students who complete their programs and get their degrees are well-prepared for the Licensed Professional Counselor state licensing examination and are employed in a variety of mental health settings. Students may complete a generalist program or specialize in marriage and family counseling. Students specializing in couple and family counseling acquire additional competencies in marriage and family theories, counseling interventions and ethics. The core program curriculum is designed to align with national Counseling standards of the Council on the Accreditation of Counseling and Related Educational Programs (CACREP).
