Student Evaluation:
Your final semester grade will be based on exams, a debate paper and presentation, ethics simulation, response paper, and class participation. Your final grade will be calculated as follows:

1. Exams (3)  300 pts
2. Debate/Presentation  75
3. Simulation Ex.  25
4. Response Paper  25
5. Yellow Dig  25
6. Participation  50
Total  500

Grades will be determined based on your total number of points earned, as follows:
A = 448-500
B = 398-447
C = 348-397
D = 298-347
1. Exams: Two semester exams and a final exam will be given, each worth 100 points. The exams will consist of multiple choice and essay questions. These questions will require you to demonstrate knowledge and understanding of substantive concepts and terminology, as well as the ability to apply the concepts to specific fact situations. Neither the semester exams nor the final will be comprehensive. **MAKE-UP EXAMS WILL NOT BE GIVEN. IF YOU CANNOT TAKE AN EXAM AT THE SCHEDULED TIME, YOU MUST CONTACT ME PRIOR TO THE EXAM AND ARRANGE AN ALTERNATE TEST TIME.**

2. Debate Paper/Presentation/YellowDig: The class will be divided into groups of approximately 4-5 people. Each group will be assigned to a research topic relating to business ethics, and your debate group will research and develop arguments either for or against your assigned topic. A discussion board site will be available for your group to develop arguments in support of your topic. Dates are designated in the syllabus for debate presentations. To allow the rest of us to be prepared for your debate, you will each be required to post your research to YellowDig, a free social learning site. Additional details will be provided on Blackboard. To complete this assignment, you will need to pin articles to YellowDig and comment on articles pinned by others. **This is worth 25 points.**

Your group will present your arguments to the class on your assigned day. Debate presentations will be no more than 40 minutes for both groups including Q&A. Your debate will be graded on how well you address the ethical issues and questions posed, additional issues from outside research, as well as your use of proper speech technique (diction, eye contact, use of filler words, etc.). The presentation will be made in front of the class, and each student in the group is expected to speak. A Q&A session will follow each debate in which you should be prepared to answer questions from your colleagues. **This is worth 25 points.**

Along with your presentation, your group will turn in a 6-7 page paper, double-spaced and typed in 12 point font, which presents your group’s argument. To successfully complete the paper, you must engage in outside research to gather information. Your assessment should evaluate, for example, ethical issues, how the company reacted, what should have been done to prevent the problem, or how the company should prevent such situations in the future, as well as any additional issues pertinent to the topic. Written papers are due in class on the day of the presentation. **LATE PAPERS WILL NOT BE ACCEPTED.** You will be graded on your completion of the assignment as directed, as well as your grammar, punctuation, sentence structure, and paragraph organization. In addition, **I expect you to properly cite to other sources when you use them according to the APA or MLA format. This is worth 50 points.**

3. Ethics Simulation: Each team will complete a behavioral ethics simulation. During the simulation you will assume a role within an organization and deal with an ethical dilemma from the perspective of that individual. You will each be given different roles within the organization and come together to collectively resolve a company-wide ethics issue. Group recommendations will be made in the form of a short managerial report (1 per team – 2-3 pages each) addressing the group’s short-term, mid-range, and long-term recommendations for the company. These will be completed in class, and **you must be present to receive credit.**

4. Response Paper: This requires one essay of 3-4 doubled spaced, typed pages where you will respond to a set of questions based on your personal experiences. Write in complete sentences, with no misspelled words and no major grammatical errors. Inevitably, there is subjectivity in reading and grading essays, but I seek to apply a consistent standard to and distribute grades in a fair and equitable manner. I will not grade you based on whether I agree with you or like your conclusions; I will reward strong reasoning, relevance to and application of ethical concepts developed in class and class materials, and good writing.

5. Class Participation: We will discuss chapters, articles and cases in class as assigned in the syllabus, and you should be prepared to discuss all assigned material. Your preparation (or lack of preparation) to discuss a case or chapter will be noted. In addition, classroom professionalism should be maintained at all times. When the instructor is speaking or when students are presenting their work, the classroom should be silent. Cell phones should be “turned off” during class, laptop computers used for class activities, and students are expected to wear professional dress during presentations. Also, your group members will evaluate your
efforts in preparation for the team presentation, and that evaluation will be included in this grade. In addition, your attendance throughout the semester will be used as a component in your participation grade. Attendance will be taken from a sign-in sheet that will be circulated during class. You will only receive attendance credit if you attend ALL of the class.

College of Business Statement of Ethics: The ethical problems facing local, national and global business communities are an ever-increasing challenge. It is essential the College of Business & Technology help students prepare for lives of personal integrity, responsible citizenship, and public service. In order to accomplish these goals, both students and faculty of the College of Business & Technology at The University of Texas at Tyler will:
   - Ensure honesty in all behavior, never cheating or knowingly giving false information.
   - Create an atmosphere of mutual respect for all students and faculty regardless of race, creed, gender, age or religion.
   - Develop an environment conducive to learning.
   - Encourage and support student organizations and activities.
   - Protect property and personal information from theft, damage and misuse.
   - Conduct yourself in a professional manner both on and off campus.

Academic Dishonesty Statement
The faculty expects from its students a high level of responsibility and academic honesty. Because the value of an academic degree depends upon the absolute integrity of the work done by the student for that degree, it is imperative that a student demonstrates a high standard of individual honor in his or her scholastic work.

Scholastic dishonesty includes, but is not limited to, statements, acts or omissions related to applications for enrollment of the award of a degree, and/or the submission, as one’s own work of material that is not one’s own. As a general rule, scholastic dishonesty involves one of the following acts: cheating, plagiarism, collusion and/or falsifying academic records. Students suspected of academic dishonesty are subject to disciplinary proceedings.

University regulations require the instructor to report all suspected cases of academic dishonesty to the Dean of Students for disciplinary action. In the event disciplinary measures are imposed on the student, it becomes part of the students’ official school records. Also, please note that the handbook obligates you to report all observed cases of academic dishonesty to the instructor.

If a team project is found to include plagiarism, the project will receive a zero.
