

**Independent Study  
NURS 5199  
Spring 2026**

**Scheduled Class Days and Times: Online**

**Instructor's Name:** Robert "Ric" Campbell DNP, RN, NI-BC

**Office:** Virtual

**Phone:** 903.566.7320 (UT SON)

**Email:** [rcampbell@uttyler.edu](mailto:rcampbell@uttyler.edu)

**Virtual Office Hours:** Mondays from 6:00 pm – 9:00 pm CST (by appointment for phone call or video conference). Additional days and times may be arranged upon request. Please email faculty to make arrangements/obtain Zoom link.

\*Best way to contact me.

**Course Description:** Independent study comprising up to 87.5 hours of faculty supervised practice hours in informatics quality and safety.

**Prerequisites:** NURS 5389 and permission from the program coordinator

**Student Learning Outcomes:**

Upon successful completion of this course, the student will be able to:

1. Demonstrate critical thinking and self-direction required as an informatics professional.
2. Write a business report of each project, including an executive summary.

**Required Materials:**

All students must have access to the following software applications:

- Microsoft Word, Excel, and PowerPoint for PC/Mac desktop
- All students will need an **In Place or Exxat subscription/account**. If you already have a subscription, which covers your time in this class, you are good to go. If not, you need to purchase one through the UT Tyler Bookstore or directly from the vendor.

**InPlace Subscription (only students who used InPlace to track practice hours for NURS 5389)**

- InPlace clinical placement/record of hours. Subscription available from UT Tyler Bookstore or from vendor at <https://uttyler-us.inplacesoftware.com/>

**Exxat Account (only for students who used Exxat to track practice hours for NURS 5389)**

- Exxat clinical placement/record of hours. Go to <https://steps.exxat.com> to set up an account or verify your access.

### Other Textbooks/Materials

Other textbooks/materials may be required depending on the selected experiential learning by each student. Do not order any books in this section until an individual competency plan has been developed. Instructions will be found in Canvas.

Other learning materials will be provided in the Canvas course.

### Recommended Textbooks and Readings:

American Psychological Association. (2020). *Publication manual of the American Psychological Association* (7th ed.). Washington, D.C.: Author.

ISBN-13: 9781433832161

Note: the APA 7<sup>th</sup> edition Online Manual is now available to all students for **free!**

at <https://stylemanual.apa.org/dashboard>. Scroll to the bottom section “Open Athens” and select the University of Texas at Tyler from the drop-down menu. You will then be able to login with your UTT username and password. The e-book allows you to highlight and make bookmarks. There are even lessons available on how to do common tasks.

### EHR Go subscription:

- EHR Go – academic electronic health record subscription. Subscription available from UT Tyler Bookstore or from vendor at <https://web21.ehrgo.com/register> you can request the program key from your instructor if you choose to complete the optional EHR Go Activities to count toward your practice hours.

### Assignments and Weights/Percentage/Point Values

Criteria for Evaluation	Percentage of Grade
Practice Hours Reflection	100%
87.5 practice hours completed successfully and approved through Exxat or InPlace <i>Note: less than 87.5 practice hours are allowed only if the total number of practice hours completed between NURS 5389 and NURS 5199 total 200.</i>	Pass/Fail
<b>Total</b>	<b>100%</b>

### Grading Scale:

Specific guidelines and grading criteria for all assignments are in the Modules. Final grades for the course will be determined based upon the following point assignments:

- A - 90-100
- B - 80-89
- C - 70-79
- D - 60-69
- F - Below 60

Grades will not be rounded when calculating the average (79.5 is not rounded to 80, and 89.5 is not rounded to 90). Students are required to achieve an average of 80% (B) to complete the course successfully.

**Academic Integrity:** Cheating of any kind, as defined in Section 8 of the UT Tyler Manual of Policies and Procedures (MOPP) for Student Affairs (<https://www.uttyler.edu/mopp/>), will not be tolerated. Consequences may include:

- reprimand
- exam failure
- course failure
- expulsion from the Nursing program
- expulsion from the University
- other consequences as assigned

**Exam and homework materials, questions, and problems are the intellectual property of faculty, UT Tyler, or publishers.**

- These materials may not be distributed without permission.
- Distributing or uploading them to online resources destroys the integrity of the assignment and the course, allowing others an unfair advantage by letting them view the materials.
- Uploading these materials to online resources is a violation of UT Tyler's academic misconduct policies and may result in formal conduct charges.
- Sanctions for uploading or otherwise divulging the contents of these materials can include:
  - a reduced or failing grade on an assignment
  - a reduced or failing grade for the course
  - removal from the Nursing program
  - removal from UT Tyler

**Late Policy:** 5% will be deducted each day an assignment is past due unless prior arrangements have been made with your course faculty. Extenuating circumstances may apply.

**Repeating a Course:** Students repeating this course may not use previously submitted assignments nor utilize the same patients for an assignment. Submitting the same or slightly modified assignments from previous semesters is considered self-plagiarism and is subject to academic discipline, including failing the assignment or the course.

**Attendance and Make-up Policy:** Attendance/participation is expected. Make-up for exams, quizzes, assignments, and missed clinical time is at the instructor's discretion.

**Graded Course Requirements Information:**

The following is an overview of the major graded assignments.

In this class, students will complete clinical hours (112.5 hours minimum) by demonstrating their competencies in three required areas – quality, safety, and informatics. Multiple simulated activities in these areas must be completed with a minimum of 80 out of 100 possible points for successful completion.

There is also an evidence-based or community project that is unique to each student, consisting of a minimum of 16 clinical hours. Details will be provided in the Canvas course and during course orientation.

**Please Note:** Detailed information, along with grading rubrics for course assignments, will be provided in Canvas.

**Important Course Dates:**

**Classes Begin:** January 8, 2026

**Census Date (withdraw without penalty):** January 21, 2026

**Last Date to Withdraw:** Marcy 24, 2026. Students, please notify your course faculty and contact your advisor.

**Final Exam:** N/A

**Course Topics**

A variety of nursing informatics practice activities are provided in Canvas. Students will select from the activities based on experience and interest to further develop their skills as a nurse informaticist.

**Student Resources and University Policies are provided in Canvas.**

**University Guidelines on the Use of Artificial Intelligence applications by faculty and students**

UT Tyler is committed to exploring and using artificial intelligence (AI) tools as appropriate for the discipline and task undertaken. We encourage discussing AI tools' ethical, societal, philosophical, and disciplinary implications. All uses of AI should be acknowledged as this aligns with our commitment to honor and integrity, as noted in UT Tyler's Honor Code. Faculty and students must not use protected information, data, or copyrighted materials when using any AI tool. Additionally, users should be aware that AI tools rely on predictive models to generate content that may appear correct but is sometimes shown to be incomplete, inaccurate, taken without attribution from other sources, and/or biased. Consequently, an AI tool should not be considered a substitute for traditional approaches to research. You are ultimately responsible for the quality and content of the information you submit. Misusing AI tools that violate the

guidelines specified for this course (see below) is considered a breach of academic integrity. The student will be subject to disciplinary actions as outlined in UT Tyler's Academic Integrity Policy.

For this course AI is encouraged during the course, and appropriate acknowledgment is expected. You are encouraged to explore using artificial intelligence (AI) tools, such as Copilot, for assignments and assessments. Any such use must be appropriately acknowledged and cited, following the guidelines established by the APA Style Guide, including the specific version of the tool used. The submitted work should include the exact prompt you used to generate the content and the AI's complete response as an appendix. Because AI-generated content is not necessarily accurate or appropriate, you must assess the validity and applicability of any submitted AI output. You will not earn full credit if inaccurate, invalid, or inappropriate information is found in your work.
