

Mundir Gridda, DNP, CRNA

LICENSURE

Registered Nurse, Texas Initial Issue 6/23/2016 Valid until 08/31/2026

APRN, CRNA, Texas Initial issue 3/20/2022 Valid until 08/31/2026

Licence number: 1072728

EDUCATION

2022 Baylor College of Medicine, Houston

Doctor of Nursing Practice, Nurse Anesthesia

2016 University of Texas Health at San Antonio Bachelor's of

Science in Nursing

2014 Alamo City Colleges, San Antonio

Biology major

2007 Malcolm X College, Chicago

Polysomnographic training

PROFESSIONAL WORK EXPERIENCE

United States Anesthesia Partners (USAP) CRNA April 2022- Present

Methodist Willowbrook Hospital

- Neurosurgical anesthesia including craniotomies, craniectomies, burr-hole, LVA (large vessel Occlusion in IR), and VP shunts.
- CV and thoracic anesthesia including pericardial windows, thoracotomies, thorascopies, and Ion-robot bronchoscopies, including single lung ventilation and intermittent mandatory ventilation.
- Advanced robotic surgery including bariatric, hernia, colo-rectal, urologic, and general surgery.
- OB and GYN surgeries including C-sections, suction D&C, total hysterectomies, total vaginectomies, LEEP procedures, and many other GYN cases.
- Urological cases including nephrectomies, cystoscopies, and TURP/ TURBTs.
- Non-OR anesthesia including Cath lab, IR, MRI, TEE and GI lab.
- Independent placement of arterial line, central lines, ETT, and venous lines.
- Medical supervision environment with great autonomy.
- Teaching of SRNAs, medical residents, and medical students in airway management, total anesthesia care, and critical care concepts.

Memorial Hermann CVICU, *Registered Nurse II Nov 2017- Jan 2019*

- Cared for critically ill post-operative patients with aneurysm repair, endovascular and trans-aortic valve replacement, mini MVR, and other patients requiring ICU post-surgical cardiovascular care.
- Monitoring and titration of lumbar drains in aneurysm repair patients.
- Trained and certified in the use of CCRT and Balloon pump.
- Utilized hemodynamic monitoring to assess patient status using Swan-Ganz catheter, arterial lines, paired gases, SvO₂, Cardiac output and index.
 - Collaborate with Physicians and advanced practice providers to provide safe and comprehensive treatment to patients under my care.

Methodist Hospital SICU, *Registered Nurse I June 2016 – Nov 2017*

- Provided nursing care to post-surgical patients including heart transplants, open heart surgery (transplant, CABG, and valves), total radical neck dissection and free flap, and other critically ill patients.
- Administered medications and interventions including: responding to code blue and rapid responses, administering massive blood transfusions, CPR, performed IV/IM/Subcutaneous injections, indwelling catheter insertions, sterile central line dressing changes, trach/ventilator care & electrocardiogram application and interpretation.
- Member of Hospital Sepsis committee.
- Assisted physicians with cardioversions, central/arterial line insertions, emergency bedside sternotomy and chest tube insertions, temporary pacemaker placement and other ICU/Surgical procedures.
- Participated in shift report and collaborated with a multidisciplinary team to provide best possible health outcomes for the patients.

Alamo Sleep Disorders Center, *Technical Director*

July 2009- Dec 2014

- Managed technical, human resources, and clinical operations.
- Responsible for staff hiring, scheduling, & office marketing.
- Achieved successful AASM (American Academy of Sleep Medicine) accreditation for the facility.
- Directed employee training and continuing education for staff.

Midwest Pulmonary and Sleep, *Lab Manager Dec 2007-July 2009*

- Performed NPSG, MSLT, MWT, CPAP/BPAP/ASV titration.
 - Conducted patient education, scoring and staging of completed polysomnograms, mask fitting, and other EEG diagnostic studies.

- Managed inventory, scheduling, marketing, & human resources.

CERTIFICATIONS

- **CRNA** (Certified Registered Nurse Anesthetist) -
- **CCRN** (American Association of Critical Care Nurses) - 5/7/18
- **NIHSS** (NIH Stroke Scale International) Certified- 1/31/2018
- **ACLS** (Advanced Cardiac Life Support) certified
- **PALS** (Pediatric Advanced Life Support) certified
- **BLS** (Basic Life Support) certified.

ACHIEVEMENTS

-
- Baccalaureate with Latin honors distinction: *Magna cum laude*
- Inducted into the ***Sigma Theta Tau*** honor society for BSN
- **Former RPSGT** Registered Polysomnographic Technologist – Nov 2007 (Board of registered polysomnographic technologists)
- **Former RST** Registered Sleep Technologist - Aug 2011 (American Board of Sleep Medicine).
- Completion of advanced heart transplant course, EKG interpretation course, and advanced hemodynamics
