## Course Structure:
To achieve course goals, students will be required to:
1. Read Powerpoint course slides and textbook chapters.
2. Attend Classes
3. Take every test and quiz.
4. Visit course on Canvas regularly.
Course Evaluation Methods

This course will utilize the following instruments to determine student grades and proficiency of the learning outcomes for the course.

1. Four tests: The lowest test score will be dropped from the computation of your course grade.

*In-class tests* will consist of written tests designed to measure students’ knowledge and understanding of course material. Exam questions will consist of primarily of short-answer questions and include some problems and essay-type questions.

*Online tests* will be designed to measure students’ knowledge and understanding of course material. Tests will generally cover the topics discussed or presented in class, however, other material may be identified as exam material when appropriate.

Once you begin a test, you will be given a certain amount of time, depending on its length, to complete it. You can take the test at any time during the test period. Note that you are allowed only *ONE* attempt per test so please make sure you study the module material thoroughly before you begin and can devote sufficient time to complete the test. **Unless specified otherwise, each test period generally begins at noon on Sunday and ends at midnight on Thursday.** Please note that each test will be only available for a limited time so check the course calendar and plan accordingly.

2. Group project: The class will be divided into groups of 2 students each. Each group will be assigned a financial institution upon which to present a 20-25 minute report. The report must consist of the following elements: Description of the institution, an account of a recent conflict of interest or other ethical issue related to the institution, and valuation of the financial institution. This project focuses on Asset Valuation application and analysis that meets CFA content requirement. The written report should be approximately 10 pages with sources fully cited. **All members of the group will receive the same base grade based on the presentation and the report, adjusted by a peer evaluation by the other members of the group.**

3. Assignments and Quizzes: At the discretion of the instructor, there may be various pop-quizzes, homework assignments. These activities are intended to supplement and reinforce course material. A student may be responsible for completing an activity in or outside of class.

**Extra Credit:** Students may be given opportunities to earn extra credit at the instructor’s discretion. Some possible sources of extra credit include online bonus quizzes to be announced on Canvas.

**Exam policy:**

*Exams and quizzes should be taken as schedule; assignments should be submitted by the due date.*

*No makeup examinations, quizzes, or assignments will be allowed* except for documented emergencies (official evidence documents are required). The student should make every effort to contact the instructor prior to the exam. All requests for make-up or accommodation made *after* the due date for an assignment or deadline for a test will be rejected without any further consideration.

**WARNING:** Attempts to change your grade at the end of the semester by asking the instructor to “round up” or by asking for further extra credit will be ignored.

**Grade Determination:**

- A = 90% or better
- B = 80 – 89.99%
- C = 70 – 79.99%
- D = 60 – 69.99%
- F = less than 60%

To determine your course grade percentage, take the total number of points that you earned (including the 3 highest tests, project, quizzes, and bonus points), then divide that number by the number of total possible points, i.e. 500.

**Canvas Access**

All class materials, course grades, and class announcements will be posted by Canvas. To access our course, visit uttyler.edu/canvas. You are encouraged to participate in Canvas 101, a practice course designed specifically for UT Tyler students to learn and refine Canvas skills. You can practice submitting assignments, participating in quizzes, customize your profile and notifications, plus get collaboration and Canvas tips.

**Important points when using Canvas:**

1. Login using UT Tyler credentials. Contact itsupport@uttyler.edu for login assistance.
2. Use the HELP button at the bottom left corner of Canvas if you need assistance 24/7.
3. Reference your Student Canvas Guide for additional resources.

If you have issues with Canvas access that may hinder your completion of course assignments or quizzes, you must contact UT Tyler’s IT Support staff immediately (even on weekends) and get a ticket number. You must also inform the instructor of the issue BEFORE the due date for the assignment or quiz. Claims of Canvas access problems without a ticket number or ones reported to the instructor after the passing of the deadline will be dismissed without any further consideration. Deadlines may be extended only in case of Canvas system-wide issues reported by the university. All other Canvas-related issues are regarded as personal-level access issues and you must get them resolved without letting them interfere with your coursework. Personal-level access issues are not valid reasons to ask for deadline extension.
Course Outline
This schedule is subject to change by the instructor. Over the course of the semester, activities and items may be added, removed, or rescheduled in order to provide more information, improve accuracy, enhance learning, or correct errors. Any changes to this schedule will be communicated by instructions in class, announcements in Canvas, and/or Canvas email to students.
