Teaching Strategies:

Begin with the expectation that this course will require a similar amount of time and effort from you as a face-to-face course, but that you will have more flexibility as to when you complete the work.

This class is divided into Modules. Each module contains course objectives, PowerPoint slides, video clips, articles, and other assignments that you will produce as the semester goes on.

You will want to make sure that you have read and taken notes over each chapter and viewed the additional module content before taking each exam.

Textbook:

HDEV 5th edition, by Stephen Rathus [ISBN: 9781337116886]

NOTE: A student at UT-Tyler is not under any obligation to purchase a textbook from a university-affiliated bookstore. The same textbook may also be available from an independent retailer, including an online retailer.

Exams:

- The exams are located in Canvas in their correct sequence.
- You may use your textbook, Power Points, notes, but NOT another person. Do not rely on these items exclusively because of the time constraints. You really need to KNOW the material.
- During the exam you are not allowed to do any backtracking. If you hit the back button it will lock you out of your exam.
- Each exam is a mixture of 100 questions, true/false and multiple choice.
- The exams are timed, 200 minutes each.
- Please study as if this was a lecture-based course.
- Please read the section on academic dishonesty. It is not tolerated **AT ALL**. If cheating is suspected, you will be reported to the Office of Student Affairs.

Video Reflections:

You are to generate 5 critical thinking questions and answer them using credible sources (NOT Wikipedia, about.com, etc). Critical thinking questions are those that ask “why” and “what if” and evaluate the truth of information presented with previous knowledge and through additional research.

After asking your 5 critical thinking questions, you will attempt to answer each question by doing additional research beyond the scope of the film. Your answers should be written in full sentences and should be primarily in your own words. Be sure that you cite all sources in APA style and include a Works Cited page. Please read the section on academic dishonesty. It is not tolerated **AT ALL**. If cheating is suspected, you will be reported to the Office of Student Affairs.

The final component of your assignment is to write a reflection on the assignment. A reflection is not a summary, but an evaluation of your feelings, thoughts, and reactions to the information you've explored.

There is a grading rubric for these assignments in the "Getting Started" module. Once you have submitted an assignment through ***Turnitin***, you cannot make any corrections or additions to the assignment.

Discussion Boards:

There is a grading rubric for each discussion board activity which is located in the "Getting Started" module. The Discussion boards are located under specific modules.

Your initial post (IP) should be more than a summary of the film (assume that we have all already viewed it when you write) and demonstrate that you watched it in full. I encourage you to reflect on the film, highlight areas which surprised or interested you, and to include sources related to the topic that extend the discussion with your peers. You will also need to conclude your IP with a critical thinking question for your group to discuss.

Discussion posts with your group members are to be continual throughout the length of the assignment's open period.

Be sure that you cite all sources in APA style. Please read the section on academic dishonesty. It is not tolerated **AT ALL**. If cheating is suspected, you will be reported to the Office of Student Affairs.

Course Schedule:

- See the due dates in the course summary at the bottom of the syllabus in Canvas.

- There are 7 unit modules and the Start Here module in this course, each with their own unit due dates.
- You have some flexibility in your schedule but you **MUST** manage your time effectively, work steady, and make sure to meet ALL due dates on time. You can work AHEAD of due dates but NOT behind.
- Assignments will be closed as due dates pass and late assignments are not acceptable.

Getting Started Module:

- Read and make sure you understand all the material contained here. Pay particular attention to the course schedule and the syllabus.

University Policies

Grade Replacement/Forgiveness and Census Date Policies

Students repeating a course for grade forgiveness (grade replacement) must file a Grade Replacement Contract with the Enrollment Services Center (ADM 230) on or before the Census Date

of the semester in which the course will be repeated. Grade Replacement Contracts are available in the Enrollment Services Center or at <http://www.uttyler.edu/registrar>. Each semester's Census Date can be found on the Contract itself, on the Academic Calendar, or in the information pamphlets published each semester by the Office of the Registrar.

Failure to file a Grade Replacement Contract will result in both the original and repeated grade being used to calculate your overall grade point average. Undergraduates are eligible to exercise grade replacement for only three course repeats during their career at UT Tyler; graduates are eligible for two grade replacements. Full policy details are printed on each Grade Replacement Contract.

The Census Date is the deadline for many forms and enrollment actions that students need to be aware of. These include:

Submitting Grade Replacement Contracts, Transient Forms, requests to withhold directory information, approvals for taking courses as Audit, Pass/Fail or Credit/No Credit.

Receiving 100% refunds for partial withdrawals. (There is no refund for these after the Census Date)

Schedule adjustments (section changes, adding a new class, dropping without a "W" grade)

Being reinstated or re-enrolled in classes after being dropped for non-payment

Completing the process for tuition exemptions or waivers through Financial Aid

State-Mandated Course Drop Policy

Texas law prohibits a student who began college for the first time in Fall 2007 or thereafter from dropping more than six courses during their entire undergraduate career. This includes courses dropped at another 2-year or 4-year Texas public college or university. For purposes of this rule, a dropped course is any course that is dropped after the census date (See Academic Calendar for the specific date).

Exceptions to the 6-drop rule may be found in the catalog. Petitions for exemptions must be submitted to the Enrollment Services Center and must be accompanied by documentation of the extenuating circumstance. Please contact the Enrollment Services Center if you have any questions.

Disability Services

In accordance with federal law, a student requesting accommodation must provide documentation of his/her disability to the Disability Services counselor. If you have a disability, including a learning disability, for which you request an accommodation, please contact the Disability Services office in UC 3150, or call (903) 566-7079.

Student Absence due to Religious Observance

Students who anticipate being absent from class due to a religious observance are requested to inform the instructor of such absences by the second class meeting of the semester.

Student Absence for University-Sponsored Events and Activities

If you intend to be absent for a university-sponsored event or activity, you (or the event sponsor) must notify the instructor at least two weeks prior to the date of the planned absence. At that time the instructor will set a date and time when make-up assignments will be completed.

Social Security and FERPA Statement:

It is the policy of The University of Texas at Tyler to protect the confidential nature of social security numbers. The University has changed its computer programming so that all students have an identification number. The electronic transmission of grades (e.g., via e-mail) risks violation of the Family Educational Rights and Privacy Act; grades will not be transmitted electronically.

Emergency Exits and Evacuation:

Everyone is required to exit the building when a fire alarm goes off. Follow your instructor's directions regarding the appropriate exit. If you require assistance during an evacuation, inform your instructor in the first week of class. Do not re-enter the building unless given permission by University Police, Fire department, or Fire Prevention Services.
