TBD	3	Elective or Cognate	
TBD	3	Elective or Cognate	
TBD	3	Elective or Cognate	

Total Credits 36

Elective courses should be chosen to enhance the student's area of professional interest and skill development. These courses may be taken in any discipline, but must be 3 credit hour, graduate level (5000) courses. Selecting either nursing education or nursing informatics courses may lead to a post-master's certificate either concurrent with, or after, conferral of the MSN degree. Additional information about certificate options is available from the graduate nursing advisor.
