

December 5, 2025

To Whom it may concern,

I am writing to express my interest in Faculty position with the School of Nursing at University of Texas at Tyler-Palestine Camps. I am a registered nurse currently completing my Master of Science in Nursing with a focus in Nursing Education and am eager to contribute to student learning, faculty collaboration, and academic excellence within your program.

My academic training and clinical experience have prepared me to engage students in meaningful learning through evidence-based instruction, clinical reasoning development, and active teaching strategies. During my nurse educator practicum, I supported classroom instruction, facilitated student learning activities, assisted with evaluation and feedback, and contributed to course planning and clinical instruction. These experiences have strengthened my ability to communicate complex concepts clearly and foster student confidence and competence.

I am particularly interested in preparing nursing students for safe clinical practice while promoting professional accountability and lifelong learning. My teaching philosophy centers on student engagement, inclusivity, and the integration of theory into practice. I am committed to creating an environment that promotes critical thinking, academic integrity, and professional growth.

I welcome the opportunity to further discuss how my qualifications align with the goals of your nursing program. Thank you for your consideration, and I look forward to the opportunity to contribute to your faculty.

Sincerely,

Patricia Passmore, BSN, RN, MSN-Ed Candidate
