

UT Tyler Methodology – HEERF II

- 1) UT Tyler HEERF II Awarding Methodology Funding process
 - A) Students will fill out an online form to request the grant. Students will specify COVID-19 related expenditures by Cost of Attendance (COA) categories. Students will also indicate whether or not they choose to apply the grant award to their account balance.
 - B) The application will remain open for a three-week period.
 - C) Students will be notified of award status within 1-2 weeks of application closing.
 - D) If a student is awarded, the funds will pass through their student account, but will not apply to any outstanding charges, unless affirmative student approval to do so is on file. Grants for which students elected to receive directly will be refunded to the student through the refund preference they have selected with BankMobile. UT Tyler has partnered with BankMobile Disbursements to deliver financial aid and other school refunds to UT Tyler students.
 - E) Need prioritization will be determined based on students with the greatest need, such as Pell Grant recipients, established by the FAFSA EFC.
 - F) The maximum grant is \$6,000.
 - G) To calculate each students award: For each COA category, whichever is less from TABLE 1 value (determined by category and enrollment for current term) and the amount requested by the student, is applied to the total student award.

TABLE 1:

Need	Full-Time	¾ Time	Half-Time	Less Than ½ Time
Tuition and fees	7700	5775	3850	1925
Food	2000	1500	1000	500
Course Material	650	488	325	163
Health Care	500	375	250	125
Housing	2850	2138	1425	713
Technology	500	375	250	125
Child Care	650	488	325	163
Personal	1000	750	500	250

- H) Funds will be awarded based on need prioritization until all allocated funds are exhausted for the term of application.
