Office Hours: TWR 10am-12pm and by appointment, HPR 132

HNRS 4000 is a zero-credit course that is required for participation in the Honors Program. This course is designed to allow students to get the most out of their experience in the Honors College during their time at UT Tyler. HNRS 4000 will focus on completion of requirements for graduation. This course is designed to be taken twice and in sequence, beginning in the fall semester.

Research Track: In consultation with your faculty mentor, you will undertake an independent research project relevant to your major throughout the course of the academic year. Your research will culminate in presenting your research at the Lyceum in either the fall (fall graduates) or spring (spring/summer graduates). Additionally, you must get your research to the broader academic community either by presenting at a conference outside of UT Tyler or submitting an article for consideration to a peer-reviewed academic journal.

Service & Leadership Track: You will work with your service mentor to plan and implement a service project that helps a specific community within Tyler or the greater Tyler area. You will present your service project at the Lyceum either in the fall (fall graduates) or the spring (spring/summer graduates). Additionally, you will submit a 1000-to-1500-word reflection paper upon completion of the project, as well as logging your project through Patriots Engage as an Experience (choosing the group Honors Senior Service Project).

Graduation Requirements

Students on the research track must do two things to graduate from the Honors College. They must present at the Lyceum (either the bigger spring event or the smaller fall event) AND they must get their work out into the academic community through either a presentation at an outside conference (e.g. Great Plains Honors Council) or through a submission to an undergraduate research journal.

Students on the service & leadership tracks must do three things to graduate from the Honors College. They must complete their service/leadership projects, they must complete a reflection paper, and they must talk about their projects in a special session of the Lyceum (either the bigger spring event or the smaller fall event).

Student Learning Outcomes

- Research Track
 - Understand the parameters of research in your discipline.
 - Develop a project with your faculty mentor.
 - Complete the project, including presentations at Lyceum and outside conference/submitting an article for peer review.

- Service & Leadership Track
 - Identify community issues and needs.
 - Assess how these needs can be addressed.
 - Demonstrate the ability to work with different populations and collaborate with others.
 - Demonstrate the ability to take initiative and lead and solve problems in the community.

Evaluation

Students will receive a grade of either “CR” (credit) or “NC” (no credit) for this course. Please keep in mind, as a zero-credit course, no credit hours are earned. In order to receive the grade of CR for this course, students cannot miss any of the online assignments.

Failure to earn a grade of CR in HNRS 4000 will result in not graduating from the Honors College.

Students may [withdraw](#) (drop) from this course using the [Withdrawal Portal](#). Withdrawing (dropping) this course can impact your Financial Aid, Scholarships, Veteran Benefits, Exemptions, Waivers, International Student Status, housing, and degree progress. Please speak with your instructors, consider your options, speak with your advisor, and visit the One-Stop Service Center (STE 230) or email enroll@uttyler.edu to get a complete review of your student account and the possible impacts to withdrawing. We want you to make an informed decision. UT Tyler faculty and staff are here for you and often can provide additional support options or assistance. Make sure to carefully [read the implications for withdrawing from a course and the instructions](#) on using the [Withdrawal portal](#).

Texas law prohibits students from dropping more than six courses during their entire undergraduate career*. The six courses dropped includes those from other 2-year or 4-year Texas public colleges and universities. Consider the impact withdrawing from this class has on your academic progress and other areas, such as financial implications. We encourage you to consult your advisor(s) and Enrollment Services for additional guidance. **CAUTION #1:** Withdrawing before census day does not mean you get a full refund. Please see the [Tuition and Fee Refund Schedule](#). **CAUTION #2:** All international students must check with the [Office of International Programs](#) before withdrawing. All international students are required to enroll full-time for fall and spring terms. **CAUTION #3:** All UT Tyler Athletes must check with the Athletic Academic Coordinator before withdrawing from a course. **CAUTION #4:** All veterans or military-affiliated students should consult with the [Military and Veterans Success Center](#).

Artificial Intelligence Statement

UT Tyler is committed to exploring and using artificial intelligence (AI) tools as appropriate for the discipline and task undertaken. We encourage discussing AI tools' ethical, societal, philosophical, and disciplinary implications. All uses of AI should be acknowledged as this aligns with our commitment to honor and integrity, as noted in UT Tyler's Honor Code. Faculty and students must not use protected information, data, or copyrighted materials when using any AI tool. Additionally, users should be aware that AI tools rely on predictive models to generate content that may appear correct but is sometimes shown to be incomplete, inaccurate, taken without attribution from other sources, and/or biased. Consequently, an AI tool should not be considered a substitute for traditional approaches to research. You are ultimately responsible for the quality and content of the information you submit. Misusing AI tools that violate the guidelines specified for this course is considered a breach of academic integrity. The student will be subject to disciplinary actions as outlined in UT Tyler's Academic Integrity Policy. [Refer to the About This Course section of the UT Tyler Syllabus Module for specific information on appropriate use of AI in your course\(s\).](#)

Final Exam Policy

Final examinations are administered as scheduled. If unusual circumstances require that special arrangements be made for an individual student or class, the Dean of the appropriate college, after consultation with the faculty member involved, may authorize an exception to the schedule. Faculty members must maintain student final examination papers for a minimum of three months following the examination date.

Incomplete Grade Policy

If a student, because of extenuating circumstances, is unable to complete all of the requirements for a course by the end of the semester, then the instructor may recommend an Incomplete (I) for the course. The "I" may be assigned in place of a grade *only when all of the following conditions are met:* (a) the student has been making satisfactory progress in the course; (b) the student is unable to complete all coursework or final exam due to unusual circumstances that are beyond personal control and are acceptable to the instructor, and (c) the student presents these reasons before the time that the final grade roster is due. The semester credit hours for an Incomplete will not be used to calculate the grade point average.

The student and the instructor must submit an Incomplete Form detailing the work required and the time by which the work must be completed to their respective department chair or college dean for approval. The time limit established must not exceed one year. Should the student fail to meet all of the work for the course within the time limit, then the instructor may assign zeros to the unfinished work, compute the course average for the student, and assign the appropriate grade. If a grade has yet to be assigned within one year, then the Incomplete will be changed to an F, or NC. If the course was initially taken under the CR/NC grading basis, this may adversely affect the student's academic standing.

Grade Appeal Policy

Disputes regarding grades must be initiated within sixty (60) days from the date of receiving the final course grade by filing a Grade Appeal Form with the instructor who assigned the grade. A grade appeal should be used when the student thinks the final course grade awarded does not reflect the grades earned on assessments or follow the grading scale as documented in the syllabus. The student should provide the rationale for the grade appeal and attach supporting document about the grades earned. The form should be sent via email to the faculty member who assigned the grade. The faculty member reviews the

rationale and supporting documentation and completes the instruction section of the form. The instructor should return the form to the student, even if a grade change is made at this level. If the student is not satisfied with the decision, the student may appeal in writing to the Chairperson of the department from which the grade was issued. In situations where there is an allegation of capricious grading, discrimination, or unlawful actions, appeals may go beyond the Chairperson to the Dean or the Dean's designee of the college from which the grade was issued, with that decision being final. The Grade Appeal form is found in the [Registrar's Form Library](#).

NOTE: The Grade Appeal Form is different from the Application for Appeal form submitted to the Student Appeals Committee, which does not rule on grade disputes as described in this policy.
