COURSE OVERVIEW/ LEARNING OUTCOMES
This is an Independent Study course for MFA candidates; therefore candidates must have been accepted into the MFA program, be in good standing, and gained permission from the Graduate Coordinator as well as the candidate’s Graduate Committee in order to participate. Candidates are expected to have established a strong direction for their work, and be prepared to function at a high level within the conservatory tradition. The intent of this course is to provide candidate’s opportunity to develop technical, conceptual, methodological, and formal possibilities in response to the candidate’s existing tendencies. Candidates are expected to accept the challenges of developing multiple works simultaneously, which could be considered as variations on the form. *Candidates must develop thorough bodies of works, which endeavor to expand the degrees of sophistication, complexity, and experimentation. Candidates are expected to push themselves to become more informed contemporary artists. We expect candidates to make an impressive quantity of work.

COURSE EXPECTATIONS
The number of required works depends greatly on the complexity and scale of each "cycle" of work. Students are required to produce multiple related works simultaneously. Students will have the opportunity for individual critiques by the professor, as well as scheduled group critiques. Please take advantage of conversation outside of the scheduled studio time, by communicating with the professor and your peers. Schedule an individual discussion, email ideas/questions, call. Benefit from your artistic community by challenging yourself and your colleagues to push one another to improve.

GRADUATE COMMITTEE CRITIQUES/UPDATES
Graduate students are required to schedule regular critiques/updates by members of their graduate committee at least once every month during each semester in which the candidate is registered for credit (it is important to realize that these critiques/updates may be with individual committee members, and need not be formal critiques. The critique/update is intended to maintain an appropriate level of communication between student and committee members). It is the candidate’s responsibility to schedule these critiques/updates and to maintain a critique confirmation form signed by the professor who conducts the critique/update. This form must be turned in to the graduate coordinator at the end of each semester.

Facility Access & Studio Lab Safety Training
Studio facility access is for enrolled students only. Students are required to use appropriate safety equipment (PPE) and practice safe operation procedures when using any hazardous equipment or materials. All students must successfully complete the lab safety training and quiz on Blackboard and complete an Art Safety Agreement before after hours access to the complex is granted. Failure to adhere to the terms of the Art Safety Agreement will result in the loss studio facility access.

Personal Protective Equipment (PPE)
For your safety, you must follow all safety requirements established by the department and university. It is required that you provide your own Personal Protective Equipment for use in studio areas. This equipment includes: dust mask with at least a N95 rating and attached filter, safety glasses, ear protection, gloves, close-toed shoes, and appropriate clothing. Failure to use this equipment while working may result in the loss of studio privileges.

**Materials and Chemicals**

Any additional materials or chemicals not included on the course material list must be approved by the faculty member in charge of the area where the chemical (material) will be used prior to the material/chemical being brought into the studio. Students are responsible for notifying the studio technician of any new materials/chemicals the day they are brought to the studio in order to insure that the appropriate Safety Data Sheet is on file and in the SDS binder.

Labels for any new, approved chemicals brought into the art studios must include the following information when they are transferred to a new container or if the original chemical label is damaged: Name of Chemical, Date chemical was opened, and any basic hazards associated with the chemical. Labels are located in each studio and must be filled out and adhered to the container immediately.

**Grade Replacement/Forgiveness and Census Date Policies**

Students repeating a course for grade forgiveness (grade replacement) must file a Grade Replacement Contract with the Enrollment Services Center (ADM 230) on or before the Census Date of the semester in which the course will be repeated. Grade Replacement Contracts are available in the Enrollment Services Center or at http://www.utttyler.edu/registrar. Each semester’s Census Date can be found on the Contract itself, on the Academic Calendar, or in the information pamphlets published each semester by the Office of the Registrar.

Failure to file a Grade Replacement Contract will result in both the original and repeated grade being used to calculate your overall grade point average. Undergraduates are eligible to exercise grade replacement for only three course repeats during their career at UT Tyler; graduates are eligible for two grade replacements. Full policy details are printed on each Grade Replacement Contract.

The Census Date is the deadline for many forms and enrollment actions that students need to be aware of. These include:

- Submitting Grade Replacement Contracts, Transient Forms, requests to withhold directory information, approvals for taking courses as Audit, Pass/Fail or Credit/No Credit.
• Receiving 100% refunds for partial withdrawals. (There is no refund for these after the Census Date)
• Schedule adjustments (section changes, adding a new class, dropping without a “W” grade)
• Being reinstated or re-enrolled in classes after being dropped for non-payment
• Completing the process for tuition exemptions or waivers through Financial Aid

**Mandated Course Drop Policy**

Texas law prohibits a student who began college for the first time in Fall 2007 or thereafter from dropping more than six courses during their entire undergraduate career. This includes courses dropped at another 2-year or 4-year Texas public college or university. For purposes of this rule, a dropped course is any course that is dropped after the census date (See Academic Calendar for the specific date). Exceptions to the 6-drop rule may be found in the catalog. Petitions for exemptions must be submitted to the Enrollment Services Center and must be accompanied by documentation of the extenuating circumstance. Please contact the Enrollment Services Center if you have any questions.
