## Stopping Them Early: But Why? A Conversation About Short Course Antimicrobial Therapy in Pediatrics

### Speaker:

**Holly D. Maples, PharmD, BCIDP, FPIDS**

*Professor, Department of Pharmacy Practice*

*Jeff and Kathy Lewis Distinguished Chair in Pediatric Pharmacy*

*College of Pharmacy*

*University of Arkansas for Medical Sciences*

*Little Rock, AR*

### Objectives:

At the end of this presentation, participants should have increased information to:

- 1) Illustrate common mechanisms to implement short course antimicrobial therapy in appropriate clinical scenarios.
- 2) Interpret available evidence supporting short course antimicrobial therapy in pediatric patients
- 3) Examine study design as it relates to interpretation of available data.

***Pediatric Grand Rounds is an educational forum on pediatric issues for physicians, residents and allied health professionals.***

The University of Texas at Tyler Health Science Center is accredited by the Texas Medical Association to provide continuing medical education for physicians.

The University of Texas at Tyler Health Science Center designates this live educational activity for a maximum of **1.0 AMA PRA Category 1 credit**<sup>™</sup>. Participants should only claim credit commensurate with the extent of their participation in the activity.

### ABP MOC Credit

Successful completion of this CME activity, which includes participation in the activity, with individual assessments of the participant and feedback to the participant, enables the participant to earn **1.0 MOC points in the American Board of Pediatrics' (ABP) Maintenance of Certification (MOC) program**. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABP MOC credit.
