

Summer 2025
Online

University of Texas at Tyler
Department of Kinesiology
Introduction to Nutrition
Course Syllabus – Summer II 2025 ALHS 1315.460

Instructor:

Madhura Maiya, PhD.
Office – HPC 3100 and via Zoom Meetings
Office Hours: By appointment
E-mail: mmaiya@uttyler.edu

“I embrace honor and integrity. Therefore, I choose not to lie, cheat, or steal, nor to accept the actions of those who do.”
UT Tyler Honor Code

Required Text: Nutrition for a changing world published by MacMillan, authored by Pope, Nizielski, and McCook. Second Edition (2022). ISBN: 978-1-319-42295-0 eBook or ISBN: 978-1-319-42293-6 Loose-Leaf

Course Description:

This course is a survey of current nutrition science principles, with emphasis on the development of skills to discern nutrition fact from fiction using scientific method and how to apply nutrition science principles to daily life. As a result of taking this course you will gain nutritional science knowledge and analytical skills that can be used to protect your health and wellbeing through your life. This course is 3 credits and has no prerequisites. This course is a STEM course.

Course Student Learning Outcomes:

By the completion of the course students will be able to:

1. Apply the principles of scientific inquiry and use critical thinking skills to differentiate between nutrition science that utilizes rigorous methods to validate information and nutrition myths used to make health claims. (Assessed by Research Assignment in which you critically review and summarize the findings in a peer-reviewed article from the scientific literature and compare those findings with health claims made in popular press.)
2. Articulate points and counterpoints to support accepted nutrition practices. (Assessed by Discussions that will be used to evaluate your ability to reason verbally and in written form.)
3. Access nutrition information by searching scientific databases (pubmed, agricola, etc.)

- for primary literature, which supports the use of specific nutrients. (Assessed by working as a team to design and present a nutrition care plan for a specific nutrition concern or disease using recognized nutrition standards.)
4. Differentiate nutrition facts from opinion with regard to nutritional recommendations using empirical reasoning. (Assessed by embedded test questions that will evaluate your ability to connect evidence with accurate health claims within FDA regulations and dietary standards.)
 5. Collect and analyze personal health data using scientific methodology. (Assessed by the formal written presentation of your personal food intake and activity data as graphs and charts that are correctly titled and labeled, appropriately designed, and accurately emphasize important data. You will present data in an ethical and professional manner.)

Course Requirements:

Students must demonstrate math and writing skills by completing assignments.

Students must use scientific method to analyze data and draw conclusions from selected readings.

Students must exhibit computer skills through use of Canvas and completion of assignments.

Response Policy:

E-mail: Please do not hesitate to e-mail me with any questions. Please allow 48 hours for an email response. However, it will typically be quicker. **Include the course number in the subject line.**

Graded Quizzes, Assignments, Activities, and Exams: Grades will be available within 2 weeks of the due date. Much of the time you will be able to see grades sooner than the times listed. However, there are times when it takes longer to grade some assignments.

If you send me an email and do not have a response from me within 48 hours, please contact me again as it means I did not get the message!

Attendance: This course is 100% online. That means that you must participate online in discussion boards and keep yourself up to date with weekly readings, announcements and submissions deadlines. Work hard and have a good attitude to get the most out of this course!

Communication: You MUST read emails and announcements from me. These will be posted on or sent through Canvas. You not reading emails/announcements from me is NOT an excuse for missed assignments, classes, or so on. *Please do communicate with me (before your submissions are due) if you have any problems/situations that is preventing timely submission. If you do not let me know of problems, issues, concerns, I cannot help.*

Assignments: Due Dates are listed in Canvas.

1. Academic Activity

Research vs. Popular Press – 100 points possible. Three pages, double spaced, using Scientific Format. (See example and rubric in Canvas). For this assignment, you will choose a peer-reviewed research/review article regarding some aspect of nutrition or nutrient of interest to you and compare it with an article on the topic in popular press such as TikTok, Facebook, Instagram, Twitter, or other popular blog/magazine. You will write a 3-page report comparing the two articles. [Review additional instructions on canvas.](#)

2. Dietary Analysis

- a. One set of ASA24 diet recall – 30 points possible. In this activity you will record a 2-day (one weekday and one weekend) diet 24-hour recall at the beginning of the semester using the ASA24 website. [Please know that having 2 ASA records is mandatory to complete section 2b – 2h.](#)
- b. Carbohydrates - 20 points possible. In this activity, you will analyze your carbohydrate intake. You will calculate % of calories from carbohydrates.
- c. Lipids - 20 points possible. In this activity, you will analyze your lipid intake. You will calculate % of calories from lipids.
- d. Protein - 20 points possible. In this activity, you will analyze your protein intake. You will calculate % of calories from protein.
- e. Vitamins - 20 points possible. In this activity, you will analyze your vitamin intake.
- f. Minerals - 20 points possible. In this activity, you will analyze your mineral intake.
- g. Physical Activity Analysis - 25 points. In this activity, you will analyze your physical activity and energy expenditure using the MyFitnessPal app.
- h. Personal Health Report of food intake and expenditure – 100 points possible. Using the information from your Nutrient Analyses and your Physical Activity Analysis, you will write a report in Scientific Format. Additional instructions and the rubric are available in Canvas.

Discussions - Participation

- a) Getting started quiz – 10 points possible.
- b) Introduce Yourself – 10 points possible.
- c) Analyze My Plate Discussion – 15 points possible.

Exams:

Two exams will be given (on Canvas). All exams must be taken. If an exam must be missed, you MUST contact the instructor prior to the exam, if possible, to make alternative arrangements.

Grading

Academic Activities	100 points
Discussions	35 points
Diet Analysis Activities	250 points
Quizzes 5 @	15 points 75 points
Two exams @	100 points 200 points
Total possible points	660 points

Grading Scale:

90% to 100% = 594 to 660 points = A
80% to 89% = 528 to 593.9 points = B
70% to 79% = 462 to 527.9 points = C
60% to 69% = 396 to 461.9 points = D
< 60% = ≤ 395.9 points = F

Please note that 593.9 points is a B, NOT an A.

All assignments will be explained during class times and uploaded to Canvas for full details and instructions. Assignments are due on the dates specified on Canvas.

Late assignments will be penalized 10% for each day they are late. Contact me before the due date if you will be unable to complete it due to being sick, athletics, or emergencies and want to avoid a penalty. A missed quiz or exam without a prior excuse receives an automatic zero. An excused missed quiz or exam must be arranged with the instructor.

UTT POLICIES

UT Tyler Honor Code

Every member of the UT Tyler community joins together to embrace: Honor and integrity that will not allow me to lie, cheat, or steal, nor to accept the actions of those who do.

Students Rights and Responsibilities

To know and understand the policies that affect your rights and responsibilities as a student at UT Tyler, please follow this link:

<http://www.uttyler.edu/wellness/rightsresponsibilities.php>

Campus Carry

We respect the right and privacy of students 21 and over who are duly licensed to carry concealed weapons in this class. License holders are expected to behave responsibly and keep a handgun secure and concealed. More information is available at

<http://www.uttyler.edu/about/campus-carry/index.php>

UT Tyler a Tobacco-Free University

All forms of tobacco will not be permitted on the UT Tyler main campus, branch campuses, and any property owned by UT Tyler. This applies to all members of the University community, including students, faculty, staff, University affiliates, contractors, and visitors.

Forms of tobacco not permitted include cigarettes, cigars, pipes, water pipes (hookah), bidis, kreteks, electronic cigarettes, smokeless tobacco, snuff, chewing tobacco, and all other tobacco products.

There are several cessation programs available to students looking to quit smoking, including counseling, quitlines, and group support. For more information on cessation programs please visit www.uttyler.edu/tobacco-free.

Grade Replacement/Forgiveness and Census Date Policies

Students repeating a course for grade forgiveness (grade replacement) must file a Grade Replacement Contract with the Enrollment Services Center (ADM 230) on or before the Census Date of the semester in which the course will be repeated. (For Fall, the Census Date is Sept. 11.) Grade Replacement Contracts are available in the Enrollment Services Center or at <http://www.uttyler.edu/registrar>. Each semester's Census Date can be found on the Contract itself, on the Academic Calendar, or in the information pamphlets published each semester by the Office of the Registrar.

Failure to file a Grade Replacement Contract will result in both the original and repeated grade being used to calculate your overall grade point average. Undergraduates are eligible to exercise grade replacement for only three course repeats during their career at UT Tyler; graduates are eligible for two grade replacements. Full policy details are printed on each Grade Replacement Contract.

The Census Date (Sept. 10th) is the deadline for many forms and enrollment actions of which students need to be aware. These include:

- Submitting Grade Replacement Contracts, Transient Forms, requests to withhold directory information, approvals for taking courses as Audit, Pass/Fail or Credit/No Credit.
- Receiving 100% refunds for partial withdrawals. (There is no refund for these after the Census Date)
- Schedule adjustments (section changes, adding a new class, dropping without a "W" grade)
- Being reinstated or re-enrolled in classes after being dropped for non-payment
- Completing the process for tuition exemptions or waivers through Financial Aid

State-Mandated Course Drop Policy

Texas law prohibits a student who began college for the first time in Fall 2007 or thereafter from dropping more than six courses during their entire undergraduate career. This includes courses dropped at another 2-year or 4-year Texas public college or university. For purposes of this rule, a dropped course is any course that is dropped after the census date (See Academic Calendar for the specific date).

Exceptions to the 6-drop rule may be found in the catalog. Petitions for exemptions must be submitted to the Enrollment Services Center and must be accompanied by documentation of the extenuating circumstance. Please contact the Enrollment Services Center if you have any questions.

Disability/Accessibility Services

In accordance with Section 504 of the Rehabilitation Act, Americans with Disabilities Act (ADA) and the ADA Amendments Act (ADAAA) the University of Texas at Tyler offers accommodations to students with learning, physical and/or psychological disabilities. If you have a disability, including a non-visible diagnosis such as a learning disorder, chronic illness, TBI, PTSD, ADHD, or you have a history of modifications or accommodations in a previous educational environment, you are encouraged to visit

<https://hood.accessiblelearning.com/UTTyler> and fill out the New Student application. The Student Accessibility and Resources (SAR) office will contact you when your application has been submitted and an appointment with Cynthia Lowery, Assistant Director of Student Services/ADA Coordinator. For more information, including filling out an application for services, please visit the SAR webpage at <http://www.utt Tyler.edu/disabilityservices>, the SAR office located in the University Center, # 3150 or call 903.566.7079.

Student Absence due to Religious Observance

Students who anticipate being absent from class due to a religious observance are requested to inform the instructor of such absences by the second class meeting of the semester.

Revised 05/17

Student Absence for University-Sponsored Events and Activities

If you intend to be absent for a university-sponsored event or activity, you (or the event sponsor) must notify the instructor at least two weeks prior to the date of the planned absence. At that time the instructor will set a date and time when make-up assignments will be completed.

Social Security and FERPA Statement

It is the policy of The University of Texas at Tyler to protect the confidential nature of social security numbers. The University has changed its computer programming so that all students have an identification number. The electronic transmission of grades (e.g., via e-mail) risks violation of the Family Educational Rights and Privacy Act; grades will not be transmitted electronically.

Emergency Exits and Evacuation

Everyone is required to exit the building when a fire alarm goes off. Follow your instructor's directions regarding the appropriate exit. If you require assistance during an evacuation, inform your instructor in the first week of class. Do not re-enter the building unless given permission by University Police, Fire department, or Fire Prevention Services.

Student Standards of Academic Conduct

Disciplinary proceedings may be initiated against any student who engages in scholastic dishonesty, including, but not limited to, cheating, plagiarism, collusion, the submission for credit of any work or materials that are attributable in whole or in part to another person, taking an examination for another person, any act designed to give unfair advantage to a student or the attempt to commit such acts.

- i. "Cheating" includes, but is not limited to:
 - copying from another student's test paper;
 - using, during a test, materials not authorized by the person giving the test;
 - failure to comply with instructions given by the person administering the test;
 - possession during a test of materials which are not authorized by the person giving the test, such as class notes or specifically designed "crib notes". The presence of textbooks constitutes a violation if they have been specifically prohibited by the person administering the test;
 - using, buying, stealing, transporting, or soliciting in whole or part the contents of

- an unadministered test, test key, homework solution, or computer program;
 - collaborating with or seeking aid from another student during a test or other assignment without authority;
 - discussing the contents of an examination with another student who will take the examination;
 - divulging the contents of an examination, for the purpose of preserving questions for use by another, when the instructors has designated that the examination is not to be removed from the examination room or not to be returned or to be kept by the student;
 - substituting for another person, or permitting another person to substitute for oneself to take a course, a test, or any course-related assignment;
 - paying or offering money or other valuable thing to, or coercing another person to obtain an unadministered test, test key, homework solution, or computer program or information about an unadministered test, test key, home solution or computer program;
 - falsifying research data, laboratory reports, and/or other academic work offered for credit;
 - taking, keeping, misplacing, or damaging the property of The University of Texas at Tyler, or of another, if the student knows or reasonably should know that an unfair academic advantage would be gained by such conduct; and
 - misrepresenting facts, including providing false grades or resumes, for the purpose of obtaining an academic or financial benefit or injuring another student academically or financially.
- ii. “Plagiarism” includes, but is not limited to, the appropriation, buying, receiving as a gift, or obtaining by any means another’s work and the submission of it as one’s own academic work offered for credit.
 - iii. “Collusion” includes, but is not limited to, the unauthorized collaboration with another person in preparing academic assignments offered for credit or collaboration with another person to commit a violation of any section of the rules on scholastic dishonesty.
 - iv. All written work that is submitted will be subject to review by plagiarism software.

Artificial intelligence (AI) Tools use: UT Tyler is committed to exploring and using AI tools as appropriate for the discipline and task undertaken. We encourage discussing AI tools’ ethical, societal, philosophical, and disciplinary implications. All uses of AI should be acknowledged as this aligns with our commitment to honor and integrity, as noted in UT Tyler’s Honor Code. Faculty and students must not use protected information, data, or copyrighted materials when using

any AI tool. Additionally, users should be aware that AI tools rely on predictive models to generate content that may appear correct but is sometimes shown to be incomplete, inaccurate, taken without attribution from other sources, and/or biased. Consequently, an AI tool should not be considered a substitute for traditional approaches to research. You are ultimately responsible for the quality and content of the information you submit. Misusing AI tools that violate the guidelines specified for this course (see below) is considered a breach of academic integrity. The student will be subject to disciplinary actions as outlined in UT Tyler's Academic Integrity Policy.

For this course: This course has specific assignments where artificial intelligence (AI) tools (such as ChatGPT or Copilot) are not permitted and encouraged. When AI use is permissible, it will be clearly stated in the assignment directions, and all use of AI must be appropriately acknowledged and cited. Otherwise, the default is that AI is not allowed during any stage of an assignment

Course disclosure – Please note that this course covers a variety of topics which can be considered triggering. These topics include (but not limited to) body weight, body image, sugars, fat, obesity, eating disorders, etc. In addition, assignments will involve calorie counting, physical activity analysis, calorie intake, fat intake, sugar intake, body weight and BMI estimations. Some of these topics are considered as potential triggers for people with eating disorders. If you are experiencing or recovering from an eating disorder, it is highly encouraged to take necessary steps towards your emotional safety. This may include consulting with your therapist / practitioner / psychologist / dietician before enrolling or about the course content. If any of these topics are potential triggers and can potentially cause any distress, you can drop out of this course (before the census date). Additionally, at any time if you feel distressed you can reach out to the Student Counseling Center - The University of Texas at Tyler (903.566.7254).

Summer 2025

Online

Tentative Schedule* **Please see Canvas for additional assignment due dates**

Week	Week of:	Unit	Ch	Topic	Activity	
					Virtual video	Online – Canvas
1	7/07	1 - Nutrition as Science		Syllabus and Course Expectations	ASA24 demo	Getting Started quiz (7/10) Introduce Yourself (7/11)
			1	The Science and Scope of Nutrition		Nutrition as Science & Digestion Quiz (7/13)
			2 3	Healthy Diets & Digestion		Analyze My Plate (7/13) ASA24 AnalyzemyDiet (7/14)
RESEARCH VS POPULAR PRESS PAPER DUE: 7/19						
2	7/14	2 – Macro-nutrients	4	Carbohydrates	Nutrition Calculations	Carbohydrate Analysis (7/20)
			A	Nutrition and Diabetes		
			5	Lipids		Lipid Analysis (7/20)
			B	Lipids in Health and Disease		
			6	Protein		Protein Analysis (7/20)
			C	Plant Based Diets		Macronutrient Quiz (7/20)
3	7/21	3 - Micronutrients	7	Fat-soluble Vitamins		Vitamins Analysis (7/27)
			8	Water-soluble Vitamins		
			9	Dietary Supplements		Mineral Analysis (7/27)
