Contact the instructor *before* the due date if you will be unable to complete an assignment and want to avoid a penalty. Please do not email the instructor assignments and/or projects unless otherwise asked to.

Participation: Every student is expected to participate in lab and work together on the final project. Students are strongly encouraged to ask, and respond to, questions in class; this student/instructor interaction makes for more interesting class sessions and facilitates better learning.

Food & Drink: Consumption of food and drink in university classrooms is prohibited; you may only bring water unless you have a valid medical reason to access other drinks/foods.

Canvas and E-mail: Canvas will be used in this class. Access Canvas each day to see your updated grades, and to access the syllabus and schedule. Announcements will be sent to your Patriots e-mail account.

Note: The instructor will not send any e-mails to private accounts such as Yahoo, Gmail, Hotmail, etc.

I try to answer all emails as quickly as possible, but I cannot promise to answer every email that I receive. If your email requires an answer and you have not received one from me, please check your spam folder first, then talk to me during class. If you need help understanding these calculations, please make an appointment to talk in my office.

Class distractions: For most of this lab, students will be up and moving around. However, an active lab environment does NOT give you permission to create major distractions, or to engage in distracting or obviously non-class related behavior. Therefore, please do not participate in any activity in the classroom that may be a distraction to other students or the instructor. This includes talking to neighbors during lectures, eating, texting, instant messaging, checking e-mail, etc. *Please be on time.*
