## **GRADING**

**Credit (CR):** The student has shown evidence of learning and development and has met the minimal learning required to proceed to the next sequence of clinical skill development, either a more advanced internship or internship; There are no major concerns about the student's learning progress and/ or advancement in the program. Professional and/or skill development concerns will be discussed during individual supervision.

**No Credit (NC):** The core clinical mental health and school counseling faculty recommend that the student be placed on a remediation plan and not be admitted to the next sequenced clinical learning experience. The expectation is that the student genuinely aspires to learn and meet the standards of best practice in counseling, which requires awareness and use of ACA policies (e.g., ACA Code of Ethics).

## **ATTENDANCE & PARTICIPATION**

Students are expected to attend class by checking in online at least once a week to listen to lectures and participate in class assignments. Students are also expected to participate to the synchronous meetings on Zoom at the assigned dates mentioned in the course calendar.

**Students are required to attend all synchronous meetings.** Due to the abbreviated nature of our live meetings, one absence from a live class will result in a full letter grade reduction AND a remedial assignment, and two absences will result in a failing grade for this course. Students who arrive to a live class more than 20 minutes late or leave more than 20 minutes early will not receive attendance credit for the class.

### **Class Punctuality & Participation:**

Students are expected to attend classes on time. Participation is an essential component of this course. Students are expected to come to class fully prepared with completed assignments to

participate in class activities and discussions actively.

\*Students should be fully present in class. This means child care should be provided for young children, other electronic distractors should be turned off, family members should not be in the room, etc. \*The location/room where you Zoom with the class each week must be private, and you must maintain a confidential environment conducive to supervision and discussion of client information.

## **INTERNSHIP COURSE POLICIES**

### **Case Notes and Record Keeping:**

Client files and case notes must be complete and maintained with confidentiality. Please only use the specific forms the site supervisor and/or instructor indicated. Work with your site supervisor to devise a plan to secure the records according to the procedures used at your internship site.

### **Bi-Weekly Counseling Logs:**

Each student is required to keep a weekly log of direct and indirect counseling activities. Logs must be signed by the student and site supervisor and turned in to Canvas every two weeks. The semester cumulative log is due at the end of the course. These documents are located in Canvas.

**Video recording of sessions is a requirement for this class** to assess your clinical skills. You will utilize these recordings with your site supervisor and group supervision during your weekly supervision. You cannot complete or pass an internship if you do not record your sessions regularly (i.e., weekly). *New legislation has impacted what school districts allow. If you work in a school district that does not allow recordings, we will discuss alternate options.*

## **CEP VISION AND MISSION AND PROGRAM STANDARDS**

### **Vision:**

*The CEP will be a global leader in responding to needs in the fields of education, psychology, and counseling, with a focus on the East Texas region, by creating innovative academic and scholarly pathways and partnerships.*

### **Mission:**

*The mission of the CEP is to prepare competent and passionate professionals in the fields of education, psychology, and counseling; to advance knowledge and expertise; and to impact these fields locally, regionally, nationally, and internationally.*

## **DEPARTMENT AND CLASSROOM POLICIES**

### **Cell Phones and Other Distractions:**

Please turn all cell phones and other electronic equipment off or on silent (not vibrate) when you enter class. To create a respectful class environment, please refrain from texting, checking messages, etc. In the case of an emergency when you must use your cell phone, please alert the instructor before class. Students caught texting during class will be called on specifically to

answer questions concerning class lectures or discussions and will be asked to turn off their phones. Repeated offenses warrant a private discussion with the instructor and may impact your course grade.

### **Patriot E-Mail:**

University policy requires that all e-mail correspondence between students and instructor be done via the Patriot account. Check your Patriot E-Mail frequently. Announcements pertaining to class or departmental business will be sent to the student's Patriot account. In accord with university policy your instructor will respond only to student correspondence sent via Patriot E-mail. Please do not contact the instructor via the Canvas messaging system.

### **ADDITIONAL REQUIREMENTS & INFORMATION**

**Insurance: Professional liability insurance is required.** All students must obtain professional liability insurance, prior to commencing any counseling activity. You may choose any insurance provider you wish for your liability coverage. As a student member of ASCA, you receive insurance through ASCA at no cost to you through their website.

### **Ethical Behavior and Professional Conduct:**

Professional conduct is expected of all students in the performance of counseling and related activities. Students must adhere to the ACA code of ethics, the laws governing counselors (LPCs) in Texas, and the policies of the UT Tyler Psychology and Counseling department. It is assumed that you have completed the ethics course prior to this class and that you know the ACA and ASCA ethical codes, understand the concept of "standard of care/practice", and are familiar with Texas laws governing your obligation as a mandated reporter (CPS reporting). If you are unfamiliar with these basics, inform the instructor during the first class session. Required remedial activities, a grade of incomplete, a failing grade, or dismissal from the class are potential consequences for engaging in unprofessional behavior.

### **Emergencies:**

Within the first three days of beginning your site assignment, you must review the campus and district emergency policies and procedures including the suicide/crisis policy and procedures. You will be required to submit the acknowledgement and/or procedures to Canvas.

This must be discussed with your site supervisor and documented in your weekly log. We will also review in class how to evaluate client emergencies and make appropriate referrals.

Emergency procedures will include a minimum of the following:

1. Immediately contacting the site supervisor and/or the school administration.
2. Documentation every 30 minutes throughout the incident (ex: time, date, client interaction, counselor actions, directions given by site supervisor and/or school administration, interaction with student's guardians, appropriate referral sources, etc.).

3. Summary of incident including outcome, referral, etc.

**Security of Records:**

You are responsible for the CONFIDENTIALITY and security of all client records both written and electronic according to HIPPA, FERPA and IDEA regulations. Clients records should remain secured in their appropriate location at all times. All records will comply with HIPPA, FERPA and IDEA regulations. You must also comply with the school and district confidentiality policies and procedures. Do not e-mail any client records or other identifying information. Email is not a secure method of communication.

**INFORMED CONSENT STATEMENT FOR COUNSELING COURSES**

Faculty members are dedicated to the educational, personal, and professional growth and development of our students. Faculty members are in a unique position as both instructors who assess students' academic skills and members of the counseling profession with an ethical obligation to the profession. In both of these roles, it is the faculty's responsibility to evaluate student competencies within the realm of professional counseling and to address any concerns regarding students' professional competence. As such please be aware of the following information regarding this course: 1. The counseling profession encourages that counselors fully integrate their own personal attributes and identity, as well as their strengths and weaknesses, into therapeutic processes.

1. Therefore, self-awareness is critical because this knowledge relates to being an effective therapist.
2. There will be an emphasis in many courses on self-awareness/exploration and giving feedback to peers. Although uncomfortable, we often encourage students to be open to self-exploration, since we frequently ask clients to do so.
3. At times, class may include experiential and self-awareness exercises. It is important to distinguish between sharing one's emotional reactions to such experiential class activities and revealing information about one's personal history. Self-disclosure of personal history is not required to successfully pass any course; however, students may be expected to share their reactions to experiential activities.
4. Self-disclosures will not be used as a basis for grading in any course. However, should a student disclose information indicating impairment or the potential for harm to clients, the faculty member may take appropriate action in accordance with the ACA Code of Ethics (2014).
5. Students often experience personal growth as they progress through the program. However, the courses are not meant to be a means of personal therapy. The focus in classes is on self-awareness and the enhancement and growth of necessary counselor skills.
6. Please be aware that although all instructors strive to create a safe environment for any personal disclosures, we cannot guarantee that other students will maintain the confidentiality of any such disclosures.
7. It is each student's responsibility to determine an appropriate level of self-disclosure (i.e.

the content and depth of personal information that you share) in experiential learning activities.

### **PSYCHOLOGY AND COUNSELING RETENTION POLICY**

Faculty, training staff, supervisors, and administrators of the Psychology and Counseling graduate programs at the University of Texas at Tyler have a professional, ethical, and potentially legal obligation to: (a) establish criteria and methods through which aspects of competence other than, and in addition to, a student-trainee's knowledge or skills may be assessed (including, but not limited to, emotional stability and well-being, interpersonal skills, professional development, and personal fitness for practice); and, (b) ensure, insofar as possible, that the student-trainees who complete our programs are competent to manage future relationships (e.g., client, collegial, professional, public, scholarly, supervisory, teaching) in an effective and appropriate manner. Because of this commitment, and within the parameters of our administrative authority, our faculty, training staff, supervisors, and administrators strive not to advance, recommend, or graduate students or trainees with demonstrable problems (e.g., cognitive, emotional, psychological, interpersonal, technical, and ethical) that may interfere with professional competence to other programs, the profession, employers, or the public at large.

As such, within a developmental framework, and with due regard for the inherent power difference between students and faculty, students and trainees should know that the faculty, training staff, and supervisors of our programs will evaluate their competence in areas other than, and in addition to, coursework, seminars, scholarship, or related program requirements. These evaluative areas include, but are not limited to, demonstration of sufficient: (a) interpersonal and professional competence (e.g., the ways in which student trainees relate to clients, peers, faculty, allied professionals, the public, and individuals from diverse backgrounds or histories); (b) self-awareness, self-reflection, and self-evaluation (e.g., knowledge of the content and potential impact of one's own beliefs and values on clients, peers, faculty, allied professionals, the public, and individuals from diverse backgrounds or histories); (c) openness to processes of supervision (e.g., the ability and willingness to explore issues that either interfere with the appropriate provision of care or impede professional development or functioning); and (d) resolution of issues or problems that interfere with professional development or functioning in a satisfactory manner (e.g., by responding constructively to feedback from supervisors or program faculty; by the successful completion of remediation plans; by participating in personal counseling/therapy in order to resolve issues or problems). [Adapted from the Comprehensive Evaluation of Student-Trainee Competence in Professional Psychology Programs statement developed by the Student Competence Task Force of the APA Council of Chairs of Training Councils (CCTC), (<http://www.apa.org/ed/graduate/cctc.html>), approved March 25, 2004 (2012-2014 Graduate Catalog).

### **EVALUATING STUDENT FITNESS AND PERFORMANCE**

Members of the faculty, using professional judgment, continuously evaluate each student's fitness and performance. Students receive information related to their fitness and performance from faculty members, their advisors, and their supervisors. The criteria used by the faculty to make such judgments include instructor's observations of course performance, evaluations of students' performances in simulated practice situations, supervisors' evaluations of students' performances in practice situations, and the disciplines' codes of ethics. Students are formally evaluated at least annually by the program faculty. Detailed information about procedures for student evaluations, progress review, retention, and for addressing concerns about student progress are available at the department website: <http://www.uttyler.edu/psychology/>.

Students who are not making satisfactory progress or who are not meeting program standards should consider withdrawing from the program. In this context, the term "unsatisfactory progress in the program" refers to an academic judgment made regarding the student's fitness and performance. It is a determination that the student has failed to meet academic and/or professional standards.

### **OTHER**

Students are strongly encouraged to read The University of Texas at Tyler's Graduate Catalog especially regarding issues such as academic grievance, plagiarism and cheating, etc. The policies stipulated in the catalog will be strictly enforced.

Papers and presentations are expected to follow APA format. Please see Canvas course content or the APA Publication Manual, 7th edition, for more information. If you do not have a copy of the APA Manual, please obtain a copy as soon as possible. Do not solely rely on your word processing program for APA formatting.

Many assignments for this course will be electronically submitted through a plagiarism checker. It is strongly suggested that students check their papers for plagiarism and grammatical errors and make any necessary adjustments before submitting them. For help writing papers without plagiarism, please consult the APA Publication Manual, 6th edition, or visit the Writing Center.

#### **Grade Replacement/Forgiveness and Census Date Policies:**

Students repeating a course for grade forgiveness (grade replacement) must file a Grade Replacement Contract with the Enrollment Services Center (ADM 230) on or before the Census Date of the semester in which the course will be repeated. Grade Replacement Contracts are available in the Enrollment Services Center or at <http://www.uttyler.edu/registrar>. Each semester's Census Date can be found on the Contract itself, on the Academic Calendar, or in the information pamphlets published each semester by the Office of the Registrar.

Failure to file a Grade Replacement Contract will result in both the original and repeated grade being used to calculate your overall grade point average. Undergraduates are eligible to exercise grade replacement for only three course repeats during their career at UT Tyler; graduates are eligible for two grade replacements. Full policy details are printed on each Grade Replacement Contract.

The Census Date is the deadline for many forms and enrollment actions of which students need to be aware. These include:

1. Submitting Grade Replacement Contracts, Transient Forms, requests to withhold directory information, approvals for taking courses as Audit, Pass/Fail, or Credit/No Credit.
2. Receiving 100% refunds for partial withdrawals. (There is no refund for these after the Census Date.)
3. Schedule adjustments (section changes, adding a new class, dropping without a "W" grade.)
4. Being reinstated or re-enrolled in classes after being dropped for non-payment.
5. Completing the process for tuition exemptions or waivers through Financial Aid

#### **State-Mandated Course Drop Policy:**

Texas law prohibits a student who began college for the first time in Fall 2007 or thereafter from

dropping more than six courses during their entire undergraduate career. This includes courses dropped at another 2-year or 4- year Texas public college or university. For purposes of this rule, a dropped course is any course that is dropped after the census date (See the Academic Calendar for the specific date.) Exceptions to the 6-drop rule may be found in the catalog. Petitions for exemptions must be submitted to the Enrollment Services Center and must be accompanied by documentation of the extenuating circumstance. Please contact the Enrollment Services Center if you have any questions.

### **Student Accessibility and Resources:**

### **Student Absence for University-Sponsored Events and Activities:**

## **Student Standards of Academic Conduct:**

Disciplinary proceedings may be initiated against any student who engages in scholastic dishonest, including, but not limited to, cheating, plagiarism, collusion, the submission for credit of any work or materials that are attributable in whole or in part to another person, taking an examination for another person, any act designed to give unfair advantage to a student or the attempt to commit such acts.
