

MENG 4350/5342 – Energy Management
Department of Mechanical Engineering
College of Engineering
The University of Texas at Tyler

Instructor

Dr. Nelson Fumo
Office: Ratliff Building North (RBN) 1009
E-mail: nfumo@uttyler.edu

Office Hours: Tuesday and Thursday 9 – 11:30 am, or by appointment.

Course Details

Description: An introduction to concepts and tools related to energy management program, energy auditing, energy accounting, economic analysis, and energy conservation measures for systems that use energy. The course focuses on energy use in buildings; however the fundamentals can be applied to industrial facilities.

Credit hours: 3

Prerequisites: Consent of instructor/Graduate standing.

Class meetings: Monday and Wednesday from 9:30 to 10:50 am, RBN 2007

Textbook: No particular textbook is required.

Material: The instructor will provide documents and references but students are encouraged to look for useful material on the topics covered.

Expected Learning Outcomes

By the end of this course students will be able to:

1. Recognize the importance of energy management
2. Plan and conduct energy audits
3. Analyze energy accounting data
4. Develop economic analysis of energy management projects
5. Identify and assess energy conservation measures for lighting systems, HVAC systems, and other systems that use energy
6. Analyze the use of cogeneration and solar energy as options to reduce energy consumption and emissions
7. Select measurement systems used in energy management
8. Use official government websites as a source of evaluation/optimization tools, financial opportunities, and programs and technology for energy use reduction.

Topic Outline/Schedule

- Module 1 – Energy Management Program
This module is about what needs to be done to develop an Energy Management Program (energy team, energy policy, assess performance, set goals, create an action plan, evaluate progress, report and recognize achievements).

- **Module 2 – Energy Auditing**
This module covers the fundamentals of planning, conducting, and reporting results from energy audits as mean to assess performance and identification of energy conservation opportunities.
- **Module 3 – Energy Accounting**
This module will illustrate how energy usage data can be organized and plotted in order to be used as a key source of information for analysis of how the energy is being used in the facility as well as the results of implementation of projects to reduce energy use.
- **Module 4 – Economic Analysis**
This module is a review of economic analysis of energy projects. The economic analysis is done to prioritize different projects for energy use reduction and cash flow structure.
- **Review for Midterm Exam and Midterm Exam**
- **Module 5 – Technology [Systems and equipment]**
The Technology (Systems and equipment) module covers approaches on how to evaluate energy consumption. The module focuses mainly in HAVC systems and illuminating systems since they are present in any facility. Cogeneration and renewable energy are also discussed as alternative energy for energy use and emission reduction.
- **Module 6 – Resources**
This is a module proposed to find out about additional tools, software, and other resources to support an energy management program and perform energy management activities.
- **Project presentations**
- **Final Exam (comprehensive) – University Schedule**

Grading

Homework	20%	<u>Scale:</u> A 90 – 100
Quizzes and class participation ¹	20%	B 80 – 89
Midterm Exam	15%	C 70 – 79
Project	15%	D 60 – 69
Final exam	30%	F < 60

- 1 Class participation grade will be given at the discretion of the instructor based on relevance, quality, and completeness of participation on topics assigned by the instructor and other contributions to enrich the course content.

Additional Class/Instructor Policies

Attendance

Attendance is not mandatory but strongly recommended since no makeup for quizzes will be given.

Late Work Policy

Late work will not be accepted without a serious and compelling reason and instructor approval. If a late assignment is accepted, late submission penalty will be applied at the sole discretion of the instructor (as a reference 20% may be taking for each day).

Quiz/Homework questions:

Questions will be answered if the student proves that he/she has tried to come up with the answer.

Quiz/Homework solutions:

Solution to quizzes/homework will not be given. However, students can work on the right solution by checking their work with the instructor.

Changes to the syllabus

The instructor can make changes to the syllabus along the semester and the changes will be effective one week after the students have been notified of the change.

University policies

UT Tyler Honor Code

Every member of the UT Tyler community joins together to embrace: Honor and integrity that will not allow me to lie, cheat, or steal, nor to accept the actions of those who do.

Students Rights and Responsibilities

To know and understand the policies that affect your rights and responsibilities as a student at UT Tyler, please follow this link: <http://www.uttyler.edu/wellness/rightsresponsibilities.php>

Campus Carry

We respect the right and privacy of students 21 and over who are duly licensed to carry concealed weapons in this class. License holders are expected to behave responsibly and keep a handgun secure and concealed. More information is available at <http://www.uttyler.edu/about/campus-carry/index.php>

UT Tyler a Tobacco-Free University

All forms of tobacco will not be permitted on the UT Tyler main campus, branch campuses, and any property owned by UT Tyler. This applies to all members of the University community, including students, faculty, staff, University affiliates, contractors, and visitors.

Forms of tobacco not permitted include cigarettes, cigars, pipes, water pipes (hookah), bidis, kreteks, electronic cigarettes, smokeless tobacco, snuff, chewing tobacco, and all other tobacco products.

There are several cessation programs available to students looking to quit smoking, including counseling, quitlines, and group support. For more information on cessation programs please visit www.uttyler.edu/tobacco-free

Grade Replacement/Forgiveness and Census Date Policies

Students repeating a course for grade forgiveness (grade replacement) must file a Grade Replacement Contract with the Enrollment Services Center (ADM 230) on or before the Census Date of the semester in which the course will be repeated. (For Fall, the Census Date is Sept. 12.) Grade Replacement Contracts are available in the Enrollment Services Center or at <http://www.uttyler.edu/registrar>. Each semester's Census Date can be found on the Contract itself, on the Academic Calendar, or in the information pamphlets published each semester by the Office of the Registrar.

Failure to file a Grade Replacement Contract will result in both the original and repeated grade being used to calculate your overall grade point average. Undergraduates are eligible to exercise grade replacement for only three course repeats during their career at UT Tyler; graduates are eligible for two grade replacements. Full policy details are printed on each Grade Replacement Contract.

The Census Date (Sept. 12th) is the deadline for many forms and enrollment actions of which students need to be aware. These include:

- Submitting Grade Replacement Contracts, Transient Forms, requests to withhold directory information, approvals for taking courses as Audit, Pass/Fail or Credit/No Credit.
- Receiving 100% refunds for partial withdrawals. (There is no refund for these after the Census Date)
- Schedule adjustments (section changes, adding a new class, dropping without a "W" grade)
- Being reinstated or re-enrolled in classes after being dropped for non-payment
- Completing the process for tuition exemptions or waivers through Financial Aid

State-Mandated Course Drop Policy

Texas law prohibits a student who began college for the first time in Fall 2007 or thereafter from dropping more than six courses during their entire undergraduate career. This includes courses dropped at another 2-year or 4-year Texas public college or university. For purposes of this rule, a dropped course is any course that is dropped after the census date (See Academic Calendar for the specific date).

Exceptions to the 6-drop rule may be found in the catalog. Petitions for exemptions must be submitted to the Enrollment Services Center and must be accompanied by documentation of the extenuating circumstance. Please contact the Enrollment Services Center if you have any questions.

Disability/Accessibility Services

In accordance with Section 504 of the Rehabilitation Act, Americans with Disabilities Act (ADA) and the ADA Amendments Act (ADAAA) the University of Texas at Tyler offers accommodations to students with learning, physical and/or psychological disabilities. If you have a disability, including a non-visible diagnosis such as a learning disorder, chronic illness, TBI, PTSD, ADHD, or you have a history of modifications or accommodations in a previous educational environment, you are encouraged to visit <https://hood.accessiblelearning.com/UTTyler> and fill out the New Student application. The Student Accessibility and Resources (SAR) office will contact you when your application has been submitted and an appointment with Cynthia Lowery, Assistant Director of Student Services/ADA Coordinator. For more information, including filling out an application for services, please visit the SAR webpage at <http://www.uttyler.edu/disabilityservices>, the SAR office located in the University Center, # 3150 or call 903.566.7079.

Student Absence due to Religious Observance

Students who anticipate being absent from class due to a religious observance are requested to inform the instructor of such absences by the second class meeting of the semester.

Student Absence for University-Sponsored Events and Activities

If you intend to be absent for a university-sponsored event or activity, you (or the event sponsor) must notify the instructor at least two weeks prior to the date of the planned absence. At that time the instructor will set a date and time when make-up assignments will be completed.

Social Security and FERPA Statement

It is the policy of The University of Texas at Tyler to protect the confidential nature of social security numbers. The University has changed its computer programming so that all students have an identification number. The electronic transmission of grades (e.g., via e-mail) risks violation of the Family Educational Rights and Privacy Act; grades will not be transmitted electronically.

Emergency Exits and Evacuation

Everyone is required to exit the building when a fire alarm goes off. Follow your instructor's directions regarding the appropriate exit. If you require assistance during an evacuation, inform your instructor in the first week of class. Do not re-enter the building unless given permission by University Police, Fire department, or Fire Prevention Services.

Student Standards of Academic Conduct

Disciplinary proceedings may be initiated against any student who engages in scholastic dishonesty, including, but not limited to, cheating, plagiarism, collusion, the submission for credit of any work or materials that are attributable in whole or in part to another person, taking an examination for another person, any act designed to give unfair advantage to a student or the attempt to commit such acts.

i. "Cheating" includes, but is not limited to:

- copying from another student's test paper;
- using, during a test, materials not authorized by the person giving the test;
- failure to comply with instructions given by the person administering the test;
- possession during a test of materials which are not authorized by the person giving the test, such as class notes or specifically designed "crib notes". The presence of textbooks constitutes a violation if they have been specifically prohibited by the person administering the test;
- using, buying, stealing, transporting, or soliciting in whole or part the contents of an unadministered test, test key, homework solution, or computer program;
- collaborating with or seeking aid from another student during a test or other assignment without authority;
- discussing the contents of an examination with another student who will take the examination;
- divulging the contents of an examination, for the purpose of preserving questions for use by another, when the instructors has designated that the examination is not to be removed from the examination room or not to be returned or to be kept by the student;

- substituting for another person, or permitting another person to substitute for oneself to take a course, a test, or any course-related assignment;
 - paying or offering money or other valuable thing to, or coercing another person to obtain an unadministered test, test key, homework solution, or computer program or information about an unadministered test, test key, home solution or computer program;
 - falsifying research data, laboratory reports, and/or other academic work offered for credit;
 - taking, keeping, misplacing, or damaging the property of The University of Texas at Tyler, or of another, if the student knows or reasonably should know that an unfair academic advantage would be gained by such conduct; and
 - misrepresenting facts, including providing false grades or resumes, for the purpose of obtaining an academic or financial benefit or injuring another student academically or financially.
- ii. "Plagiarism" includes, but is not limited to, the appropriation, buying, receiving as a gift, or obtaining by any means another's work and the submission of it as one's own academic work offered for credit.
- iii. "Collusion" includes, but is not limited to, the unauthorized collaboration with another person in preparing academic assignments offered for credit or collaboration with another person to commit a violation of any section of the rules on scholastic dishonesty.
- iv. All written work that is submitted will be subject to review by plagiarism software.
