Advances in Mycobacterial Laboratory Medicine: From Bench to Bedside

Speaker:

Monika Kumaraswamy, MD

Associate Professor of Medicine

Department of Infectious Disease

The University of Texas at Tyler School of Medicine

Tyler, Texas

Objectives:

At the end of this presentation, participants should have increased information to:

1. **Describe the principles and limitations of current diagnostic approaches in mycobacterial laboratory medicine**, including culture, molecular identification, and antimicrobial susceptibility testing.
2. **Interpret mycobacterial laboratory results in the clinical context**, with a focus on distinguishing colonization from disease and guiding appropriate treatment decisions for mycobacterial disease.
3. **Discuss the role of UT Tyler as a regional and national leader** in mycobacterial care, research, and education.

Internal Medicine Grand Rounds are designed for Internal Medicine physicians, residents, and medical students.

The University of Texas at Tyler Health Science Center is accredited by the Texas Medical Association to provide continuing medical education for physicians.

The University of Texas Health Science Center at Tyler designates this live educational activity for a maximum of **1.0 AMA PRA Category 1 credit™**. Participants should only claim credit commensurate with the extent of their participation in the activity.

ABIM MOC Credit

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to one (1) MOC point in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.
