why industrial mgmt

1. Industrial managers, schedulers, and quality managers earn some of the top salaries in most companies ($70,000 & up).
2. Most full time students can finish the degree in less than two years.
3. Competitive academic scholarships of $1,000 are offered.
4. Some companies pay for your course work.
5. An additional degree shows employers that you will go the extra mile and be a valuable asset to their company.
6. An additional degree may help you with job security if corporate downsizing strikes your company.
7. Most individuals with graduate degrees earn from $10,000-$20,000 more annually. This equates to $300,000-$600,000 over the 30 yrs. that most people work.
8. This degree will enhance your ability for advancement in the manufacturing, process, & construction related industries as well as jobs in business, government, and education.

accreditation

Accredited by The Association to Advance Collegiate Schools of Business (AACSB) and The Association of Technology, Management, and Applied Engineering (ATMAE), the College of Business and Technology (CBT) provides an outstanding education. Graduate students are instilled with our Core Values: Professional Proficiency, Technological Competence, Global Awareness, Social Responsibility, and Ethical Courage.
A Master of Science in Industrial Management prepares graduates to assume leadership roles and positions in a variety of industrial, processing, and/or construction industries as well as leadership positions in business, government, and education. The specific educational objectives of the program are to: Provide students with leadership experiences for developing skills necessary to manage personnel in an industrial setting; Familiarize students with philosophies and strategies currently used for improving production; Provide students with further technical knowledge in areas such as quality assurance, industrial safety, and automated production; Familiarize students with research methods and techniques commonly used to solve problems in industrial settings.

- Only 12 courses to graduate.
- Only graduate Industrial Management program offered entirely online or face-to-face in Texas.
- Easy access to cutting edge curriculum for industrial managers on the go.

Students must complete a graduate application and send their official transcripts* to the UT Tyler Office of Graduate Admissions. The required application is available online through www.uttyler.edu/graduate

Other requirements include a satisfactory score on the General Test of the Graduate Record Examination (GRE), satisfactory undergraduate grade point average (GPA), and 2 letters of recommendation. For more program information, contact the CBT Graduate Advising Office.
