Course Description

You will enhance your professional skillset through experiential training in your internship, group discussion sessions, individual reading and reflection, and practical assignments. We will meet regularly to integrate your practical training with other lessons in professional development.

To receive academic credit for this course, you must:

- 1) Complete a full-time (32-40 hours/week) internship based in the Washington, D.C. area. If you do not have an internship at the start of the semester, you must participate in sessions led by Sally Lawrence to support your internship search. To fulfill the internship hours required for this three-credit internship course, you are expected to secure an internship no later than Friday, June 12. You must meet the requirements of your internship office, satisfy all internship-related requirements of the Archer Program, and conduct yourself according to university rules.
- 2) Prepare for, attend, and actively participate during all scheduled course sessions.
- 3) Complete all written assignments, including in-class Thoughts to Action and the end-of-term Summative Assignment.

Additionally, you may schedule one-on-one professional coaching sessions with me for support with more individual issues, opportunities, or concerns that you experience in the workplace. Please do this by emailing me for an appointment.

Note: Sally Lawrence (slawrence@utsystem.edu) is the Archer Center's Associate Director of Professional Development and Employer Relations. Please communicate proactively with Sally if you have questions about your internship requirements or significant concerns about your internship.

Student Learning Objectives

Assignments

In-Class Discussions, Reflections, and Thoughts to Action Exercises

A core goal of this class is to think critically, intentionally, and deeply about topics related to work and professional development. One way we will accomplish this is to engage individually and collectively on the topics assigned for each session.

Through individual written reflections, small group discussions, and individual and collaborative written and verbal exercises, you will apply the lessons from the weekly prep work to your internship and other Fellowship experiences.

You must complete the preparation work in advance of each session and bring to class a laptop or other device to complete and submit assignments in eLearning.

Your work product for each of the seven sessions (including Orientation) will be worth **10 points** and submitted via eLearning.

End-of-Term Summative Reflection

Reflection is one of the least recognized and practiced components of learning, yet it is essential to every element of our personal and professional growth. Your Archer Fellowship is a special opportunity to think deeply about what work means to you.

By the end of the term – after completing your internship and weekly assignments – you will have a substantial collection of experiences and ideas about your professional skills, strengths, values, and goals.

Your final requirement will be a summative writing assignment using your notes, assignments, and other materials. You may have a choice among several prompts depending on your professional needs or preferences.

Your work product will be worth **30 points** and submitted via eLearning by **July 21 at 11:59 PM**.

Grading Policy

Weight	Requirement
75%	Completion of full-time internship
25%	Attendance and active engagement in group sessions and completion of all assignments, including in-class individual and group work (total of 70 points) and end-of-term summative reflection (30 points).

Final grades will be reported to your home UT System institution by July 31, and posted in accordance with their respective grade submission deadlines.

Note: UT System campuses vary in their use of the +/- grading scale. Grades for students enrolled at campuses that do not follow this system will be reported as follows: A (90-100), B (80-89), C (70-79), D (60-69), F (59 or lower).

Attendance

Internship: You are expected to meet the requirements of your internship office and satisfy all internship-related requirements of the Archer Fellowship. Inform your internship supervisor at the beginning of the semester about required Archer Center classes/events that conflict with regular internship working hours. You must obtain permission from your internship supervisor to attend Archer Center events that conflict with regular internship working hours.

Class: Please record the dates of your group sessions in your calendar immediately to avoid conflicts. You must attend your assigned group's session (no switching group's) and complete work each week.

If you are unable to attend a session, it is your responsibility to inform me as soon as possible. Excused absences are limited generally to personal illness, an emergency related to an immediate family member, or a religious holiday. You *may* be able to makeup an excused absence depending on the nature of the class assignment.

Your internship or related events are NOT considered excuses to miss class. There are NO makeup opportunities for unexcused absences. Each unexcused absence will reduce your final course grade by 5-points (e.g. if you earn a 94 but have one unexcused absence, I will record an 89; if you have two unexcused absences, I will record an 84; and so on).

Guidance on the Use of AI

A central objective of this course is self-reflection: spending time in your head with your thoughts about who you are professionally (and personally) and what you want, need, and expect from work. This is hard! But it's necessary if you're to understand your own beliefs and values, goals and expectations. DO NOT let anyone or anyTHING do it for you.

Course Policies

Classroom Citizenship

I hope it goes without saying that we all must treat each other with courtesy and grace. We come from different backgrounds, experiences, and perspectives, and they will affect how we understand and process our roles as interns, Fellows, and citizens of DC this semester. Being polite and thoughtful in our interactions with each other is absolutely required.

Class Recordings

Unless the AccessAbility Resource Center has approved the student to record the instruction, students are expressly prohibited from recording any part of this course. Recordings may not be published, reproduced, or shared with those not in the class, or uploaded to other online environments except to implement an approved AccessAbility Resource Center accommodation. Failure to comply with these University requirements is a violation of the [Student Code of Conduct](#).

Students considering sharing personal information in email or in person should be aware that all University staff, faculty, teaching assistants/associates, and graduate/research assistants are required by UT Dallas policy to report information about sexual misconduct to the UT Dallas Title IX Coordinator. Student Conduct and Discipline

The University of Texas System [Regents' Rule 50101](#) and UT Dallas have rules and regulations for the orderly and efficient conduct of their business. It is the responsibility of each student and each student organization to be knowledgeable about the rules and regulations which govern student conduct and activities. General information on student conduct and discipline is contained in the Student Complaints Resources within the online [UT Dallas Undergraduate Catalog](#), and the [Graduate Catalog](#).

UT Dallas administers student discipline within the procedures of recognized and established due process. Procedures are defined and described in the ([Student Code of Conduct, UTDSP5003](#)). Copies of these rules and regulations are available to students in the Office of Community Standards and Conduct, where staff members are available to assist students in interpreting the rules and regulations (SSB 4.400, 972-883-6330) and online at [their webpage](#).

A student at the University neither loses their rights nor escapes the responsibilities of citizenship. He or she is expected to obey federal, state, and local laws as well as the Regents' Rules, university regulations, and administrative rules. Students are subject to discipline for violating its standards of conduct whether such conduct takes place on or off campus, or whether civil or criminal penalties are also imposed for such conduct.

Social Media Use

The [Student Code of Conduct](#) includes behaviors conducted via any digital platform. Students may not use any digital platform to seek or provide unauthorized assistance for any assignment done for academic credit. Students may not use any digital platform to impersonate or represent any person other than themselves. Please consult with your instructor regarding authorized assistance.

Academic Integrity

The faculty expects from its students a high-level of responsibility and academic honesty. Because the value of an academic degree depends upon the absolute integrity of the work done by the student for that degree, it is imperative that a student demonstrates a high standard of individual honor in his or her scholastic work. Additional information is provided within their website.

Academic Dishonesty: Academic dishonesty can occur in relation to any type of work submitted for academic credit or as a requirement for a class. It can include individual work or a group project. Academic dishonesty includes plagiarism, cheating, fabrication, and collaboration/collusion. In order to avoid academic dishonesty, it is important for students to fully understand the expectations of their professors. This is best accomplished through asking clarifying questions if an individual does not completely understand the requirements of an assignment.

Additional information related to academic dishonesty and tips on how to avoid dishonesty may be found [on their website](#).

Military-Affiliated Students

At the University of Texas at Dallas, we are committed to supporting our military and veteran students and their spouses and dependents as they pursue their academic goals. Recognizing the unique challenges faced by those who have served, we strive to create a welcoming and supportive environment. Please contact your instructor if you are on active duty, called to serve, or if any aspect of your current or past military service, or your family situation, makes it challenging to meet the course requirements or affects your academic progress. Your instructor is committed to supporting you and will work with you to address any complications.

The Military and Veteran Center ([MVC](#)) offers a range of resources and referrals to campus and community partners, ensuring that our military and veteran students can access the assistance they need. Whether it is academic advising, financial aid, or personal support, the MVC is dedicated to helping our students succeed and thrive in their educational journey.

Student Grievance Procedures

Procedures for student grievances are found in the university policy [UTDSP5005](#). In attempting to resolve any student grievance regarding disputes over grades, application of degree plan, graduation/degree program requirements, and thesis/and dissertation committee, adviser actions and/or decisions, evaluations, and/or other fulfillments of academic responsibility, it is the obligation of the student first to make a serious effort to resolve the matter with the instructor, supervisor, administrator, or committee with whom the grievance originated.

Accommodations for Students with Disabilities

The University of Texas at Dallas is committed to providing reasonable accommodations for all persons with disabilities. The syllabus is available in alternate formats upon request. If you are seeking classroom accommodations under the Americans with Disabilities Act (2008), you are required to register with the [AccessAbility Resource Center \(ARC\)](#), located in the Administration Building, Suite 2.224. They can be reached by [email](#), calling 972-883-2098, or at their [website](#). To receive academic accommodations for this class, please register and request services by completing the Request for Services form with the proper documentation and meeting with the Director of ARC at the beginning of the semester.

Religious Holy Days

UT Dallas will excuse a student from class or other required activities, including examinations and travel time, for the observance of a religious holy day for a religion whose places of worship are exempt from property tax under Section 11.20, of the *Texas Tax Code*. Students are encouraged to notify the instructor or activity sponsor as soon as possible regarding the absence, preferably in advance of the assignment.

Excused students will be allowed to take missed exams or complete assignments within a reasonable time after the absence: a period equal to the length of the absence, up to a maximum of one week. A student who notifies the instructor and completes any missed exam or assignment may not be penalized for the absence. A student who fails to complete the exam or assignment within the prescribed period may receive a failing grade for that exam or assignment.

If a student or an instructor disagrees about the nature of the absence [i.e., for the purpose of observing a religious holy day] or if there is similar disagreement about whether the student has been given a reasonable time to complete any missed assignments or examinations, either the student or the instructor may request a ruling from the school's vice or associate dean, who serve as the President's designees for these rules. The vice or associate deans must take into account the legislative intent of *Texas Education Code* 51.911(b), and the student and instructor will abide by the decision of the vice or associate dean.

This information is also included in the online UT Dallas [Undergraduate Catalog](#), and the [Graduate Catalog](#).
