One Thing UT Tyler Should Not Change
- "The overall experience of the Graduate School at UT Tyler has been phenomenal, there is nothing that I would change." - College of Arts and Sciences student
- "The quality of all the professors. Everyone throughout the program was understanding, easy to contact, and genuinely wants their students to succeed." - College of Nursing and Health Sciences student
- "The reliance on and reference to current research was great. It helped me to become more conversant and comfortable searching through original studies and articles." - College of Education and Psychology student
- "The research opportunities and encouragement provided by professors in small classes and independent research." - College of Engineering student
- "The people! Everyone I called to ask for help has been nothing but supportive and receptive. Very prompt with answering questions and responding to emails, from the very beginning of the program until this day." - Soules College of Business student
- How kind and supportive the faculty/staff were throughout my education experience. - Fisch College of Pharmacy student
