Course Description

This course is an introduction to drawing; students will become familiar with materials, general techniques, and methods used in drawing. Students will develop their skills of observation and learn how to effectively interpret three-dimensional information to paper. In this course students will be introduced to the concepts and media involved in contemporary drawing. Students will cultivate their vocabulary to participate in art critiques and conversations.

Course Expectations

The primary focus of Drawing 1 is the refinement of technical skills in observational drawing. The student is expected to commit to the course with a desire to build on and improve their drawing skills and technique. Every student is capable of growth regardless of their level of accomplishment in drawing. Secondly, the student will become familiarized with contemporary drawing concepts and approaches to enhance the motion, expression and success of their drawings.

The instructor will define specific technical and formal assignments, and students will present completed works during regularly scheduled critiques. Participation in critiques, showing completed works on time, and active discussion is expected of every student.

Students may expect to spend at least 5-6 hours per week working in the studio and drawing outside of class time in regularly scheduled sketchbook assignments.

Artificial Intelligence

UT Tyler is committed to exploring and using artificial intelligence (AI) tools as appropriate for the discipline and task undertaken. We encourage discussing AI tools' ethical, societal, philosophical, and disciplinary implications. All uses of AI should be acknowledged as this aligns with our commitment to honor and integrity, as noted in UT Tyler's Honor Code. Faculty and students must not use protected information, data, or copyrighted materials when using any AI tool. Additionally, users should be aware that AI tools rely on predictive models to generate content that may appear correct but is sometimes shown to be incomplete, inaccurate, taken without attribution from other sources, and/or biased. Consequently, an AI tool should not be considered a substitute for traditional approaches to research. You are ultimately responsible for the quality and content of the information you submit. Misusing AI tools that violate the guidelines specified for this course (see below) is considered a breach of academic integrity. The student will be subject to disciplinary actions as outlined in UT Tyler's Academic Integrity Policy.

For this course, **the use of AI is not permitted**. I expect all work students submit for this course to be their own. I have carefully designed all assignments and class activities to support your learning. Doing your own work, without human or artificial intelligence assistance, is best for your efforts in mastering course learning objectives

Attendance

Attendance is essential! This is a studio course, and as such, attendance is mandatory. Drawing I will meet 1 day a week. After missing 2 classes you may be dropped a full letter grade from your semester grade. Students with 3 absences may be penalized 2 letter grades, students with 3 absences should consider dropping the course. Any student with 4 or more absences will be assigned a failing grade for this course.

Students are expected to arrive early and be prepared for class by the scheduled start time. Leaving class early will be counted against the student's attendance. Any absence, with the exception of emergencies, will adversely affect grades. (*SB 412 defines students who are parents as students who are the caregiver for a child 18 and under.)

Student Absence for University Sponsored Events and Activities

The best manner of contacting me is via email: lhubbard@uttyler.edu. While I prefer email, I do respond to Canvas messages. I also use Canvas announcements so make sure to check often. I typically check my email and Canvas daily, but please allow 24 hrs. for a response. I will not answer email on the weekend (Saturday and Sunday). When using email, please adhere to proper email etiquette. Without proper subject line, respectful salutations, or clear content, I will not engage you with a response.

Facility Access & Studio Lab Safety and Mechanical Safety Training Studio facility access is for enrolled students only. Students are required to use appropriate safety equipment (PPE) and practice safe operation procedures when using any hazardous equipment or materials. All students must successfully complete the lab safety training and mechanical safety training and quizzes on Canvas and complete an Art Safety Agreement through Canvas before after hours access to the complex is granted. Failure to adhere to the terms of the Art Safety Agreement will result in the loss studio facility access.

Personal Protective Equipment (PPE) For your safety, you must follow all safety requirements established by the department and university. It is required that you provide you own Personal Protective Equipment for use in studio areas. This equipment includes: dust mask with at least a N95 rating and attached filter, safety glasses, ear protection, gloves, close-toed shoes, and appropriate clothing. Failure to use this equipment while working may result in the loss of studio privileges.

Materials and Chemicals Any additional materials or chemicals not included on the course material list must be approved by the faculty member in charge of the area where the chemical (material) will be used prior to the material/chemical being brought into the studio. Students are responsible for notifying the studio technician of any new materials/chemicals the day they are brought to the studio in order to insure that the appropriate Safety Data Sheet is on file and in the SDS binder.

Labels for any new, approved chemicals brought into the art studios must include the following information when they are transferred to a new container or if the original chemical label is damaged: Name of Chemical, Date chemical was opened, and any basic hazards associated with the chemical. Labels are located in each studio and must be filled out and adhered to the container immediately.

UNIVERSITY POLICIES

Covid-19

It is important to take the necessary precautions to ensure a healthy and successful year. UT Tyler continues to urge you to protect yourselves against the flu, COVID and any new threats that may be developing. Be diligent about preventive measures such as washing hands, covering sneezes/coughs, social distancing and vaccinations, which have proven to be successful in slowing the spread of viruses. Encourage those who don't feel well to stay home, and if they show symptoms, ask them to get tested for the flu or COVID. Self-isolation is important to reduce exposure ([CDC quarantine/isolation guidelines](#)). Please work with your faculty members to maintain coursework and please consult [existing campus resources](#) for support.

Grade Replacement/Forgiveness and Census Date Policies

Students repeating a course for grade forgiveness (grade replacement) must file a Grade Replacement Contract with the Enrollment Services Center (ADM 230) on or before the Census Date of the semester in which the course will be repeated. (For Fall, the Census Date is Sept. 12.) Grade Replacement Contracts are available in the Enrollment Services Center or at <http://www.uttyler.edu/registrar>. Each semester's Census Date can be found on the Contract itself, on the Academic Calendar, or in the information pamphlets published each semester by the Office of the Registrar.

Failure to file a Grade Replacement Contract will result in both the original and repeated grade being used to calculate your overall grade point average. Undergraduates are eligible to exercise grade replacement for only three course repeats during their career at UT Tyler; graduates are eligible for two grade replacements. Full policy details are printed on each Grade Replacement Contract.

The Census Date (Sept. 12th) is the deadline for many forms and enrollment actions of which students need to be aware. These include:

- Submitting Grade Replacement Contracts, Transient Forms, requests to withhold directory information, approvals for taking courses as Audit, Pass/Fail or Credit/No Credit.
- Receiving 100% refunds for partial withdrawals. (There is no refund for these after the Census Date)
- Schedule adjustments (section changes, adding a new class, dropping without a "W" grade)
- Being reinstated or re-enrolled in classes after being dropped for non-payment
- Completing the process for tuition exemptions or waivers through Financial Aid

State-Mandated Course Drop Policy

Texas law prohibits a student who began college for the first time in Fall 2007 or thereafter from dropping more than six courses during their entire undergraduate career. This includes courses dropped at another 2-year or 4-year Texas public college or university. For purposes of this rule, a dropped course is any course that is dropped after the census date (See Academic Calendar for the specific date).

Exceptions to the 6-drop rule may be found in the catalog. Petitions for exemptions must be submitted to the Enrollment Services Center and must be accompanied by documentation of the extenuating circumstance. Please contact the Enrollment Services Center if you have any questions.

At that time the instructor will set a date and time when make-up assignments will be completed.
