2010-2011 Results

Outcome	Assessment Method	Criterion	Result
(1) Memory and Thinking - Students will demonstrate knowledge and understanding of the major concepts, theoretical perspectives, empirical findings, and historical trends in learning and cognition.	"Memory and Thinking" outcome on Alumni Survey	80% of the students will rate the preparation in "Memory and Thinking" as having prepared them to be competent or better.	2010-2011: 9 out of 72 alumni responded. Of the respondents, 6 (66.66%) rated the preparation in "Memory and Thinking" as having prepared them to be competent or better.
	Score on final exam in PSYC 3325.	80% of students achieve 70% or higher.	2010-2011: 98 students were assessed. Of the students assessed, 80 (81.63%) achieved 70% or higher on the final exam.
	Score on the exam(s) in PSYC 4315.	80% of students achieve 70% or higher.	2010-2011: 86 students were assessed. Of the students assessed, 66 (76.74%) achieved 70% or higher on the exams.
	Subscale score on ETS Field Test in Psychology.	The mean % correct of students taking the exam will be at or above ½ S.D. below the national mean on the "Memory and Thinking" assessment indicator.	2010-2011: 13 students were assessed. The mean % correct for this group (37%) was 6.8 points below the standard (43.8%) on the "Memory and Thinking" assessment indicator.
(2) Sensory and Behavioral Neuroscience - Students will demonstrate knowledge and understanding of the major concepts, theoretical perspectives, empirical findings, and historical trends in perception, sensory, physiology, comparative, and ethology.	"Sensory and Behavioral" outcome on Alumni Survey	80% of the students will rate the preparation in "Sensory and Behavioral" as having prepared them to be competent or better.	2010-2011: 9 out of 72 alumni responded. Of the respondents, 2 (22.22%) rated the preparation in "Sensory and Behavioral" as having prepared them to be competent or better.
	Score on final exam in PSYC 4318.	80% of students achieve 70% or higher.	2010-2011: 96 students were assessed. Of the students assessed, 81 (84.38%) achieved 70% or higher on the final exam.
	Subscale score on ETS Field Test in Psychology.	The mean % correct of students taking the exam will be at or above ½ S.D. below the national mean on the "Sensory and Physiology" assessment indicator.	2010-2011: 13 students were assessed. The mean % correct for this group (40%) was 6.2 points above the standard (33.8%) on the "Sensory and Physiology" assessment indicator.
(3) Developmental Psychology - Students will demonstrate knowledge and understanding of the major concepts, theoretical perspectives, empirical findings, and historical trends in developmental psychology.	"Developmental Psychology" outcome on Alumni Survey	80% of the students will rate the preparation in "Developmental Psychology" as having prepared them to be competent or better.	2010-2011: 9 out of 72 alumni responded. Of the respondents, 8 (88.88%) rated the preparation in "Developmental Psychology" as having prepared them to be competent or better.
	Score on final exam in PSYC 4353*. *Fall 2010: Course number changed from 4351 to 4353.	80% of students achieve 70% or higher.	2010-2011: 73 students were assessed. Of the student assessed, 35 (47.95%) achieved 70% or higher on the final exam.
	Subscale score on ETS Field Test in Psychology.	The mean % correct of students taking the exam will be at or above ½ S.D. below the national mean on the "Developmental" assessment indicator.	2010-2011: 13 students were assessed. The mean % correct for this group (45%) was 2.8 points below the standard (42.2%) on the "Development" assessment indicator.

2010-2011 Results

Outcome	Assessment Method	Criterion	Result
(4) Clinical and Abnormal Psychology - Students will demonstrate knowledge and understanding of the major concepts, theoretical perspectives, empirical findings, and historical trends in clinical and abnormal psychology.	"Clinical and Abnormal Psychology" outcome on Alumni Survey	80% of the students will rate the preparation in "Clinical and Abnormal Psychology" as having prepared them to be competent or better.	2010-2011: 9 out of 72 alumni responded. Of the respondents, 8 (88.89%) rated the preparation in "Clinical and Abnormal Psychology" as having prepared them to be competent or better.
	Score on final exam in PSYC 4311.	80% of students achieve 70% or higher.	2010-2011: 140 students were assessed. Of the students assessed, 129 (92.14%) achieved 70% or higher on the final exam.
	Subscale score on ETS Field Test in Psychology.	The mean % correct of students taking the exam will be at or above ½ S.D. below the national mean on the "Clinical & Abnormal" assessment indicator.	2010-2011: 13 students were assessed. The mean % correct for this group (77%) was 15.3 points above the standard (61.7%) on the "Clinical and Abnormal" assessment indicator.
(5) Social Psychology - Students will demonstrate knowledge and understanding of the major concepts, theoretical perspectives, empirical findings, and historical trends in clinical and social psychology.	"Social Psychology" outcome on Alumni Survey	80% of the students will rate the preparation in "Social Psychology" as having prepared them to be competent or better.	2010-2011: 9 out of 72 alumni responded. Of the respondents, 7 (77.77%) rated the preparation in "Social Psychology" as having prepared them to be competent or better.
	Score on final exam in PSYC 3306.	80% of students achieve 70% or higher.	2010-2011: 131 students were assessed. Of the students assessed, 102 (77.86%) achieved 70% or higher on the final exam.
	Subscale score on ETS Field Test in Psychology.	The mean % correct of students taking the exam will be at or above ½ S.D. below the national mean on the "Social" assessment indicator.	2010-2011: 13 students were assessed. The mean % correct for this group (68%) was 11.6 points above the standard (56.4%) on the "Social" assessment indicator.
(6) Psychological Measurement and Methodology - Students will demonstrate knowledge and understanding of the major concepts, theoretical perspectives, empirical findings, and historical trends in measurement and methodology.	"Psychological Measurement and Methodology" outcome on Alumni Survey	80% of the students will rate the preparation in "Psychological Measurement and Methodology" as having prepared them to be competent or better.	2010-2011: 9 out of 72 alumni responded. Of the respondents, 7 (77.77%) rated the preparation in "Psychological Measurement and Methodology" as having prepared them to be competent or better.
	Item subset score on final exam in PSYC 4301.	80% of students achieve 70% or higher on subset of items.	2010-2011: 102 students were assessed. Of the students assessed, 91 (89.22%) achieved 70% or higher on subset of items.
	Scores on three exams in PSYC 3331.	80% of students achieve 70% or higher on each of the exams.	2010-2011: 80 students were assessed on Exam 1 and 82 students were assessed on Exam 2 & 3. Of the students assessed on Exam 1, 67 (83.75%) achieved 70% or higher on exam. Of the students assessed on Exam 2, 68 (82.93%) achieved 70% or higher on exam. Of the students assessed on Exam 3, 77 (93.90%) achieved 70% or higher on exam.
	Subscale score on ETS Field Test in Psychology.	The mean % correct of students taking the exam will be at or above ½ S.D. below the national mean on the "Measurement and Methodology" assessment indicator.	2010-2011: 13 students were assessed. The mean % correct for this group (51%) was 2.9 points below the standard (48.1%) on the "Measurement and Methodology" assessment indicator.
